Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule

will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves implementation of a special local regulation lasting 4 hours that would prohibit entry within 100 yards of the event area. It is categorically excluded from further review under paragraph 34(h) of Figure 2-1 of Commandant Instruction M16475.ID. A Record of Environmental Consideration (REC) supporting this determination is available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

33 CFR Part 117

[Docket No. USCG-2017-0523]

Drawbridge Operation Regulation; Long Creek, Hempstead, NY

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Loop Parkway Bridge across Long Creek, mile 0.7, at Hempstead, New York. This action is necessary in order to facilitate an annual fireworks display. The deviation allows the bridge to remain in the closed position for approximately two and one half hours.

DATES: This deviation is effective from 9:30 p.m. on July 8, 2017 to 11:59 p.m. on July 9, 2017.

ADDRESSES: The docket for this deviation, USCG-2017-0523 is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH". Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary

deviation, call or email James M. Moore, Bridge Management Specialist, First District Bridge Branch, U.S. Coast Guard; telephone 212-514-4334, email james.m.moore2@uscg.mil.

SUPPLEMENTARY INFORMATION: The Town of Hempstead Department of Public Safety submitted and the bridge owner, the New York State Department of Transportation, concurred with a temporary deviation request from the normal operating schedule to facilitate a public fireworks event.

The Loop Parkway Bridge, mile 0.7, across Long Creek, has a vertical clearance of 21 feet at mean high water and 23 feet at mean low water in the closed position. The existing drawbridge operating regulations are listed at 33 CFR 117.799(f).

This temporary deviation will allow the Loop Parkway Bridge to remain closed from 9:30 p.m. through 11:59 p.m. on July 8, 2017 with a rain date of July 9, 2017. The waterway is used primarily by seasonal recreational vessels and occasional tug/barge traffic. Coordination with waterway users has indicated no objections to this short-term closure of the draw.

Vessels that can pass under the bridge without an opening may do so at all times. The bridge will be able to open for emergencies. Additionally, there are alternate routes for vessels to pass.

The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: June 20, 2017.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for the navigable waters within a 300-yard radius of the swing span portion of the Massachusetts Bay Transportation Authority (MBTA)/AMTRAK Bridge, at mile 0.05 on the Danvers River, between Salem and Beverly, Massachusetts. The safety zone is needed to protect personnel, vessels and the marine environment from potential hazards created during removal and replacement of the swing span portion of the MBTA Railroad Bridge. When enforced, this regulation prohibits entry of vessels or people into the safety zone unless authorized by the Captain of the Port (COTP) Boston or a designated representative.

DATES: This rule is effective without actual notice from June 26, 2017 through November 1, 2017. For the purposes of enforcement, actual notice will be used from June 20, 2017 through June 26, 2017.

II. Background Information and Regulatory History

On March 23, 2017, Sector Boston was made aware of a bridge rehabilitation project that includes the replacement of the swing span portion of MBTA Railroad Bridge, which spans the Danvers River in Beverly and Salem, Massachusetts. The COTP Boston has determined that the potential hazards associated with the bridge rehabilitation project will be a safety concern for anyone within the work area.

The project is scheduled to begin on June 5, 2017 and be completed by November 1, 2017. During this project, removal and replacement of the swing span will take place. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. The safety zone will be enforced during different periods when work barges and gantry cranes will be placed in the navigable channel or when other hazards to navigation arise. The Coast Guard will issue a Broadcast Notice to Mariners via marine channel 16 (VHF-FM) 24 hours in advance to any period of enforcement or as soon as practicable in response to an emergency. If the project is completed prior to November 1, 2017, enforcement of the safety zone will be suspended and notice given via Broadcast Notice to Mariners.

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM with respect to this rule because doing so would be impracticable and contrary to the public interest. The late finalization of project details did not give the Coast Guard enough time to publish an NPRM, take public comments, and issue a final rule before the construction work is set to begin. It would be impracticable and contrary to the public interest to delay promulgating this rule as it is necessary to protect the safety of the public and waterway users.

We are issuing this rule, and under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the **Federal Register**.
