Title: Marks and Notices on Packages of Tobacco Products, TTB REC 5210/13.
OMB Number: 1513–0101.
TTB Recordkeeping Number: REC 5210/13.
Abstract: The IRC at 26 U.S.C. 5723 requires certain marks and notices be placed on packages of tobacco products and cigarette papers and tubes before removal. Under this authority, the TTB regulations require that packages of domestically manufactured or imported tobacco products bear certain information to identify the product, its excise tax class, and the quantity or weight of the product, depending on the basis of the tax. The TTB regulations also require certain markings on packages of such articles intended for export. Tobacco products and cigarette papers and tubes for export are either removed without payment of tax or are exported after tax payment with benefit of drawback of the taxes paid, and the required marks on the packages (or shipping containers, under some circumstances) are intended to ensure the product is readily identifiable, to prevent diversion of the products into the domestic market.
Current Actions: TTB is submitting this information collection as a revision. While the information collection remains the same, TTB is increasing the estimated number of respondents to reflect an increase in the number of tobacco industry members. There is no change to the estimated burden hours because affixing the required marks and notices to tobacco packages is a usual and customary business practice.
Type of Review: Revision of a currently approved collection.
Affected Public: Businesses and other for-profits.
Estimated Number of Respondents: 600.
Estimated Total Annual Burden:
Hours: 1 (one).
Title: Usual and Customary Business Records Relating to Wine (TTB REC 5120/1).
OMB Number: 1513–0115.
TTB Recordkeeping Number: REC 5120/1.
Abstract: Under the authority of the IRC at 26 U.S.C. 5367, 5369, 5370, and 5553, the TTB regulations require wineries, taxpaid wine bottling houses, and vineyard plants to keep usual and customary business records relating to wine, including purchase invoices, sales invoices, and internal records, in order to document the use of authorized materials and processes and the production and processing, packaging, storing, and shipping operations. The requirements to keep such records is necessary to protect the revenue. TTB routinely inspects these records to ensure the proper payment of Federal wine excise taxes by these businesses.
Current Actions: TTB is submitting this information collection for extension purposes only. The information collection, estimated number of respondents, and estimated number of burden hours remain unchanged.
Type of Review: Extension of a currently approved collection.
Affected Public: Businesses and other for-profits.
Estimated Number of Respondents: 10,970.
Estimated Total Annual Burden:
Hours: 1 (one).
Title: Labeling of Major Food Allergens and Petitions for Exemption.
OMB Number: 1513–0121.
Abstract: The Federal Alcohol Administration Act (FAA Act) at 27 U.S.C. 205(e) authorizes the Secretary to issue regulations regarding the labeling of wine, distilled spirits, and malt beverages in order to, among other things, prohibit consumer deception and ensure that labels provide consumers with adequate information as to the identity and quality of such products. Under this authority, the TTB regulations allow for the voluntary labeling of major food allergens (as defined in the Food Allergen Labeling and Consumer Protection Act of 2004) used in the production of alcohol beverages. The regulations require that, if any one major food allergen is voluntarily declared, all major food allergens used in the product must be declared, except when TTB has approved a petition for exemption from such labeling. This information collection includes the labeling of allergens and petitions for exemption.
Current Actions: TTB is submitting this information collection as a revision. While the information collection remains unchanged, TTB is increasing the number of respondents, responses, and burden hours due to an increase in voluntary allergen labeling on alcohol beverages.
Type of Review: Revision of a currently approved collection.
Affected Public: Businesses and other for-profits.
Estimated Number of Respondents: 1,020.
Estimated Total Annual Burden:
Hours: 1,060.
