

Payment/ClinicalLabFeeSched/index.html?redirect=/ClinicalLabFeeSched/. Interested parties may submit written comments on the preliminary determinations for new and reconsidered codes by early October 2017, to the address specified in the **ADDRESSES** section of this notice or electronically to our CLFS dedicated email box, *CLFS_Annual_Public_Meeting@cms.hhs.gov* (the specific date for the publication of the determinations on the CMS Web site, as well as the deadline for submitting comments regarding the determinations, will be published on the CMS Web site). Final determinations for new test codes to be included for payment on the CLFS for CY 2018 and reconsidered codes will be posted on the CMS Web site in November 2017, along with the rationale for each determination, the data on which the determinations are based, and responses to comments and suggestions received from the public. The final determinations with respect to reconsidered codes are not subject to further reconsideration. With respect to the final determinations for new test codes, the public may request reconsideration of the basis and amount of payment as set forth in § 414.509.

III. Registration Instructions

The Division of Ambulatory Services in the CMS Center for Medicare is coordinating the CLFS public meeting registration. Beginning June 19, 2017, and ending July 14, 2017, registration may be completed on-line at *http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/ClinicalLabFeeSched/index.html?redirect=/ClinicalLabFeeSched/*. On this Web page, under the heading "Meeting Notice, Registration and Agenda," you will find a link entitled "Register for CLFS Annual Meeting." Click this link and enter the required information. All the following information must be submitted when registering:

- Name.
- Company name.
- Address.
- Telephone numbers.
- Email addresses.

When registering, individuals who want to make a presentation must also specify which new test codes they will be presenting comments. A confirmation will be sent upon receipt of the registration. Individuals must register by the date specified in the **DATES** section of this notice.

If not attending the CLFS public meeting in person, the public may view the meeting via webcast or listen by teleconference. During the public meeting, webcasting is accessible online

at *http://cms.gov/live*. Teleconference dial-in information will appear on the final Panel meeting agenda, which will be posted on the CMS Web site when available at *http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/ClinicalLabFeeSched/index.html?redirect=/ClinicalLabFeeSched/*.

IV. Security, Building, and Parking Guidelines

The meeting will be held in a Federal government building; therefore, Federal security measures are applicable. In planning your arrival time, we recommend allowing additional time to clear security. We suggest that you arrive at the CMS facility between 8:15 a.m. and 8:30 a.m. E.D.T., so that you will be able to arrive promptly at the meeting by 9:00 a.m. E.D.T. Individuals who are not registered in advance will not be permitted to enter the building and will be unable to attend the meeting. The public may not enter the building earlier than 8:15 a.m. E.D.T. (45 minutes before the convening of the meeting).

Security measures include the following:

- Presentation of government-issued photographic identification to the Federal Protective Service or Guard Service personnel. Persons without proper identification may be denied access to the building.
- Interior and exterior inspection of vehicles (this includes engine and trunk inspection) at the entrance to the grounds. Parking permits and instructions will be issued after the vehicle inspection.
- Passing through a metal detector and inspection of items brought into the building. We note that all items brought to CMS, whether personal or for the purpose of demonstration or to support a demonstration, are subject to inspection. We cannot assume responsibility for coordinating the receipt, transfer, transport, storage, set-up, safety, or timely arrival of any personal belongings or items used for demonstration or to support a demonstration.

V. Special Accommodations

Individuals attending the meeting who are hearing or visually impaired and have special requirements, or a condition that requires special assistance, should provide that information upon registering for the meeting. The deadline for registration is listed in the **DATES** section of this notice.

Dated: June 2, 2017.

Seema Verma,

Administrator, Centers for Medicare & Medicaid Services.

BILLING CODE 4120-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Health Profession Opportunity Grant (HPOG) program: Third Follow-Up Data Collection.

OMB No.: 0970-0394.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS) is proposing data collection activities as part of the Health Profession Opportunity Grant (HPOG) program. The proposed data collection activities are for the Impact Study of the first round of HPOG grants (HPOG-Impact). The goal of HPOG-Impact is to evaluate the effectiveness of approaches used by 20 of the 27 non-tribal HPOG grantees to provide TANF recipients and other low-income individuals with opportunities for education, training, and advancement within the healthcare field. It is also intended to evaluate variation in participant impact that may be attributable to different HPOG program components and models.

HPOG-Impact is one project within the broader portfolio of research that the ACF Office of Planning, Research and Evaluation (OPRE) is utilizing to assess the success of career pathways programs and models. This strategy includes a multi-pronged research and evaluation approach for the HPOG program to better understand and assess the activities and their results as well as the Pathways for Advancing Careers and Education (PACE) project. In order to maximize learning across the portfolio, survey development for the HPOG and PACE baseline and follow-up surveys has been coordinated, and the majority of the data elements collected in these surveys are similar. (See OMB Control #0970-0397 for PACE data collection.)

Four data collection efforts have been approved for HPOG research: One for approval of a Performance Reporting System (PRS) (approved September 2011); a second for collection of baseline data (approved October 2012); a third for a follow-up survey of participants administered approximately 15 months after random

assignment and for implementation study data collection (approved August 2013); and a fourth for a second follow-up survey of participants administered 36 months after random assignment (approved December 2014).

This **Federal Register** Notice provides the opportunity to comment on a proposed new information collection activity for HPOG-Impact—a third follow-up survey for HPOG-Impact participants approximately 72 months after program enrollment. The purpose

of the survey is to follow up with study participants to document their education and training experiences; employment experiences including their advancement in their career; economic well-being; student debt and repayment status; and parenting practices and child outcomes for participants with children. Previously approved collection activities under 0970–0394 will continue under this new request, specifically the 36-Month Follow-Up

Survey and the Follow-Up Survey Contact Information Update Letters.

Respondents: Random sample of individuals enrolled in the HPOG-Impact Study.

Annual Burden Estimates—New Information Collection [This information request is for a three-year period.]

Note: The burden estimate increased from the 60-day notice due to an expected increase in sample size.

Instrument	Total number of respondents	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Annual burden hours
72-Month Follow-Up Survey	2,960	987	1	0.75	740

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 330 C Street SW., Washington, DC 20201, Attn: OPRE Reports Clearance Officer. All requests should be identified by the title of the information collection. Email address: OPREinfocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Email: OIRA_SUBMISSION@OMB.EOP.GOV, Attn: Desk Officer for the Administration for Children and Families.

Mary Jones,

ACF/OPRE Certifying Officer.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Pathways for Advancing Careers and Education (PACE): Third Follow-Up Data Collection.

OMB No.: 0970–0397.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), is proposing a data collection activity as part of the Pathways for Advancing Careers (PACE) evaluation. PACE is an evaluation of nine promising career pathways strategies to promote education, employment, and self-sufficiency. The major goal of PACE is to increase the empirical knowledge about the effectiveness of programs for low-income individuals and families to achieve educational credentials, attain employment, and advance to positions that enable self-sufficiency.

PACE is one project within the broader portfolio of research that the ACF Office of Planning, Research and Evaluation (OPRE) is utilizing to assess the success of career pathways programs and models. In addition to PACE, this strategy includes a multi-pronged research and evaluation approach for the Health Profession Opportunity Grants (HPOG) Program to better understand and assess the activities conducted and their results. In order to maximize learning across this portfolio, survey development for the HPOG and PACE baseline and follow up surveys has been coordinated, and the majority of the data elements collected in these surveys are similar. (See OMB Control #0970–0394 for HPOG data collection.)

Three data collection efforts have been approved for PACE: One for baseline data collection (approved November 2011); a second for data collection activities to document program implementation, data collection activities for an initial follow-

up survey of participants administered approximately 15 months after random assignment, and data collection through in-depth interviews for a small sample of study participants (approved August 2013); and a third for a second follow-up survey of participants administered 36 months after random assignment (approved December 2014).

This **Federal Register** Notice provides the opportunity to comment on a proposed new information collection activity for PACE—a third follow-up survey for PACE participants approximately 72 months after program enrollment. The purpose of the survey is to follow-up with study participants to document their education and training experiences; employment experiences including their advancement in their career; economic well-being; student debt and repayment status; and parenting practices and child outcomes for participants with children.

Previously approved collection activities under 0970–0397 will continue under this new request, specifically the 36-Month Follow-Up Survey and Follow-Up Survey Contact Information Update Letters.

Respondents: Individuals enrolled in the PACE study at programs selected for long-term follow-up.

Annual Burden Estimates—New Information Collection [This information request is for a three-year period.]

Note: The burden estimate increased from the 60-day notice due to an expected increase in sample size.
