

Component plans of the RPMP include the NZE Study, Sustainability Plan (SP), and Integrated Pest Management Plan (IPMP) for the installation. The NZE Study balances the installation's future energy demand from buildings, industrial processes, fleet vehicles, and equipment with onsite and offsite renewable energy production. The SP provides a pathway for the installation to move toward compliance with relevant Federal mandates regarding sustainability. The IPMP is the installation's annual plan for its pest management program.

Implementation of the NZE Study, SP, and IPMP would enable the installation to reduce energy and fossil fuel use, increase alternative fuel use, achieve an NZE footprint, meet or exceed relevant Federal sustainability mandates, practice sound natural resources stewardship, comply with environmental policies and regulations, and reduce reliance on pesticides while reducing real property damage and maintenance costs.

Description of the No Action Alternative: Under the No Action Alternative, DLA would not implement the RPMP or its component plans. In general, implementation of the No Action Alternative would require DLA to continue using existing undersized and inefficient facilities and abandon the proposed facility expansion, infrastructure enhancement, sustainability improvement, and pest management actions of the RPMP and its component plans, which would hamper the ability of the installation to meet its current and future mission requirements. The No Action Alternative would not meet the purpose of and need for the Proposed Action.

Potential Environmental Impacts: No significant effects on environmental resources would be expected from the Proposed Action. Insignificant, adverse effects on noise, geological resources, water resources, biological resources, transportation and infrastructure, and hazardous materials and wastes would be expected. Insignificant, beneficial effects on land use and recreation, air quality, water resources, biological resources, transportation and infrastructure, and hazardous materials and wastes also would be expected. Details of the environmental consequences are discussed in the EA, which is hereby incorporated by reference.

Determination: DLA has determined that implementation of the Proposed Action will not have a significant effect on the human environment. Human environment was interpreted comprehensively to include the natural

and physical environment and the relationship of people with that environment. Specifically, no highly uncertain or controversial impacts, unique or unknown risks, or cumulatively significant effects were identified. Implementation of the Proposed Action will not violate any Federal, state, or local laws. Based on the results of the analyses performed during preparation of the EA and consideration of comments received during the public comment period, Ms. Denise Miller, Director, DLA Installation Support, concludes that implementation of the RPMP and its component plans at Defense Distribution Depot, San Joaquin, California, does not constitute a major Federal action significantly affecting the quality of the human environment within the context of NEPA. Therefore, an environmental impact statement for the Proposed Action is not required.

DEPARTMENT OF EDUCATION

[Docket No.: ED-2017-ICCD-0042]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

AGENCY: Office of Management (OM), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before July 17, 2017.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2017-ICCD-0042. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after*

the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 216-32, Washington, DC 20202-4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Stephanie Valentine, 202-401-0526.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.
OMB Control Number: 1880-0542.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 450,000.

Total Estimated Number of Annual Burden Hours: 225,000.

Abstract: This collection of information is necessary to enable the Agency to garner customer and stakeholder feedback in an efficient, timely manner in accordance with our commitment to improving service delivery. The information collected

from our customers and stakeholders will help ensure that users have an effective, efficient, and satisfying experience with the Agency's programs.

Dated: June 13, 2017.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9963-24-OA]

Notification of a Public Teleconference and Public Meeting of the Science Advisory Board Chemical Assessment Advisory Committee Augmented for the Review of EPA's Draft Ethyl Tertiary Butyl Ether (ETBE) and tert-Butyl Alcohol (tert-butanol; tBA) Assessments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces a public teleconference and a public face-to-face meeting of the SAB Chemical Assessment Advisory Committee augmented for the review of two EPA draft assessments: Toxicological Review for Ethyl Tertiary Butyl Ether (ETBE) (*External Review Draft, dated May 2017*); and Toxicological Review of tert-Butyl Alcohol (tert-butanol or tBA) (*External Review Draft, dated May 2017*) (CAAC augmented for ETBE/tBA Panel). A public teleconference will be held to learn about the development of the two EPA draft assessments and to discuss draft charge questions. A face-to-face meeting will be held to conduct a peer review of these assessments.

DATES: The public teleconference will be held on Tuesday, July 11, 2017, from 1 p.m. to 4 p.m. (Eastern Time). The public face-to-face meeting will be held from Tuesday, August 15, 2017 through Thursday, August 17, 2017, from approximately 8 a.m. to 5 p.m., (Eastern Time) daily.

ADDRESSES: The public teleconference will be held by telephone only. The public face-to-face meeting will be held at the Residence Inn Arlington Capital View, 2850 S. Potomac Ave., Arlington, VA 22202.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants further information concerning this meeting notice may contact Dr. Shaunta Hill-Hammond, Designated Federal Officer (DFO), via phone at (202) 564-3343, or email at hill-hammond.shaunta@epa.gov. General information about the SAB, as well as updates concerning the meeting announced in this notice, may be found on the EPA Web site at <http://www.epa.gov/sab>.

Technical Contact for EPA's Draft Reports: For information concerning the EPA draft assessments, please contact James Avery, phone (703) 347-8668 or via email at avery.james@epa.gov.

SUPPLEMENTARY INFORMATION:

Background: The SAB was established pursuant to the Environmental Research, Development, and Demonstration Authorization Act (ERDDAA), codified at 42 U.S.C. 4365, to provide independent scientific and technical advice to the Administrator on the scientific and technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. Pursuant to FACA and EPA policy, notice is hereby given that the SAB CAAC augmented for ETBE and tBA panel will hold a public teleconference and a public face-to-face meeting. The purpose of the teleconference is to learn about the development of the two EPA draft assessments on ETBE and tBA, and to discuss the draft charge questions. The purpose of the face-to-face meeting is to conduct a peer review of these two assessments.

In response to EPA's Office of Research and Development (ORD) request that the SAB conduct a peer review of two EPA draft assessments: (1) Toxicological Review of Ethyl Tertiary Butyl Ether (ETBE) and (2) Toxicological Review for tert-Butyl Alcohol (tert-butanol or tBA), the EPA SAB Staff Office augmented the SAB CAAC with subject matter experts, to provide advice to the Administrator through the chartered SAB regarding
