

shall be a person representing those receiving benefits from a pension plan). No more than eight members of the Council shall be members of the same political party.

Council members shall be persons qualified to appraise the programs instituted under ERISA. Appointments are for terms of three years. The prescribed duties of the Council are to advise the Secretary with respect to the carrying out of his or her functions under ERISA, and to submit to the Secretary, or his or her designee, recommendations with respect thereto. The Council will meet at least four times each year.

The terms of five members of the Council expire at the end of this year. The groups or fields they represent are as follows: (1) Employee organizations; (2) employers; (3) corporate trust; (4) investment management; and (5) the general public. The Department of Labor is committed to equal opportunity in the workplace and seeks a broad-based and diverse Council.

Accordingly, notice is hereby given that any person or organization desiring to nominate one or more individuals for appointment to the Advisory Council on Employee Welfare and Pension Benefit Plans to represent any of the groups or fields specified in the preceding paragraph may submit nominations to Larry Good, Council Executive Secretary, Frances Perkins Building, U.S. Department of Labor, 200 Constitution Avenue NW., Suite N-5623, Washington, DC 20210, or as email attachments to good.larry@dol.gov. Nominations (including supporting nominations) must be received on or before August 1, 2017. Please allow three weeks for regular mail delivery to the Department of Labor. If sending electronically, please use an attachment in rich text, Word, or pdf format. Nominations may be in the form of a letter, resolution or petition, signed by the person making the nomination or, in the case of a nomination by an organization, by an authorized representative of the organization.

Nominations, including supporting letters, should:

- State the person's qualifications to serve on the Council.
- State that the candidate will accept appointment to the Council if offered.
- Include which of the five positions (representing groups or fields) the candidate is nominated to fill.
- Include the nominee's full name, work affiliation, mailing address, phone number, and email address.

- Include the nominator's full name, mailing address, phone number, and email address.

- Include the nominator's signature, whether sent by email or otherwise. Please do not include any information that you do not want publicly disclosed.

In selecting Council members, the Secretary of Labor will consider individuals nominated in response to this **Federal Register** notice, as well as other qualified individuals.

Nominees will be contacted to provide information on their political affiliation and their status as registered lobbyists. Anyone currently subject to federal registration requirements as a lobbyist is not eligible for appointment. Nominees should be aware of the time commitment for attending meetings and actively participating in the work of the Council. Historically, this has meant a commitment of at least 20 days per year. The Department of Labor has a process for vetting nominees under consideration for appointment.

Signed at Washington, DC, this 15th day of June 2017.

Timothy D. Hauser,

Deputy Assistant Secretary for Program Operations, Employee Benefits Security Administration.

SUPPLEMENTARY INFORMATION:

I. Notice of the Application for Expansion

The Occupational Safety and Health Administration is providing notice that Curtis-Strauss LLC (CSL), is applying for expansion of its current recognition as an NRTL. CSL requests the addition of five test standards to its NRTL scope of recognition.

OSHA recognition of an NRTL signifies that the organization meets the

requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by its applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The Agency processes applications by an NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding. In the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL's scope of recognition or

modifications of that scope. OSHA maintains an informational Web page for each NRTL, including CSL, which details the NRTL's scope of recognition. These pages are available from the OSHA Web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

CSL currently has one facility (site) recognized by OSHA for product testing and certification, with its headquarters located at: Curtis-Strauss LLC, Littleton Distribution Center, One Distribution Center Circle, Suite #1, Littleton, MA 01460. A complete list of CSL's scope of recognition is available at <https://www.osha.gov/dts/otpca/nrtl/csl.html>.

II. General Background on the Application

CSL submitted an application, dated December 30, 2016 (OSHA-2009-0026-0073), to expand its recognition to include five additional test standards. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

Table 1 below lists the appropriate test standards found in CSL's application for expansion for testing and certification of products under the NRTL Program.

TABLE 1—PROPOSED LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN CSL'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 763	Motor-Operated Commercial Food Preparing Machines.
UL 197	Commercial Electric Cooking Appliances.
UL 982	Motor-Operated Household Food Preparing Machines.
UL 60335-2-3	Safety of Household and Similar Electrical Appliances, Part 2: Particular Requirements for Electric Irons.
UL 60335-2-34	Safety of Household and Similar Electrical Appliances, Part 2-34: Particular Requirements for Motor-Compressors.

III. Preliminary Findings on the Application

CSL submitted an acceptable application for expansion of its scope of recognition. OSHA's review of the application file, and pertinent documentation, indicates that CSL can meet the requirements prescribed by 29 CFR 1910.7 for expanding its recognition to include the addition of these five test standards for NRTL testing and certification listed above. This preliminary finding does not constitute an interim or temporary approval of CSL's application.

OSHA welcomes public comment as to whether CSL meets the requirements of 29 CFR 1910.7 for expansion of its recognition as an NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must

submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if the request is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Room N-3508, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address. These materials also are available online at <http://www.regulations.gov> under Docket No. OSHA-2009-0026.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues

raised by these comments, will recommend to the Assistant Secretary for Occupational Safety and Health whether to grant CSL's application for expansion of its scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of its final decision in the **Federal Register**.

IV. Authority and Signature

Dorothy Dougherty, Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW., Washington, DC 20210, authorized the preparation of this notice. Accordingly, the Agency is

issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 1–2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on June 15, 2017.

Dorothy Dougherty,

Deputy Assistant Secretary of Labor for Occupational Safety and Health.

[Docket No. OSHA–2006–0040]

SGS North America, Inc.: Grant of Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces its final decision to expand the scope of recognition for SGS North America, Inc., as a Nationally Recognized Testing Laboratory (NRTL).

DATES: The expansion of the scope of recognition becomes effective on June 21, 2017.

FOR FURTHER INFORMATION CONTACT:

Information regarding this notice is available from the following sources:

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor, 200 Constitution Avenue NW., Room N–3647, Washington, DC 20210; telephone: (202) 693–1999; email: meilinger.francis2@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N–3655, Washington, DC 20210; telephone: (202) 693–2110; email: robinson.kevin@dol.gov. OSHA's Web page includes information about the NRTL Program (see <http://www.osha.gov/dts/otpca/nrtl/index.html>).

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of SGS North America, Inc. (SGS), as an NRTL. SGS's expansion covers the addition of two test standards to its scope of recognition.

OSHA recognition of an NRTL signifies that the organization meets the requirements specified by 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification of the products.

The Agency processes applications by an NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding and, in the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL that details its scope of recognition. These pages are available from the Agency's Web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

SGS submitted an application, dated May 28, 2014, (OSHA–2006–0040–0034) to expand its recognition to include two additional test standards. OSHA staff detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

OSHA published the preliminary notice announcing SGS's expansion application in the **Federal Register** on March 15, 2017 (82 FR 13867). The Agency requested comments by March 30, 2017, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant expansion of SGS's scope of recognition.

To obtain or review copies of all public documents pertaining to the SGS's application, go to www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N–2625, Washington, DC 20210. Docket No. OSHA–2006–0040 contains all materials in the record concerning SGS's recognition.

II. Final Decision and Order

OSHA staff examined SGS's expansion application, its capability to meet the requirements of the test standards, and other pertinent information. Based on its review of this evidence, OSHA finds that SGS meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitation and conditions listed below. OSHA, therefore, is proceeding with this final notice to grant SGS's scope of recognition. OSHA limits the expansion of SGS's recognition to testing and certification of products for demonstration of conformance to the test standards listed in Table 1 below.

TABLE 1—LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN SGS'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 201	Garage Equipment.
UL 844	Electric Lighting Fixtures for Use in Hazardous Locations.

OSHA's recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, an NRTL's scope of recognition does not include these products.

The American National Standards Institute (ANSI) may approve the test standards listed above as American National Standards. However, for convenience, we may use the designation of the standards-developing organization for the standard as opposed to the ANSI designation. Under the NRTL Program's policy (see OSHA Instruction CPL 1–0.3, Appendix C, paragraph XIV), any NRTL recognized for a particular test standard may use either the proprietary version of the test standard or the ANSI version of that standard. Contact ANSI to determine whether a test standard is currently ANSI-approved.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, SGS must abide by the following conditions of the recognition:

1. SGS must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its
