(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

Title: Sensitive Security Information Threat Assessments.

Type of Request: Revision of a currently approved collection.

OMB Control Number: 1652–0042.

Forms(s): TSA 2211.

Affected Public: Individuals seeking

access to SSI Information. Abstract: TSA has implemented sec. 525(d) of the DHS Appropriations Act, 2007 (Pub. L. 109-295, 120 Stat 1355, 1382, Oct. 4, 2006), as reenacted, 1 by establishing a process whereby a party seeking access to SSI in a civil proceeding in Federal court that demonstrates a substantial need for relevant SSI in preparation of the party's case may request that the party's representative or court reporter be granted access to the SSI. Under §§ 1520.11 and 1520.15 of 49 CFR, TSA has also extended this process to include a prospective bidder who is seeking to submit a proposal in response to a request for proposal issued by TSA; an individual involved in the performance of contractual agreements (for example, bailments), or other transaction agreements, or an individual receiving access to SSI under 49 CFR 1520.15(e), other conditional disclosure.

Pursuant to sec. 114 of the Aviation and Transportation Security Act, Pub. L. 107-71 (115 Stat. 597, Nov. 19, 2001), and 49 CFR 1520.11(c), TSA may make an individual's access to SSI contingent upon satisfactory completion of a security threat assessment (STA), including a criminal history records check (CHRC); and/or a name-based check against Federal law enforcement, terrorism, and immigration databases; and/or other procedures and requirements for safeguarding SSI that are satisfactory to TSA. TSA collects identifying information, an explanation supporting the individuals' need for the information, and other information related to safeguarding SSI to conduct the threat assessments. TSA uses the results of the STA to make a final determination on whether the individual may be granted access to SSI. TSA also uses the information to determine whether provision of access to specific SSI would present a risk of harm to the nation.

TSA is revising the collection of information to allow individuals who are members of the TSA Preè Application Program, to provide a known traveler number (KTN) to facilitate the security threat assessment. Under that Program, individuals submit identifying information and fingerprints for a CHRC to help TSA determine eligibility for the Program, very similar to what TSA requires before providing SSI to an individual. TSA will use the information provided as part of the TSA Preè Application Program as part of its determination of an individual's eligibility to be granted access to SSI.

Number of Respondents: 263.² Estimated Annual Burden Hours: An estimated 275 hours annually.

Dated: June 8, 2017.

SUPPLEMENTARY INFORMATION:

Comments

The information collection notice was previously published in the **Federal Register** on March 9, 2017, at 82 FR 13128, allowing for a 60-day public comment period. USCIS did receive 4 comments in connection with the 60-day notice.

You may access the information collection instrument with instructions, or additional information by visiting the Federal eRulemaking Portal site at: http://www.regulations.gov and enter USCIS-2008-0068 in the search box. Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

¹Consolidated and Further Continuing Appropriations Act, 2013, Pub. L. 113–6, Div. D., Title V., sec. 510 (127 Stat. 198, 368, Mar. 26, 2013).

² After the issuance of the 60-day notice, TSA received additional respondents and burden hours data for the collection. The reported estimated annual number of respondents has been updated from 127 to 263 respondents. The estimated annual time burden of 127 has been updated to 275 burden hours.

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be

collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) Type of Information Collection Request: Revision of a Currently Approved Collection.

(2) Title of the Form/Collection: Application for permission to reapply for Admission into the United States After Deportation or Removal.

(3) Agency form number, if any, and the applicable component of the DHS sponsoring the collection: I–212, USCIS.

(4) Affected public who will be asked or required to respond, as well as a brief abstract: Primary: Individuals or households. Form I–212 is necessary for USCIS to determine whether an alien is eligible for and should be granted the benefit of consent to reapply for admission into the United States. Furthermore, Form I–212 form standardizes requests for consent to reapply and its data collection requirements ensure that, when filing the application, the alien provides the basic information that is required to assess eligibility for consent to reapply.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: The estimated total number of respondents for the information collection I-212 is 4,183; the estimated hour burden per response is 2 hours. The estimated total number of respondents filing with Customs and Border Patrol for the information collection I-212 is 82; the estimated hour burden per response is 2.33 hours. The estimated total number of responses for the biometric collection is 100, and the estimated hour burden per response is 1.17 hours.

(6) An estimate of the total public burden (in hours) associated with the

collection: The total estimated annual hour burden associated with this collection is 8,674 hours.

(7) An estimate of the total public burden (in cost) associated with the collection: The estimated total annual cost burden associated with this collection of information is \$538,334.
