

to control Merrill's nightshade. A time-limited tolerance in connection with this action will be established in 40 CFR 180.417(b); Effective February 10, 2017 to May 31, 2020.

Pennsylvania

Department of Agriculture

Specific exemptions: EPA authorized the use of thiabendazole on mushroom spawn and supplement equivalent to a maximum of 83,750,000 square feet of crop to control *Trichoderma* green mold. A time-limited tolerance in connection with a previous action is established at 40 CFR 180.242(a); Effective March 17, 2017 to March 17, 2018.

Texas

Department of Agriculture

Crisis exemption: On March 17, 2017, the Texas Department of Agriculture declared a crisis exemption to allow the use of tolfenpyrad on a maximum of 10,000 acres of dry bulb onions to control onion thrips. The need for this use is expected beyond the 15 days allowed under a crisis exemption, and a specific exemption request was submitted to the Agency. A time-limited tolerance in connection with this action will be established in 40 CFR 180.675(b); Effective March 14, 2017 to March 31, 2017.

Specific exemptions: EPA authorized the use of sulfoxafloor on a maximum of 3,000,000 acres of sorghum (grain and forage) to control sugarcane aphid. A time-limited tolerance in connection with this action has been established in 40 CFR 180.668(b); Effective April 9, 2017 to November 30, 2017.

EPA authorized the use of clothianidin on a maximum of 4,000 acres of immature citrus trees to manage the transmission of Huanglongbing (HLB) disease vectored by the Asian citrus psyllid. A time-limited tolerance in connection with this action was established in 40 CFR 180.668(b); Effective May 1, 2017 to May 1, 2018.

B. Federal Department and Agency

U.S. Department of Agriculture

Animal and Plant Health Inspector Service

Quarantine exemptions: EPA authorized the use of methyl bromide on post-harvest unlabeled imported/ domestic commodities to prevent the introduction/spread of any new or recently introduced foreign pest(s) to any U.S. geographical location; March 1, 2017 to March 1, 2020.

EPA authorized the planting of 100% of cotton acreage to transgenic (Bt) cotton as a component of the Pink Bollworm (PBW) Eradication Program in the PBW eradication area of California. A potential maximum of an additional 1,600 acres could be planted to Bt cotton under this quarantine exemption. Effective: March 9, 2017 to March 9, 2020.

Authority: 7 U.S.C. 136 *et seq.*

Dated: May 26, 2017.

Daniel Rosenblatt,

Acting Director, Registration Division, Office of Pesticide Programs.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2010-0014; FRL-9962-88]

Product Cancellation Order for Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1 of Unit II, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a June 8, 2016 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 2 of Unit II, to voluntarily cancel these product registrations. In the June 8, 2016 notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 180-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency did not receive any comments on the notice. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations are effective July 5, 2017.

FOR FURTHER INFORMATION CONTACT: Michael Yanchulis, Information Technology and Resources Management

Division (7502P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 347-0237; email address: yanchulis.michael@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. How can I get copies of this document and other related information?

The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2010-1014, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP Docket is (703) 305-5805. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

II. What action is the agency taking?

This notice announces the cancellations and/or amendment to terminate uses, as requested by registrants, of products registered under FIFRA section 3 (7 U.S.C. 136a). These registrations are listed in sequence by registration number in Table 1 and Table 2 of this unit. The following registration numbers that were listed in the **Federal Register** of June 8, 2016 (81 FR 36913) (FRL-9943-68) have already been cancelled in previous **Federal Register** notices: 81002-1 on September 18, 2015 (80 FR 56457); 9198-205 on October 3, 2016 (81 FR 68013); and 3525-71, 3525-91, 3525-96, 3525-109, CA-030012, MA-080001, OR-080035, OR-100010 and TX-100019 on March 22, 2017 (82 FR 14717).

III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received two general comments concerning the chemical, glyphosate. The Agency does not believe that the comments submitted during the comment periods merits further review or the denial of the

requests for the voluntary cancellations of products listed in Table 1 of Unit II or the request for the amendment to terminate uses in Table 2 or Unit II.

IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations and/or amendment to terminate uses of the registrations identified in Table 1 and

Table 2 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit II. are canceled and/or amended to terminate the effective uses. The effective date of the cancellations that are the subject of this notice is July 5, 2017. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II. in a manner inconsistent with any of the

provisions for disposition of existing stocks set forth in Unit VI. will be a violation of FIFRA.

V. What is the agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of June 8, 2016 (81 FR 36913) (FRL-9943-68). The comment period closed on December 5, 2016.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

The registrant(s) may continue to sell and distribute existing stocks of product(s) listed in Table 1 of Unit II. until July 5, 2018, which is 1 year after the publication of the Cancellation Order in the **Federal Register**. Thereafter, the registrants are prohibited from selling or distributing products listed in Table 1, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal. Persons other than the registrants may sell, distribute, or use existing stocks of products listed in Table 1 of Unit II. until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

Authority: 7 U.S.C. 136 *et seq.*

Dated: May 25, 2017.

Delores Barber,

Director, Information Technology and Resources Management Division, Office of Pesticide Programs.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2017-0141; FRL-9962-66]

Certain New Chemicals or Significant New Uses; Statements of Findings for March 2017

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5(g) of the Toxic Substances Control Act (TSCA) requires EPA to publish in the **Federal Register** a statement of its findings after its review of TSCA section 5(a) notices when EPA makes a finding that a new chemical substance or significant new use is not likely to present an unreasonable risk of injury to health or the environment. Such statements apply to premanufacture notices (PMNs), microbial commercial activity notices (MCANs), and significant new use notices (SNUNs) submitted to EPA under TSCA section 5. This document presents statements of findings made by EPA on TSCA section 5(a) notices during the period from March 1, 2017 to March 31, 2017.

FOR FURTHER INFORMATION CONTACT: *For technical information contact:* Greg Schweer, Chemical Control Division (7405M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (202) 564-8469; email address: schweer.greg@epa.gov.

For general information contact: The TSCA-Hotline, ABVI-Goodwill, 422 South Clinton Ave., Rochester, NY 14620; telephone number: (202) 554-1404; email address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitters of the PMNs addressed in this action.

B. How can I get copies of this document and other related information?

The docket for this action, identified by docket identification (ID) number EPA-HQ-OPPT-2017-0141, is available at <http://www.regulations.gov> or at the Office of Pollution Prevention and Toxics Docket (OPPT Docket), Environmental Protection Agency Docket Center (EPA/DC), West William

Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

II. What action is the agency taking?

This document lists the statements of findings made by EPA after review of notices submitted under TSCA section 5(a) that certain new chemical substances or significant new uses are not likely to present an unreasonable risk of injury to health or the environment. This document presents statements of findings made by EPA during the period from March 1, 2017 to March 31, 2017.

III. What is the agency's authority for taking this action?

TSCA section 5(a)(3) requires EPA to review a TSCA section 5(a) notice and make one of the following specific findings:

- The chemical substance or significant new use presents an unreasonable risk of injury to health or the environment;
- The information available to EPA is insufficient to permit a reasoned evaluation of the health and environmental effects of the chemical substance or significant new use;
- The information available to EPA is insufficient to permit a reasoned evaluation of the health and environmental effects and the chemical substance or significant new use may present an unreasonable risk of injury to health or the environment;
- The chemical substance is or will be produced in substantial quantities, and such substance either enters or may reasonably be anticipated to enter the environment in substantial quantities or there is or may be significant or substantial human exposure to the substance; or
- The chemical substance or significant new use is not likely to present an unreasonable risk of injury to health or the environment.

Unreasonable risk findings must be made without consideration of costs or other non-risk factors, including an unreasonable risk to a potentially exposed or susceptible subpopulation identified as relevant under the conditions of use. The term "conditions of use" is defined in TSCA section 3 to mean "the circumstances, as determined
