Multilayered Wood Flooring From the People’s Republic of China: Final Clarification of the Scope of the Antidumping and Countervailing Duty Orders
AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.
SUMMARY: On April 19, 2017, the Department of Commerce (Department) published a proposed clarification of the scope of the antidumping and countervailing duty orders on multilayered wood flooring (wood flooring) from the People’s Republic of China (PRC). Based on comments from interested parties, the Department has further clarified the scope of this order.
SUPPLEMENTARY INFORMATION:
Background
The regulations governing the Department’s scope determinations are found at 19 CFR 351.225. In past scope determinations, the Department has relied on the scope language, along with descriptions of the merchandise contained in the petitions, the initial investigations, prior scope determinations, and rulings by the International Trade Commission (ITC) to determine that two-layer wood flooring products are outside the scope of the Orders.

On April 19, 2017, the Department published the Proposed Scope Clarification to provide notice that the Department intends to clarify the scope of the Orders due to the large number of scope ruling requests concerning wood flooring products consisting of only two layers. Interested parties were invited to comment on the intended clarification.

Comments on the Proposed Scope Clarification
The Department received two comment submissions from two groups of interested parties during the comment period. The first group agrees that the Department has received a large number of scope ruling requests concerning two-layer wood flooring products, and notes that the requests are being filed not because the order language is ambiguous, but, rather, because of concern that U.S. Customs and Border Protection (CBP) officials may not always distinguish between two- and subject merchandise. This group, therefore, does not believe that the Proposed Scope Clarification will necessarily eliminate the number of scope ruling requests received by the Department, and proposes, as an alternative, that the Department work more closely with CBP to ensure CBP knows the difference between subject and non-subject merchandise.

Non U.S. Citizens Please Note: All foreign national visitors who do not have permanent resident status must register to attend the hearing at www.bis.doc.gov/232aluminumhearing and must fax a copy of their passport to (202) 482–5361 by 5:00 p.m. (EST), Tuesday, June 20, 2017. Please also bring a copy of your passport on the day of the hearing to serve as identification. Failure to provide this information prior to arrival will result, at a minimum, in significant delays in entering the facility. Authority to gather this information is derived from United States Department of Commerce Department Administrative Order (DAO) number 207–12. Please visit www.bis.doc.gov/232AluminumHearing to register and for more details regarding this requirement.
