A. Overview of Information Collection

Title of Information Collection: Public Housing Program—Transfer and Consolidation of Public Housing Programs and Public Housing Agencies.

OMB Approval Number: 2577-0280.

Type of Request: Extension of a currently approved collection.

Form Number: No form is used to collect this information. Forms collected with information incidental to this collection are: HUD-52190-A, HUD-53012-A, HUD 53012-B, HUD-52722, HUD-52723, HUD-51999, SF-1199A,

HUD-27056, HUD-27054A, HUD-52540.

Description of the need for the information and proposed use: State legislatures or other local governing bodies may from time to time direct or agree that the public interest is best served if one public housing agency (PHA) cedes its public housing program to another PHA, or that two or more PHAs should be combined into one multijurisdictional PHA. This proposed information collection serves to protect HUD's several interests in either transaction: (1) Insuring the continued used of the property as public housing; (2) that HUD's interests are secured; and (3) that the operating and capital subsidies that HUD pays to support the operation and maintenance of public housing is properly paid to the correct PHA on behalf of the correct properties. In addition to submitting documentation to HUD, PHAs are required to make conforming changes to HUD's Public Housing Information Center (PIC).

Total Estimated Burdens:

TOTAL BURDEN HOUR ESTIMATES FOR PHAS

Number of transfer or consolidation actions	Number of respondents	Frequency of requirement *	×	Estimated Average time for requirement (hours)	=	Estimated Annual Burden (hours)
3 Transfers	6	1		120		720
2 Consolidations	4	1		200		800
Subtotals	10		320		1,520

* The frequency shown assumes that the receiving or consolidated PHA makes one submission for all other PHAs involved in either the transfer or consolidation.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: June 7, 2017.

ITP. SUPPLEMENTARY INFORMATION:

Background

Section 9 of the Act (16 U.S.C. 1531 *et seq.*) and our implementing Federal regulations in the Code of Federal Regulations (CFR) at 50 CFR 17 prohibit the "take" of fish or wildlife species listed as endangered or threatened. Take of listed fish or wildlife is defined under the Act as "to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct" (16 U.S.C. 1532). However, under limited circumstances, we issue permits to authorize incidental take—*i.e.*, take that is incidental to, and not the purpose of, the carrying out of an otherwise lawful activity.

Regulations governing incidental take permits for threatened and endangered species are at 50 CFR 17.32 and 17.22, respectively. The Act's take prohibitions do not apply to federally listed plants on private lands unless such take would violate State law. In addition to meeting

other criteria, an incidental take permit's proposed actions must not jeopardize the existence of federally listed fish, wildlife, or plants.

Applicants' Proposal

Lakes at St. Sebastian Preserve

Atlantic Coast Paladin Estates, LLC and Micco Road Investments, LLC c/o the Kelsey Group are requesting take of approximately 99.85 acres of nesting and foraging habitat for the Audubon's crested caracara (*Polyborus plancus audubonii*), incidental to the construction of a residential development, and together they seek a 10-year permit. The project is located on 98 separate parcels (Tax Account Nos. 3010967-3011065), located within Section 01, Township 30 South, Range 38 East in Brevard County, Florida. The applicants propose to mitigate for impacts to the species by protecting 20 acres of Audubon's crested caracara habitat within the Allen Broussard Conservancy. The applicants will also provide a \$10,000 management endowment to ensure the continued success of managing these lands for two nesting pairs of Audubon's crested caracara.

Our Preliminary Determination

We have determined that the applicants' proposal, including the proposed mitigation and minimization measures, would have minor or negligible effects on the species covered in the HCP. Therefore, our proposed issuance of the requested ITP qualifies as a categorical exclusion under the National Environmental Policy Act (NEPA), as provided by Department of the Interior implementing regulations in part 46 of title 43 of the Code of Federal Regulations (43 CFR 46.205, 46.210, and 46.215). A low-effect HCP is one involving (1) Minor or negligible effects on federally listed or candidate species and their habitats, and (2) minor or negligible effects on other environmental values or resources.

Next Steps

We will evaluate the HCP and comments we receive to determine whether the ITP application meets the requirements of section 10(a) of the Act (16 U.S.C. 1531 *et seq.*). If we determine that the application meets these requirements, we will issue ITP number TE24376C-0. We will also evaluate whether issuance of the section 10(a)(1)(B) ITP complies with section 7 of the Act by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in

our final analysis to determine whether or not to issue the ITP. If the requirements are met, we will issue the permit to the applicants.

Public Comments

If you wish to comment on the permit application, HCP, and associated documents, you may submit comments by any one of the methods in

ADDRESSES.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comments, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: We provide this notice under section 10 of the Act and NEPA regulations (40 CFR 1506.6).

Dated: March 21, 2017.
