Foreign-Trade Zones Board [B-27-2017]

Foreign-Trade Zone (FTZ) 43—Battle Creek, Michigan, Notification of Proposed Production Activity, Pfizer, Inc., (Pharmaceutical Products), Kalamazoo, Michigan

Pfizer Inc. (Pfizer) submitted a notification of proposed production activity to the FTZ Board for its facility in Kalamazoo, Michigan within Subzone 43E. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on April 12, 2017.

Pfizer already has authority to produce certain pharmaceutical products within Subzone 43E. The current request would add finished products and a foreign status material/component to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status material/component and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Pfizer from customs duty payments on the foreign-status material/components used in export production. On its domestic sales, Pfizer would be able to choose the duty rate during customs entry procedures that apply to crisaborole (EucrisaTM) (duty free) in finished product and bulk form for the

foreign-status material/component noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The material/component sourced from abroad is crisaborole—active pharmaceutical ingredient (duty rate 6.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is July 17, 2017.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

Foreign-Trade Zone (FTZ) 80—San Antonio, Texas, Notification of Proposed Production Activity, DPT Laboratories, Ltd., (Pharmaceutical Products), San Antonio, Texas

DPT Laboratories, Ltd. (DPT) submitted a notification of proposed production activity to the FTZ Board for its facilities in San Antonio, Texas. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on April 17, 2017.

The request indicates that a separate application for subzone designation for two DPT facilities under FTZ 80 will be submitted. Any such application would be processed under Section 400.38 of the Board's regulations. The facilities will be used to produce certain pharmaceutical products. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status material/component and specific finished products described in the submitted notification (as described

below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt DPT from customs duty payments on the foreign-status material/componens used in export production. On its domestic sales, DPT would be able to choose the duty rate during customs entry procedures that apply to crisaborole (EucrisaTM) (duty free) in finished product and bulk form for the foreign-status input noted below. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The material/component sourced from abroad is crisaborole—active pharmaceutical ingredient (duty rate 6.5%)

Foreign-Trade Zones Board

[B-28-2017]

Foreign-Trade Zone 186—Waterville, Maine Application for Production Authority, Flemish Master Weavers, Subzone 186A, (Machine-Made Woven Area Rugs), Sanford, Maine

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the City of Waterville, Maine, grantee of FTZ 186, requesting production authority on behalf of Flemish Master Weavers (FMW), located within Subzone 186A in Sanford, Maine. The application conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.23) was docketed on April 18, 2017.

The FMW facility (127 employees, 4.08 acres) is used for the production of machine-made woven area rugs. FMW already has restricted FTZ authority to produce area rugs using polypropylene and polyester yarns in privileged foreign status (19 CFR 146.41), which precludes inverted tariff benefits on those inputs (see 81 FR 51850, August 5, 2016).

The pending application requests authority for FMW to use imported continuous filament polypropylene yarn in non-privileged foreign status (19 CFR 146.42). If the application were approved, on its domestic sales, FMW would be able to choose the duty rate during customs entry procedures that applies to machine-made woven area rugs (duty free) for the imported continuous filament polypropylene yarn (otherwise dutiable at 8%). Customs duties also could possibly be deferred or reduced on foreign-status production equipment. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the FTZ Board's regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is August 7, 2017. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to August 21, 2017.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.
