F&O contracts that are financial and softs contracts. As a result, the proposed changes will not affect the Clearing House's CDS clearing operations or CDS Clearing Members acting in their capacity as such. In addition, the proposed amendments will not affect ICE Clear Europe's financial resources or risk management applicable to the CDS clearing business. Accordingly, ICE Clear Europe does not believe that the proposed amendments will have a significant effect on its securities clearing activity as a registered securities clearing agency or the rights or obligations of clearing members with respect thereto. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change, if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

II. Description of the Proposed Rule Change

ICE Clear Europe maintains financial resources to cover potential losses resulting from a CDS Clearing Member default by collecting margin from CDS Clearing Members, maintaining the CDS Guaranty Fund which is made up of CDS Member Contributions, and allocating its own contribution. In the event that ICE Clear Europe experiences losses from the default of a CDS Clearing Member, it first looks to the margin and CDS Guaranty Fund contributions provided by that defaulting CDS Clearing Member. Next, ICE Clear Europe applies part of its own contribution—the Clearing House CDS Initial Contribution. Third, ICE Clear Europe applies the CDS Guaranty Fund contributions of non-defaulting CDS Clearing Members together with the remainder of its own contribution (the Clearing House CDS GF Contribution).

ICE Clear Europe has proposed revisions to its Finance Procedures to permit ICE Clear Europe to redesignate all or a part of the Clearing House CDS GF Contribution as the Clearing House CDS Initial Contribution. If such redesignation were to occur, the Clearing House CDS GF Contributions would no longer be used pari passu with non-defaulting CDS Clearing Members' contributions to the CDS Guaranty Fund. Instead, the redesignated amounts would be used before non-defaulting CDS Clearing Members' contributions. Accordingly, ICE Clear Europe has proposed amending paragraph 15.2(a) of the Finance Procedures, which establishes the amount of the Clearing House CDS Initial Contribution, to provide that “[t]he amount of the Clearing House CDS Initial Contribution may be further increased by [ICE Clear Europe] redesignating all or part of any of the Clearing House CDS GF Contributions as Clearing House CDS Initial Contributions.” Section 15.2(a) will also provide that any redesignation will be notified by circular. ICE Clear Europe has also proposed additional, conforming changes to paragraphs 15.2(b) to refer to amounts so redesignated as Clearing House CDS Initial Contribution; 15.2(c) to take into account amounts that are redesignated when establishing the Clearing House CDS GF Contributions; 15.2(d) to include redesignated amounts in the Clearing House CDS GF Contribution when calculating any replenishment to the Clearing House CDS GF...
security-based swaps.\textsuperscript{9} Rule 17Ad–22(e)(4) requires that a covered clearing agency involved in activities with a more complex risk profile shall establish, implement, maintain, and enforce written policies and procedures reasonably designed to effectively identify, measure, monitor, and manage its credit exposures to participants and those arising from its payment, clearing, and settlement processes, including by, in relevant part, (i) maintaining sufficient financial resources to cover its credit exposure to each participant fully with a high degree of confidence, (ii) maintaining additional financial resources at the minimum to enable it to cover a wide range of foreseeable stress scenarios that include, but are not limited to, the default of the two participant families that would potentially cause the largest aggregate credit exposure for the covered clearing agency in extreme but plausible market conditions, (iv) including pre-funded financial resources, exclusive of assessments for additional guaranty fund contributions or other resources that are not pre-funded, when calculating the financial resources available, and (v) maintaining the financial resources required under Rule 17Ad–22(e)(4)(ii) in combined or separately maintained clearing or guaranty funds, as applicable.\textsuperscript{10} Rule 17Ad–22(e)(2) requires that a covered clearing agency shall establish, implement, maintain and enforce written policies and procedures reasonably designed to provide for governance arrangements that are clear and transparent and support the public interest requirements in Section 17A of the Act applicable to clearing agencies, and the objectives of owners and participants.\textsuperscript{11}

The Commission finds that the proposed rule change is consistent with Section 17A of the Act and Rule 17Ad–22 thereunder. Because ICE Clear Europe has not proposed changing the amount of financial resources it contributes to cover default losses, but rather, to give itself the authority to apply some or all of those amounts in a default scenario sooner than it otherwise would, the proposed rule change is consistent with Section 17A(b)(3)(F)\textsuperscript{12} and Rules 17Ad–22(b)(3) and (e)(4).\textsuperscript{13} ICE Clear Europe’s flexibility in deciding whether and, if so, how much, of the Clearing House CDS GF Contribution to designate is consistent with the public interest in light of ongoing industry discussions, consistent with Section 17A(b)(3)(F) of the Act.\textsuperscript{14} Finally, ICE Clear Europe’s proposal to vest redesignation authority with its Board, in consultation with its CDS Risk Committee and publication by circular, is consistent with the requirement in Rule 17Ad–22(e)(2) concerning governance arrangements that are clear and transparent and support the public interest requirements of Section 17A of the Act applicable to clearing agencies and the objectives of participants.\textsuperscript{15}

\section*{IV. Conclusion}

It is therefore ordered pursuant to Section 19(b)(2) of the Act that the proposed rule change (SR–ICEEU–2017–005) be, and hereby is, approved.\textsuperscript{16}

For the Commission by the Division of Trading and Markets, pursuant to delegated authority.

Eduardo A. Aleman,
Assistant Secretary.
