

DEPARTMENT OF LABOR**Mine Safety and Health Administration**

[OMB Control No. 1219-0015]

Proposed Extension of Information Collection; Refuse Piles and Impoundment Structures, Recordkeeping and Reporting Requirements**AGENCY:** Mine Safety and Health Administration, Labor.**ACTION:** Request for public comments.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to assure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments on the information collection for Refuse Piles and Impoundment Structures, Recordkeeping and Reporting Requirements.

DATES: All comments must be received on or before August 15, 2017.

ADDRESSES: Comments concerning the information collection requirements of this notice may be sent by any of the methods listed below.

- *Federal E-Rulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments for docket number MSHA-2017-0018.

- *Regular Mail:* Send comments to USDOL-MSHA, Office of Standards, Regulations, and Variances, 201 12th Street South, Suite 4E401, Arlington, VA 22202-5452.

- *Hand Delivery:* USDOL-Mine Safety and Health Administration, 201 12th Street South, Suite 4E401, Arlington, VA 22202-5452. Sign in at the receptionist's desk on the 4th floor via the East elevator.

FOR FURTHER INFORMATION CONTACT: Sheila McConnell, Director, Office of Standards, Regulations, and Variances, MSHA, at MSHA.information.collections@dol.gov (email); (202) 693-9440 (voice); or (202) 693-9441 (facsimile).

SUPPLEMENTARY INFORMATION:**I. Background**

Section 103(h) of the Federal Mine Safety and Health Act of 1977 (Mine Act), 30 U.S.C. 813(h), authorizes MSHA to collect information necessary to carry out its duty in protecting the safety and health of miners. Further, Section 101 (a) of the Mine Act, 30 U.S.C. 811, authorizes the Secretary of Labor to develop, promulgate, and revise as may be appropriate, improved mandatory health or safety standards for the protection of life and prevention of injuries in coal or other mines.

Title 30 CFR part 77, subpart C, sets forth standards for surface installations. More specifically, the sections cited in the title of this supporting statement address refuse piles (30 CFR 77.215), and impoundments (30 CFR 77.216). Impoundments are structures that can impound water, sediment, or slurry or any combination of materials, and refuse piles are deposits of coal mine waste (other than overburden or spoil) that are removed during mining operations or separated from mined coal and deposited on the surface. The failure of these structures can have a devastating effect on a community. To avoid or minimize such disasters, MSHA has promulgated standards for the design, construction, and maintenance of these structures; for annual certifications; for certification for hazardous refuse piles; for the frequency of inspections; and the methods of abandonment for impoundments and impounding structures.

II. Desired Focus of Comments

MSHA is soliciting comments concerning the proposed information collection related to Refuse Piles and Impoundment Structures, Recordkeeping and Reporting Requirements. MSHA is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;
- Evaluate the accuracy of MSHA's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

The information collection request will be available on <http://www.regulations.gov>. MSHA cautions the commenter against providing any information in the submission that should not be publicly disclosed. Full comments, including personal information provided, will be made available on www.regulations.gov and www.reginfo.gov.

The public may also examine publicly available documents at USDOL-Mine Safety and Health Administration, 201 12th South, Suite 4E401, Arlington, VA 22202-5452. Sign in at the receptionist's desk on the 4th floor via the East elevator.

Questions about the information collection requirements may be directed to the person listed in the **FOR FURTHER INFORMATION** section of this notice.

III. Current Actions

This request for collection of information contains provisions for Refuse Piles and Impoundment Structures, Recordkeeping and Reporting Requirements. MSHA has updated the data with respect to the number of respondents, responses, burden hours, and burden costs supporting this information collection request.

Type of Review: Extension, without change, of a currently approved collection.

Agency: Mine Safety and Health Administration.

OMB Number: 1219-0015.

Affected Public: Business or other for-profit.

Number of Respondents: 632.

Frequency: On occasion.

Number of Responses: 31,414.

Annual Burden Hours: 76,794 hours.

Annual Respondent or Recordkeeper Cost: \$2,034,585.

Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Sheila McConnell,

Certifying Officer.

BILLING CODE 7535-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-443-LA2; ASLBP No. 17-953-02-LA-BD01]

Atomic Safety and Licensing Board; In the Matter of Nextera Energy Seabrook, LLC (Seabrook Station, Unit One)

June 5, 2017.

Before Administrative Judges: Ronald M. Spritzer, Chairman, Nicholas G. Trikouras, Dr. Sekazi Mtingwa.

Order

(Scheduling Oral Argument and Providing Instructions)

Before the Board is the petition of the C-10 Research and Education Foundation, Inc. (C-10) challenging a license amendment request submitted by NextEra Energy Seabrook LLC (NextEra) for Seabrook Station, Unit 1, located in Seabrook, New Hampshire. Oral argument on standing and contention admissibility will be held on Thursday, June 29, 2017, beginning at 10:00 a.m. EDT. The Board anticipates that oral argument will last approximately three hours.

The argument will take place by online video conference. Citrix *GoToMeeting* will be used for the video component of oral argument and telephone access will be used for the audio component. The Board will conduct oral argument from the Atomic Safety and Licensing Board Panel's hearing room, located at the Nuclear Regulatory Commission's headquarters at 11555 Rockville Pike, Rockville, Maryland 20852. The designated representatives of C-10, NextEra, and the NRC Staff (collectively "participants") will participate remotely. Members of the public may observe oral argument from the hearing room, but listen-only telephone access will also be made available.

Instructions

On or before Tuesday, June 27, 2017, each participant shall provide the names of its representatives by email to the Board and the service list. Only designated representatives will be permitted to present oral argument. Each counsel or other representative for each participant in this proceeding who has not already done so must file and serve a notice of appearance on or before Tuesday, June 27, 2017, containing all of the information required by 10 CFR 2.314(b). While each participant should designate one primary spokesperson for the argument, limited response will be permitted from

other representatives with a notice of appearance on file to the extent necessary to answer the Board's questions. The Board's law clerk, Julie Reynolds-Engel, will contact the participants' designated representatives by email to provide the web address and telephone number required to participate in oral argument.

On Tuesday, June 27, 2017, beginning at 11:00 a.m. EDT, the Board's IT Specialist will conduct a 15- to 30-minute technology test of the online video conferencing system with the participants. Each participant will need (1) a telephone line, (2) a computer or tablet with an embedded or attached web camera, (3) an internet connection with at least 1 Mbps connection speed, and (4) a compatible web browser or iOS or Android application.¹ The Board's law clerk will contact the participants by email to provide the web address² and telephone number required to participate in the technology test by Thursday, June 22.

The primary purpose of this oral argument is for the Board to ask questions and receive answers concerning standing and contention admissibility issues presented by the pleadings. C-10 shall have 30 minutes to present its arguments on all issues, and the NRC Staff and NextEra shall each have 20 minutes. C-10 may reserve up to 5 minutes of its allotted time for rebuttal. No other rebuttal will be permitted.

In general, the participants should not repeat arguments already presented in their written filings, but should focus on responding to the Board's questions. The argument is not an evidentiary hearing, and the participants therefore should not attempt to introduce evidence during the argument. The participants should advise the Board and the other participants no later than Tuesday, June 27, 2017, if they plan to refer to any type of visual aid during the argument. No material that is not already cited in the record before the Board should be used as a visual aid.

Although the designated representatives will participate remotely, the Board encourages all participants to conduct themselves as if present in-person and to participate from an office setting.

¹ The participants should review the Citrix *GoToMeeting* frequently asked questions Web page (<http://www.gotomeeting.com/meeting/online-meeting-support>) for specific system requirements. For the purpose of this oral argument, there is no cost to the participants for using *GoToMeeting*.

² A participant's computer or tablet may require installation of a free plugin or free software from Citrix. Accessing the provided web address prior to the technology test will prompt a plugin or software download, if required.
