to the disposition of their expiring contracts/rates, and obtain a period should provide Maersk Line for 20 days. Petitioner states "this time to extend or renegotiate..." because information systems such that it "is not Petya virus" severely impaired its operations. Petitioner asserts that the "so-called Petya virus" severely impaired its information systems such that it "is not possible to determine which service contracts and/or service contract rates are scheduled to expire at the end of June or in early July." Because Petitioner is uncertain which customers to contact to "extend or renegotiate those contracts/rates," it is requesting relief from service contract filing rules for 20 days. Petitioner states "[t]his time period should provide Maersk Line sufficient time to regain access to its service contract database and filing capabilities, to be able to identify expiring contracts/rates, and obtain agreements from shippers with regards to the disposition of their expiring contracts/rates." In order for the Commission to make a thorough evaluation of the exemption requested in the Petition, pursuant to 46 CFR 502.92, interested parties are requested to submit views or arguments in reply to the Petition no later than July 14, 2017.
