[FHWA Docket No. FHWA-2016-0034]

Surface Transportation Project Delivery Program; Ohio Department of Transportation Audit Report

AGENCY: Federal Highway Administration (FHWA), DOT.
ACTION: Notice.

SUMMARY: The Moving Ahead for Progress in the 21st Century Act (MAP-21) established the permanent Surface

Transportation Project Delivery Program that allows a State to assume FHWA's environmental responsibilities for review, consultation, and compliance for Federal highway projects. When a State assumes these Federal responsibilities, the State becomes solely liable for carrying out the responsibilities it has assumed, in lieu of FHWA. This program mandates annual audits during each of the first 4 years of State participation to ensure compliance by each State participating in the Program. This notice makes available the final report of Ohio Department of Transportation's (ODOT) first audit under the program.

FOR FURTHER INFORMATION CONTACT: Mr. Kreig Larson, Office of Project Development and Environmental Review, (202) 366-2056, Kreig.Larson@dot.gov, or Mr. Jomar Maldonado, Office of the Chief Counsel, (202) 366-1373, Jomar.Maldonado@dot.gov, Federal Highway Administration, Department of Transportation, 1200 New Jersey Avenue SE., Washington, DC 20590. An electronic copy of this notice may be downloaded from the specific docket page at www.regulations.gov.

Background

The Surface Transportation Project Delivery Program, codified at 23 U.S.C. 327, allows a State to assume FHWA's environmental responsibilities for review, consultation, and compliance for Federal highway projects. When a State assumes these Federal responsibilities, the State becomes solely liable for carrying out the responsibilities it has assumed, in lieu of the FHWA. The ODOT published its application for assumption under the National Environmental Policy Act (NEPA) Assignment Program on April 12, 2015, and made it available for public comment for 30 days. After considering public comments, ODOT submitted its application to FHWA on May 27, 2015. The application served as

the basis for developing a Memorandum of Understanding (MOU) that identifies the responsibilities and obligations that ODOT would assume. The FHWA published a notice of the draft MOU in the **Federal Register** on October 15, 2015, with a 30-day comment period to solicit the views of the public and Federal agencies. After the close of the comment period, FHWA and ODOT considered comments and proceeded to execute the MOU. Effective December 28, 2015, ODOT assumed FHWA's responsibilities under NEPA, and the responsibilities for NEPA-related Federal environmental laws described in the MOU.

Section 327(g) of Title 23, United States Code, requires the Secretary to conduct annual audits during each of the first 4 years of State participation. After the fourth year, the Secretary shall monitor the State's compliance with the written agreement. The results of each audit must be made available for public comment. The FHWA published a notice in the **Federal Register** on March 16, 2017, soliciting public comment for 30-days, pursuant to 23 U.S.C. 327(g). This notice is available at 82 FR 14096. The FHWA received comments on the draft report from the American Road & Transportation Builders Association (ARTBA). The ARTBA's comments were supportive of the Surface Transportation Project Delivery Program and did not relate specifically to Audit #1. The team has considered these comments in finalizing this audit report. This notice makes available the final report of ODOT's first audit under the program.

Authority: 23 U.S.C 327; 23 CFR 773; 49 CFR 1.85.

Issued on: June 29, 2017.

Walter C. Waidelich, Jr.,
Acting Deputy Administrator, Federal Highway Administration.
