Rule 19b-7 and Form 19b-7; SEC File No. 270-495, OMB Control No. 3235-0553

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("SEC" or "Commission") is soliciting comments on the existing collection of information provided for in Rule 19b-7 (17 CFR 240.19b-7) and Form 19b-7—Filings with respect to proposed rule changes submitted pursuant to Section 19b(7) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act"). The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

The Exchange Act provides a framework for self-regulation under which various entities involved in the securities business, including national securities exchanges and national securities associations (collectively, self-regulatory organizations or "SROs"), have primary responsibility for regulating their members or participants. The role of the Commission in this framework is primarily one of oversight; the Exchange Act charges the Commission with supervising the SROs and assuring that each complies with and advances the policies of the Exchange Act.

The Exchange Act was amended by the Commodity Futures Modernization Act of 2000 ("CFMA"). Prior to the CFMA, federal law did not allow the trading of futures on individual stocks or on narrow-based stock indexes (collectively, "security futures

products"). The CFMA removed this restriction and provided that trading in security futures products would be regulated jointly by the Commission and the Commodity Futures Trading Commission ("CFTC").

The Exchange Act requires all SROs to submit to the SEC any proposals to amend, add, or delete any of their rules. Certain entities (Security Futures Product Exchanges) would be notice registered national securities exchanges only because they trade security futures products. Similarly, certain entities (Limited Purpose National Securities Associations) would be limited purpose national securities associations only because their members trade security futures products. The Exchange Act, as amended by the CFMA, established a procedure for Security Futures Product Exchanges and Limited Purpose National Securities Associations to provide notice of proposed rule changes relating to certain matters.¹ Rule 19b-7 and Form 19b-7 implemented this procedure. Effective April 28, 2008, the SEC amended Rule 19b-7 and Form 19b-7 to require that Form 19b-7 be submitted electronically.²

The collection of information is designed to provide the Commission with the information necessary to determine, as required by the Exchange Act, whether the proposed rule change is consistent with the Exchange Act and the rules thereunder. The information is used to determine if the proposed rule change should remain in effect or abrogated.

The respondents to the collection of information are SROs. Three respondents file an average total of approximately 3 responses per year.³ Each response takes approximately 12.5 hours to complete and each amendment takes approximately 3 hours to complete, which correspond to an estimated annual response burden of 37.5 hours ((3 rule change proposals ×

¹ These matters are higher margin levels, fraud or manipulation, recordkeeping, reporting, listing standards, or decimal pricing for security futures products; sales practices for security futures products for persons who effect transactions in security futures products; or rules effectuating the obligation of Security Futures Product Exchanges and Limited Purpose National Securities Associations to enforce the securities laws. See 15 U.S.C. 78s(b)(7)(A).

² See Securities Exchange Act Release No. 57526 (March 19, 2008), 73 FR 16179 (March 27, 2008).

³ There are currently four Security Futures Product Exchanges and one Limited Purpose National Securities Association, the National Futures Authority. However, two Security Futures Product Exchanges currently do not trade security futures products and, as a result, have not been filing proposed rule changes. Therefore, there are currently three respondents to Form 19b-7.

12.5 hours) + (0 amendments ⁴ × 3 hours)). The average internal cost of compliance per response is \$4,761 (11.5 legal hours multiplied by an average hourly rate of \$396 ⁵ plus 1 hour of paralegal work multiplied by an average hourly rate of \$207 ⁶). The total resulting internal cost of compliance for a respondent is \$14,283 per year (3 responses × \$4,761 per response).

In addition to filing its proposed rule changes and any amendments thereto with the Commission, a respondent is also required to post each of its proposals and any amendments thereto, on its Web site. This process takes approximately 0.5 hours to complete per proposal and 0.5 hours per amendment. Thus, for approximately 3 responses and 0 amendments,⁷ the total annual reporting burden on a respondent to post these on its Web site is 1.5 hours ((3 proposals per year × 0.5 hours per filing) + (0 amendments × 0.5 hours)). Further, a respondent is required to update its rulebook, which it maintains on its Web site, to reflect the changes that it makes in each proposal and any amendment thereto. Thus, for all filings that were not withdrawn by a respondent (0 withdrawn filings in calendar years 2014–2016) or disapproved by the Commission (0 disapproved filings in calendar years 2014–2016), a respondent was required to update its online rulebook to reflect the effectiveness of 3 filings on average, each of which takes approximately 4 hours to complete per proposal. Thus, the total annual reporting burden for updating an online rulebook is 12 hours ((3 filings per year – 0 withdrawn filings – 0 disapproved filings) × 4 hours).

Compliance with Rule 19b–7 is mandatory. Information received in response to Rule 19b–7 is not kept

confidential; the information collected is public information.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Extension:

Rule 17a–10; SEC File No. 270–154, OMB Control No. 3235–0122

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (“PRA”), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 17a–10, Report of Revenue and Expenses (17 CFR 240.17a–10), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (“Exchange Act”). The Commission plans to submit this existing collection of information to the

Office of Management and Budget (“OMB”) for extension and approval.

The primary purpose of Rule 17a–10 is to obtain the economic and statistical data necessary for an ongoing analysis of the securities industry. Paragraph (a)(1) of Rule 17a–10 generally requires broker-dealers that are exempted from the requirement to file monthly and quarterly reports pursuant to paragraph (a) of Exchange Act Rule 17a–5 (17 CFR 240.17a–5) to file with the Commission the Facing Page, a Statement of Income (Loss), and balance sheet from Part IIA of Form X–17A–5 ¹ (17 CFR 249.617), and Schedule I of Form X–17A–5 not later than 17 business days after the end of each calendar year.

Paragraph (a)(2) of Rule 17a–10 requires a broker-dealer subject to Rule 17a–5(a) to submit Schedule I of Form X–17A–5 with its Form X–17A–5 for the calendar quarter ending December 31 of each year. The burden associated with filing Schedule I of Form X–17A–5 is accounted for in the PRA filing associated with Rule 17a–5.

Paragraph (b) of Rule 17a–10 provides that the provisions of paragraph (a) do not apply to members of national securities exchanges or registered national securities associations that maintain records containing the information required by Form X–17A–5 and which transmit to the Commission copies of the records pursuant to a plan which has been declared effective by the Commission.

The Commission estimates that approximately 38 broker-dealers will spend an average of 12 hours per year complying with Rule 17a–10. Thus, the total compliance burden is estimated to be approximately 456 hours per year.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

¹ Form X–17A–5 is the Financial and Operational Combined Uniform Single Report (“FOCUS Report”), which is used by broker-dealers to provide certain required information to the Commission.

⁴ SEC staff notes that even though no amendments were received in the previous three years and that staff does not anticipate the receipt of any amendments, calculation of amendments is a separate step in the calculation of the PRA burden and it is possible that amendments are filed in the future. Therefore, instead of removing the calculation altogether, staff has shown the calculation as anticipating zero amendments.
