

(b) *Special requirements.* Fireworks barges or launch sites on land used in locations stated in this section must display a sign. The sign will be affixed to the port and starboard side of the barge or mounted on a post 3 feet above ground level when on land and in close proximity to the shoreline facing the water labeled "FIREWORKS—DANGER—STAY AWAY." This will provide on-scene notice that the safety zone is, or will, be enforced on that day. This notice will consist of a diamond shaped sign, 4-foot by 4-foot, with a 3-inch orange retro-reflective border. The word "DANGER" will be 10-inch black block letters centered on the sign with the words "FIREWORKS" and "STAY AWAY" in 6-inch black block letters placed above and below the word "DANGER" respectively on a white background. An on-scene patrol vessel may enforce these safety zones at least 1 hour prior to the start and 1 hour after the conclusion of the fireworks display.

(c) *Notice of enforcement.* These safety zones will be activated and thus subject to enforcement, under the following conditions: The Coast Guard must receive an Application for Marine Event for each fireworks display; and, the Captain of the Port will cause notice of the enforcement of these safety zones to be made by all appropriate means to provide notice to the affected segments of the public as practicable, in accordance with § 165.7(a). The Captain of the Port will issue a Local Notice to Mariners notifying the public of activation and suspension of enforcement of these safety zones. Additionally, an on-scene Patrol Commander may be appointed to enforce the safety zones by limiting the transit of non-participating vessels in the designated areas described in paragraph (a) of this section.

(d) *Enforcement periods.* This section will be enforced at least 1 hour before and 1 hour after the duration of the event each day a barge or launch site with a "FIREWORKS—DANGER—STAY AWAY" sign is located within any of the safety zones identified in paragraph (a) of this section and meets

the criteria established in paragraphs (b) and (c) of this section.

(e) *Regulations.* In accordance with the general regulations in subpart C of this part no person may enter or remain in the safety zone created in this section or bring, cause to be brought, or allow to remain in the safety zone created in this section any vehicle, vessel, or object unless authorized by the Captain of the Port or his designated representative. The Captain of the Port may be assisted by other Federal, State, or local agencies with the enforcement of the safety zone.

(f) *Authorization.* All vessel operators who desire to enter the safety zone must obtain permission from the Captain of the Port or Designated Representative by contacting either the on-scene patrol craft on VHF Ch 13 or Ch 16 or the Coast Guard Sector Columbia River Command Center via telephone at (503) 861-6211.

§ 165.1316 [Removed]

- 4. Remove § 165.1316.

Dated: June 16, 2017.

D.F. Berliner,

Captain, U.S. Coast Guard, Acting Captain of the Port, Sector Columbia River.

BILLING CODE 9110-04-P

POSTAL SERVICE

39 CFR Part 111

Domestic Mail Manual; Incorporation by Reference

AGENCY: Postal Service™.

ACTION: Final rule.

SUMMARY: The Postal Service announces the issuance of the *Mailing Standards of the United States Postal Service, Domestic Mail Manual* (DMM®) dated January 22, 2017, and its incorporation by reference in the *Code of Federal Regulations*.

DATES: This final rule is effective on June 23, 2017. The incorporation by reference of the DMM dated January 22, 2017, is approved by the Director of the **Federal Register** as of June 23, 2017.

FOR FURTHER INFORMATION CONTACT: Lizbeth Dobbins (202) 268-3789.

SUPPLEMENTARY INFORMATION: The most recent issue of the *Domestic Mail Manual* (DMM) is dated January 22, 2017. This issue of the DMM contains all Postal Service domestic mailing standards, and continues to: (1) Increase the user's ability to find information; (2) increase confidence that users have found all the information they need; and (3) reduce the need to consult multiple chapters of the Manual to locate necessary information. The issue dated January 22, 2017, sets forth specific changes, including new standards throughout the DMM to support the standards and mail preparation changes implemented since the version issued on July 11, 2016.

Changes to mailing standards will continue to be published through **Federal Register** notices and the *Postal Bulletin*, and will appear in the next online version available via the Postal Explorer® Web site at: <http://pe.usps.com>.

List of Subjects in 39 CFR Part 111

Administrative practice and procedure, Incorporation by reference.

In view of the considerations discussed above, the Postal Service hereby amends 39 CFR part 111 as follows:

PART 111—GENERAL INFORMATION ON POSTAL SERVICE

- 1. The authority citation for 39 CFR part 111 continues to read as follows:

Authority: 5 U.S.C. 552(a); 13 U.S.C. 301-307; 18 U.S.C. 1692-1737; 39 U.S.C. 101, 401, 403, 404, 414, 416, 3001-3011, 3201-3219, 3403-3406, 3621, 3622, 3626, 3632, 3633, and 5001.

- 2. In § 111.3 amend paragraph (f) by revising the last two entries in the table for "DMM 300" and adding an entry at the end of the table to read as follows:

§ 111.3 Amendment to the Mailing Standards of the United States Postal Service, Domestic Mail Manual.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R09–OAR–2017–0028; FRL–9963–86–Region 9]

Approval of California Air Plan Revisions, Western Mojave Desert, Rate of Progress Demonstration

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a state implementation plan revision submitted by the State of California to meet Clean Air Act requirements applicable to the Western Mojave Desert ozone nonattainment area. Specifically, the EPA is approving the initial six-year 15 percent rate of progress demonstration to address requirements for the 1997 8-hour ozone national ambient air quality standards.

DATES: This final rule is effective on July 24, 2017.

ADDRESSES: The EPA has established docket number EPA–R09–OAR–2017–0028 for this action. Generally, documents in the docket for this action are available electronically at <http://www.regulations.gov> or in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105–3901. While all documents in the docket are listed at <http://www.regulations.gov>, some information may be publicly available only at the hard copy location (e.g., copyrighted material, large maps, multi-volume reports), and some may not be available in either location (e.g., confidential business information (CBI)). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Tom Kelly, Air Planning Office (AIR–2), EPA Region IX, (415) 972–3856, kelly.thomasp@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, the terms “we,” “us,” and “our” refer to the EPA.

Table of Contents

- I. Summary of Proposed Action
- II. Public Comments
- III. Final Action
- IV. Statutory and Executive Order Reviews

I. Summary of Proposed Action

On March 9, 2017, the EPA proposed to approve, under section 110(k)(3) of the Clean Air Act (CAA or the Act), the initial six-year 15 percent rate of progress (ROP) demonstration to address requirements for the 1997 8-hour ozone national ambient air quality standards (NAAQS) for the Western Mojave Desert (WMD) nonattainment area. 82 FR 13086. This demonstration is contained in a state implementation plan (SIP) submittal from the California Air Resources Board entitled “Proposed Updates to the 1997 8-Hour Ozone Standard, State Implementation Plans: Coachella Valley and Western Mojave Desert 8-hour Ozone Nonattainment Areas” (“2014 SIP Update”).¹ As explained in the proposal, the ROP demonstration is an element of the reasonable further progress demonstration contained at Table C–2 of the 2014 SIP Update and discussed at page 10 of the 2014 SIP Update. It is supported by a detailed VOC emissions inventory at Table A–2 of the 2014 SIP Update.

The WMD is classified as Severe-15 with an attainment date no later than June 15, 2019.² The relevant CAA requirements appear at Title I, Part D of the CAA, under which states must implement the primary and secondary 1997 8-hour ozone standards. For areas classified as Moderate or above—including the WMD—CAA section 182(b)(1) requires a SIP revision providing for ROP, defined as a one time, 15 percent actual VOC emission reduction during the six years following the baseline year 1990, for an average reduction of 3 percent per year. As discussed further in the March 9, 2017 proposal, although the EPA revoked the 1997 8-hour ozone NAAQS in 2015,³ the ROP demonstration requirement is a continuing applicable requirement for the WMD under the EPA’s anti-backsliding rules that apply once a NAAQS has been revoked. Thus, the WMD remains subject to the requirement to make the ROP demonstration. See 40 CFR

¹ See “Proposed Updates to the 1997 8-Hour Ozone Standard, State Implementation Plans: Coachella Valley and Western Mojave Desert 8-hour Ozone Nonattainment Areas,” California Air Resources Board, September 22, 2014.

² 77 FR 26950 (May 8, 2012). The proposal for this action contains additional information about the WMD’s classification. See 82 FR 13086, 13087.

³ 80 FR 12264 (March 6, 2015).

51.1105(a)(1) and 51.1100(o)(4). In the proposal, the EPA proposed to find that the 2014 SIP Update fulfills the ROP demonstration requirement because it meets the requirements of CAA section 182(b)(1) and 40 CFR 51.1105(a)(1) and 51.1100(o)(4).⁴

II. Public Comments

The EPA’s proposed action provided a 30-day public comment period. We received one comment, which was submitted anonymously. The comment did not address the EPA’s proposed action and did not provide specific information relevant to the basis for EPA’s proposed approval. We are not revising any portion of the proposed rule based on this comment.

III. Final Action

For the reasons discussed in our March 9, 2017 proposal and summarized above, the EPA is approving, under CAA section 110(k)(3), the ROP demonstration contained in the 2014 SIP Update as meeting the requirements of CAA section 182(b)(1) and 40 CFR 51.1105(a)(1) and 51.1100(o)(4).

IV. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

⁴ See 82 FR 13086, 13087–88. The EPA proposed to approve the ROP demonstration although the state did not demonstrate the necessary reductions within the six-year period set out in the CAA, because it showed that all necessary reductions were achieved in the earliest subsequent reporting period. *Id.* at 13088.
