II. Background

On October 20, 2016, FMCSA published a notice announcing its decision to renew exemptions for 10 individuals from the Epilepsy and Seizure Disorders prohibition in 49 CFR 391.41(b)(8) to operate a CMV in interstate commerce and requested comments from the public (81 FR 72663). The public comment period ended on November 21, 2016, and one comment was received on January 12, 2017, FMCSA published a second notice announcing its decision to renew exemptions for the same 10 individuals from the Epilepsy and Seizure Disorders prohibition in 49 CFR 391.41(b)(8) to operate a CMV in interstate commerce and requested comments from the public (81 FR 72663). The public comment period ended on February 13, 2017, and no comments were received.

As stated in the previous notice, FMCSA has evaluated the eligibility of these applicants and determined that renewing these exemptions would achieve a level of safety equivalent to or greater than the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(8).

The physical qualification standard for drivers regarding epilepsy found in 49 CFR 391.41(b)(8) states that a person is physically qualified to drive a CMV if that person:

Has no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause the loss of consciousness or any loss of ability to control a CMV.

In addition to the regulations, FMCSA has published advisory criteria to assist Medical Examiners in determining whether drivers with certain medical conditions are qualified to operate a CMV in interstate commerce. [49 CFR part 391, APPENDIX A TO PART 391—MEDICAL ADVISORY CRITERIA, section H. Epilepsy: § 391.41(b)(8), paragraphs 3, 4, and 5.]

III. Discussion of Comments

In response to the October 20, 2016, notice, FMCSA received one comment in support of Mr. Troff receiving an exemption. No comments were received in response to the January 12, 2017 notice.

IV. Conclusion

Based upon its evaluation of the 10 renewal exemption applications and comments received, FMCSA confirms its decision to exempt the following drivers from the Epilepsy and Seizure Disorders requirement in 49 CFR 391.41(b)(8), subject to the requirements cited above.

As of June 9, 2016, David Crowe (VA), has satisfied the renewal conditions for obtaining an exemption from the Epilepsy and Seizure Disorders prohibition in 49 CFR 391.41(b)(8), from driving CMVs in interstate commerce (81 FR 72663). This driver was included in FMCSA–2013–0109. This exemption was effective on June 9, 2016, and will expire on June 9, 2018.

As of June 24, 2016, the following 9 individuals have satisfied the renewal conditions for obtaining an exemption from the Epilepsy and Seizure Disorders prohibition in 49 CFR 391.41(b)(8) from driving CMVs in interstate commerce (81 FR 72663):

Travis Arend (VA)
Heath Crowe (LA)
Richard Degnan (AZ)
Peter DellaRocco (PA)
Domenick Panfie (NJ)
Scott Reaves (TX)
Milton Tatham (NV)
Thomas Tinchler (VA)
Duane Troff (MN)

These drivers were included in FMCSA–2013–0444. These exemptions were effective June 24, 2016, and will expire June 24, 2018.

In accordance with 49 U.S.C. 31315, each exemption will be valid for two years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

Issued on: May 26, 2017.
