Federal Aviation Administration

14 CFR Part 97

[Docket No. 31134; Amdt. No. 3747]

Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This rule establishes, amends, suspends, or removes Standard Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures (ODPs) for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective June 20, 2017. The compliance date for each SIAP, associated Takeoff Minimums, and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of June 20, 2017.

ADDRESSES: Availability of matters incorporated by reference the amendment is as follows:

For Examination

1. U.S. Department of Transportation, Docket Ops—M30, 1200 New Jersey Avenue SE., West Bldg., Ground Floor, Washington, DC 20590-0001.

2. The FAA Air Traffic Organization Service Area in which the affected airport is located;

3. The office of Aeronautical Navigation Products, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,

4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

Availability

All SIAPs and Takeoff Minimums and ODPs are available online free of charge. Visit the National Flight Data Center at nfdc.faa.gov to register. Additionally, individual SIAP and Takeoff Minimums and ODP copies may be obtained from the FAA Air Traffic Organization Service Area in which the affected airport is located.

FOR FURTHER INFORMATION CONTACT: Thomas J. Nichols, Flight Procedure Standards Branch (AFS-420), Flight Technologies and Programs Divisions, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082, Oklahoma City, OK 73125) Telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This rule amends Title 14 of the Code of Federal Regulations, Part 97 (14 CFR part 97), by establishing, amending, suspending, or removes SIAPs, Takeoff Minimums and/or ODPs. The complete regulatory description of each SIAP and its associated Takeoff Minimums or ODP for an identified airport is listed on FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and 14 CFR part § 97.20. The applicable FAA forms are FAA Forms 8260-3, 8260-4, 8260-5, 8260-15A, and 8260-15B when required by an entry on 8260-15A.

The large number of SIAPs, Takeoff Minimums and ODPs, their complex nature, and the need for a special format make publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, Takeoff

Minimums or ODPs, but instead refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP, Takeoff Minimums and ODP listed on FAA form documents is unnecessary. This amendment provides the affected CFR sections and specifies the types of SIAPs, Takeoff Minimums and ODPs with their applicable effective dates. This amendment also identifies the airport and its location, the procedure, and the amendment number.

Availability and Summary of Material Incorporated by Reference

The material incorporated by reference is publicly available as listed in the **ADDRESSES** section.

The material incorporated by reference describes SIAPs, Takeoff Minimums and/or ODPs as identified in the amendatory language for part 97 of this final rule.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP, Takeoff Minimums and ODP as Amended in the transmittal. Some SIAP and Takeoff Minimums and textual ODP amendments may have been issued previously by the FAA in a Flight Data Center (FDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts.

The circumstances that created the need for some SIAP and Takeoff Minimums and ODP amendments may require making them effective in less than 30 days. For the remaining SIAPs and Takeoff Minimums and ODPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs and Takeoff Minimums and ODPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs and Takeoff Minimums and ODPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close

and immediate relationship between these SIAPs, Takeoff Minimums and ODPs, and safety in air commerce, I find that notice and public procedure under 5 U.S.C. 553(b) are impracticable and contrary to the public interest and, where applicable, under 5 U.S.C. 553(d), good cause exists for making some SIAPs effective in less than 30 days.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

COMMODITY FUTURES TRADING COMMISSION

17 CFR Part 145

RIN 3038-AE57

Revisions to Freedom of Information Act Regulations

AGENCY: Commodity Futures Trading
Commission.

ACTION: Interim final rule with request
for comments.

SUMMARY: The Commodity Futures
Trading Commission (the
“Commission”) is revising certain
provisions of its regulations for
disclosing records under the Freedom of
Information Act (“FOIA”) to comply
with the FOIA Improvement Act of
2016. In addition, the regulations would
streamline the language of procedural
provisions concerning initial
determinations and administrative
appeals. The regulations have also been
updated to incorporate changes in the
Commission’s administrative structure,
remove superfluous verbiage, and
correct inaccurate text.

DATES: Effective Date: This rule is
effective July 20, 2017.

Comment Date: Comments must be
received on or before August 21, 2017.

Comments submitted by mail will be
accepted as timely if they are
postmarked on or before that date.

ADDRESSES: You may submit comments,
identified by RIN 3038-AE57, by one of
the following methods:

this document.

FOR FURTHER INFORMATION CONTACT:
Candace Ambrose, Counsel, Office of
the General Counsel, (202) 418-5192.

SUPPLEMENTARY INFORMATION: This rule
revises the Commission’s FOIA
regulations to incorporate certain
changes codified by the FOIA
Improvement Act of 2016, Public Law
114-185, 130 Stat. 538 (June 30, 2016)
 (“Act”). The Act requires each agency to
review its regulations and issue new
regulations in accordance with the Act’s
provisions. The Act requires agencies to
notify requesters of the availability of
dispute resolution services from the
agency’s FOIA Public Liaison and the
National Archives and Records
Administration’s Office of Government
Information Services (“OGIS”). The Act
also incorporates the Department of
Justice’s foreseeable harm standard,
specifying that an agency shall withhold
information only if the agency
reasonably foresees that disclosure
would harm an interest protected by an
exemption. 5 U.S.C. 552(a)(8)(A)(i)(I).
This provision requires agencies to
consider whether partial disclosure is
possible and to take reasonable steps to
segregate and release nonexempt
information. In accordance with the Act,
this rule incorporates the sunset
provision for the deliberative process
privilege. The Act also increases the
time limit for requesters to file an
administrative appeal to 90 days. This
rule updates the Commission’s
regulations in 17 CFR part 145 to
incorporate those statutory changes.
This rule also contains several technical
amendments to reflect the Commission’s
current organizational structure,
eliminate unnecessary text, and correct
erroneous citations.

Section 145.0 (Definitions) is revised
to (1) eliminate the term Assistant
Secretary because the position referred
to—Assistant Secretary of the
Commission for FOI, Privacy, and
Sunshine Acts Compliance—is defunct;
(2) update the definition of Compliance
Staff to reflect the current organizational
structure; and (3) add paragraph letters
before each defined term for easier
cross-reference throughout part 145.

Section 145.4 (Public records
available with identifying details
deleted; nonpublic records available in
abridged or summary form) is revised to
update cross-references with the
paragraph letters corresponding to the
defined terms.

Section 145.5 (Disclosure of
nonpublic records) is revised to
incorporate the foreseeable harm
standard codified by the Act, which
provides that an agency shall withhold
information under FOIA only if the
agency reasonably foresees that
disclosure would harm an interest
protected by an exemption, or
disclosure is prohibited by law. This
section is also revised to reflect the
requirement in the Act that agencies
consider whether partial disclosure of
information is possible whenever
agencies determine that full disclosure
of a requested record is not possible.

Paragraph (e) of § 145.5 is revised to
include the three traditional privileges
incorporated into Exemption 5 of FOIA
and to conform to the requirement of the
Act which states that the deliberative
process privilege shall not apply to
records created 25 years or more before
the date on which the records were
requested. This paragraph is also
revised to remove superfluous text
concerning Exemption 5.

Section 145.6 (Commission offices to
contact for assistance; registration
records available) is revised to reflect
the current addressee for requests for
non-public records and to reflect the
current addresses for the regional
offices.

Paragraph (b) of § 145.7 (Requests for
Commission records and copies thereof)
is revised to indicate to whom requests
for nonpublic records should be
addressed and to delete references to
Assistant Secretary of the Commission
for FOI, Privacy and Sunshine Acts
Compliance since that position is
defunct, as noted above.

Paragraph (c) of § 145.7 is revised to
remove oral requests for records because
requests for records should be submitted
in a written format for record keeping
purposes and to eliminate unnecessary
text concerning misdirected requests.

Paragraph (f) of § 145.7 is revised to
replace the term Assistant Secretary
with Office of General Counsel because
the Assistant Secretary of the
Commission for FOI, Privacy and
Sunshine Acts Compliance position is
defunct.

Paragraph (g) of § 145.7 is revised to
correct erroneous text and to replace the
term Assistant Secretary with Office of
General Counsel because the Assistant
Secretary of the Commission for FOI,
Privacy and Sunshine Acts Compliance
position is defunct.

Paragraph (h) of § 145.7 is revised to
replace references to Assistant Secretary
with the term Compliance Staff or Office
of General Counsel where appropriate.
This paragraph is also revised to
incorporate the Act’s requirement that
