Analysis of Comments Received

All issues raised in this sunset review, including the likelihood of continuation or recurrence of dumping and the magnitude of the margin of dumping likely to prevail if the Suspension Agreement is terminated, are addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov and is available in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at http://enforcement.trade.gov/ftr.

Final Results of Review

Pursuant to section 752(c) of the Act, the Department determines that termination of the Suspension Agreement and suspended investigation on uranium from the Russian Federation would likely lead to continuation or recurrence of dumping, and that the magnitude of the margin of dumping likely to prevail if the suspension agreement is terminated would be 115.82 percent.

Certain Pasta From Italy: Notice of Final Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On March 17, 2017, the Department of Commerce (Department) published the preliminary results of the changed circumstances review (CCR) of the antidumping duty order on certain pasta from Italy and preliminarily determined that Francesco Tamma S.p.A. (Tamma) is not the successor-in-interest to Tamma Industrie Alimentari Capitanata S.r.l. (TIAC), the company affiliated with Delverde, S.r.l. (Delverde), which was excluded from the order on pasta from Italy. We received comments from interested parties. Based on our analysis, for the final results, the Department continues to find that Tamma is not the successor-in-interest to TIAC.

Background

On July 24, 1996, the Department published in the Federal Register the antidumping duty order on pasta from Italy, which included Delverde and its affiliate TIAC (collectively, Delverde/ TIAC). Pursuant to a decision by the Court of International Trade, on remand, the Department determined that Delverde/ TIAC had a de minimis dumping margin and should be excluded from the order on pasta from Italy. In accordance with a decision from the World Trade Organization (WTO), the United States Trade Representative subsequently directed the Department to revise the all-others rate for the Pasta Order to 15.45 percent ad valorem. In 2014, the Department conducted a CCR of Delverde Industrie Alimentari S.p.A. (Delverde S.p.A.) and found that Delverde S.p.A. was not the successor-in-interest to Delverde based on aspects of the bankruptcy of Delverde, changes in management, changes in supplier relationships, and changes in production facilities. Thus, the Department found that Delverde S.p.A. was not entitled to the exclusion from the Pasta Order that was originally granted to Delverde, a defunct entity.

On July 29, 2016, American Italian Pasta Company, Dakota Growers Pasta Company, and New World Pasta Company (the petitioners) filed a request for the Department to initiate a CCR of Tamma to determine whether Tamma is the successor-in-interest to TIAC, the company excluded from the Pasta Order that was previously affiliated with the now defunct Delverde. On September 13, 2016, we initiated a CCR with respect to Tamma.

On March 21, 2017, the Department issued the Preliminary Results of this CCR, in which it determined that Tamma is not the successor-in-interest to TIAC, the company in the Delverde/ TIAC entity, which was excluded from the Pasta Order.

Pursuant to Court Decision and Revocation in Part: Certain Pasta from Italy, 66 FR 65889 (December 21, 2001).

This letter requests an administrative review and changed circumstances review of Tamma. On August 11, 2016, the petitioners refiled this review request to clarify the specific company names requested for review.

In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at http://enforcement.trade.gov/frn/. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

**Final Results of Changed Circumstances Review**

Based on the record evidence and our analysis of the comments received, the Department continues to find that Tamma is not the successor-in-interest to TIAC pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.216. \(^12\)

**Instructions to U.S. Customs and Border Protection**

As a result of this determination, the Department will instruct U.S. Customs and Border Protection to collect estimated antidumping duties for all shipments of subject merchandise produced and/or exported by Tamma and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the Federal Register at the 15.45 percent all-others rate established in the antidumping duty investigation, as modified by the section 129 determination. \(^13\) This cash deposit requirement shall remain in effect until further notice.

**Notification to Interested Parties**

This notice serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.306. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing this final results notice in accordance with sections 751(b) and 777(i) of the Act, and 19 CFR 351.216 and 351.221(c)(3).
