SUPPLEMENTARY INFORMATION:

I. Introduction

The NRC received, by letter dated February 27, 2017 (ADAMS Accession No. ML17069A296), and supplemented on April 25, 2017 (ADAMS Accession No. ML17115A215), an application to amend Lost Creek's Source and Byproduct Materials License SUA–11598 for the Lost Creek Facility located in Sweetwater County, Wyoming. The proposed amendment would authorize the recovery of uranium by ISR extraction techniques at the Lost Creek East Expansion Area and at deeper subsurface horizon (the KM Horizon) with both the existing facility and proposed expansion area. This application contains SUNSI.

An NRC administrative completeness review found the application acceptable for technical review (ADAMS Accession No. ML17115A400). Prior to approving the amendment application, the NRC will need to make the findings required by the Atomic Energy Act of 1954, as amended (the Act), and the NRC's regulations. The NRC's findings will be documented in a safety evaluation report prepared by the NRC. The NRC will participate in the development of an environmental impact statement (EIS) prepared by the U.S. Bureau of Land Management (BLM) in accordance with the Memorandum of Understanding between the NRC and the BLM dated February 12, 2013 (ADAMS Accession No. ML13072A778). The NRC will review the BLM's EIS for adoption to fulfil the NRC's responsibilities under the National Environmental Policy Act (NEPA) and National Historic Preservation Act (NHPA). The BLM and the NRC agreed that the BLM would be the designated lead agency in preparation of this EIS by letter dated December 14, 2104 (ADAMS Accession No. ML14303A508). The BLM's notice of intent to prepare the EIS was noticed in the **Federal Register** on September 14, 2015 (80 FR 55149).

In addition to the structural expansion, the amendment application also includes a request to increase the maximum permitted annual production of yellowcake from 2.0 to 2.2 million pounds.

Within 60 days after the date of publication of this notice, any persons (petitioner) whose interest may be affected by this action may file a request for a hearing and petition for leave to intervene (petition) with respect to the action. Petitions shall be filed in accordance with the Commission's “Agency Rules of Practice and
