

interested parties; and local libraries and newspapers. This list also includes all affected landowners (as defined in the Commission's regulations), whose property may be used temporarily for project purposes, or who own homes within certain distances of aboveground facilities, and anyone who submits comments on the Project. The FERC will update the environmental mailing list as the analysis proceeds to ensure that the information related to this environmental review is sent to all individuals, organizations, and government entities interested in and/or potentially affected by the planned project.

Copies of the draft EIS will be sent to the environmental mailing list for public review and comment. If you would prefer to receive a paper copy of the document instead of a compact disc or would like to remove your name from the mailing list, please return the attached Information Request (Appendix 2).

Becoming an Intervenor

Once JCEP and PCGP file applications with the Commission, you may want to become an "intervenor," which is an official party to the Commission's proceeding. Intervenor play a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission's final ruling. An intervenor formally participates in the proceeding by filing a request to intervene. Motions to intervene are more fully described at <http://www.ferc.gov/resources/guides/how-to/intervene.asp>. Instructions for becoming an intervenor are in the "Document-less Intervention Guide" under the "e-filing" link on the Commission's Web site. Please note that the Commission will not accept requests for intervenor status at this time. You must wait until the Commission receives a formal application for the project.

BLM Administrative Remedy Process

Under the provisions of 43 CFR 1610.5-2, proposed decision(s) of the BLM to amend land management plans are subject to protest with the Director of the BLM following publication of the Final EIS. In accordance with 43 CFR, Part 4, the BLM's decision on the application for a right-of-way grant will be subject to appeal to the Interior Board of Land Appeals.

Administrative Review of Forest Service Decisions To Amend Land Management Plans

The proposed Forest Service plan amendments are being developed in

accordance with the planning regulations at 36 CFR 219 (2012). Decisions by the Forest Service to approve "plan level" amendments to Land Management Plans (proposed amendments UNF-4 and RRNF-7 in this Notice) are subject to the Pre-Decisional Administrative Review Process Regulations at 36 CFR 219 Subpart B. The term "plan level" refers to plan amendments that would apply to future management actions.

Decisions by the Forest Service to approve "project-specific" plan amendments (proposed amendments UNF-1 thru 3, RRNF-2 thru 6, and WNF-1 thru 5 in this Notice) are subject to the Administrative Review Process of 36 CFR 218 Subpart A and B, in accordance with 36 CFR 219.59 (b). The term "project specific" refers to amendments that would only apply to the proposed project and would not apply to any future management actions.

The Forest Service concurrence to BLM to issue a right-of-way grant would not be a decision subject to the NEPA and, therefore, would not be subject to the Forest Service administrative review procedures.

Additional Information

Additional information about the Project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC Web site (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number, excluding the last three digits in the Docket Number field (*i.e.*, PF17-4). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

Finally, public meetings or site visits will be posted on the Commission's calendar located at www.ferc.gov/EventCalendar/EventsList.aspx along with other related information.

Dated: June 9, 2017.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP17-19-000]

Valley Crossing Pipeline, LLC; Notice of Schedule for Environmental Review of the Border Crossing Project

On November 21, 2016, Valley Crossing Pipeline, LLC (Valley Crossing) filed an application in Docket No. CP17-19-000 pursuant to Section 3 of the Natural Gas Act seeking authorization and the issuance of a Presidential Permit to construct and operate certain natural gas transmission facilities for the purpose of exporting natural gas between the United States and Mexico. The proposed project is known as the Border Crossing Project (Project). The Project would deliver/export up to 2.6 billion cubic feet per day of natural gas to Mexico to serve electrical generation plants.

On December 2, 2016, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff's planned schedule for the completion of the EA for the Project.

Schedule for Environmental Review

Issuance of EA June 30, 2017.
 90-day Federal Authorization Decision Deadline September 28, 2017.

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

Valley Crossing proposes to construct and operate an approximately 1,000-

foot-long, 42-inch-diameter, natural gas transmission pipeline segment across the international boundary between the United States and Mexico that is under the Commission's jurisdiction. The Border Crossing Project would connect the non-jurisdictional Valley Crossing System with the Mexican Marina Pipeline. The international boundary crossing would occur in Texas state waters, approximately 30 miles east of Brownsville, Texas.

Background

On January 27, 2017, the Commission issued a *Notice of Intent to Prepare an Environmental Assessment for the Proposed Border Crossing Project and Request for Comments on Environmental Issues* (NOI). The NOI was sent to federal, state, and local government agencies; elected officials; and other interested parties. In response to the NOI, commenters expressed concerns regarding water quality, methane pollution, aquatic/marine life including threatened and endangered species, pipeline integrity, climate change, and cumulative impacts.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of all formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

Additional information about the Project is available from the Commission's Office of External Affairs at (866) 208-FERC or on the FERC Web site (www.ferc.gov). Using the "eLibrary" link, select "General Search" from the eLibrary menu, enter the selected date range and "Docket Number" excluding the last three digits (*i.e.*, CP17-19), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC Web site also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

Dated: June 9, 2017.

Kimberly D. Bose,
 Secretary.
