Amendment to the Agreement Suspending the Antidumping Duty Investigation on Certain Oil Country Tubular Goods From Ukraine

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable July 10, 2017.

SUMMARY: The Department of Commerce (the Department) and a representative of the Ukrainian signatory producer/exporter of certain oil country tubular goods (OCTG) from Ukraine, Interpipe, have signed an amendment to the Agreement Suspending the Antidumping Duty Investigation on Certain Oil Country Tubular Goods from Ukraine (Agreement). The amendment to the Agreement extends the Agreement for one additional year, specifying that the Agreement shall terminate four years after the effective

date of the original agreement, on July 10, 2018.

SUPPLEMENTARY INFORMATION:

Background

As signed on July 10, 2014, Section H of the Agreement stated that, "{t}his Agreement shall terminate three years after the effective date of this Agreement, on July 10, 2017."¹ On December 9, 2016, the Ukrainian signatory producer/exporter Interpipe² requested that the Agreement be extended by five years, to July 10, 2022.³ On December 22, 2016, the Department invited interested parties to comment on the extension request.⁴ On January 13, 2017, the Petitioners⁵ filed a letter in opposition to the request to extend the Agreement.⁶ On May 19, 2017, the Department informed Interpipe that it was denying Interpipe's request to extend the Agreement by five years.⁷ The Department stated that it had reviewed Interpipe's request and the comments received from interested parties and that it intended to follow the current terms of the Agreement by proceeding to issue an antidumping duty order on July 10, 2017.

Subsequently, the Department reconsidered its decision and, on July 10, 2017, met with counsel to the Petitioners to discuss the possible

extension of the Agreement.⁸ As a result of its reconsideration, the Department determined to grant Interpipe's request, in part, and extend the Agreement by one year, based on the unique facts and circumstances in Ukraine which have affected Interpipe's operations since the inception of the Agreement and are still ongoing.⁹ The Department and Interpipe, therefore, signed an amendment to the Agreement on July 10, 2017, extending the Agreement by an additional one-year period such that the Agreement will terminate, and the Department will issue an antidumping duty order, on July 10, 2018.

The terms and conditions of the July 10, 2017 amendment to the Agreement are set forth in the Amendment to the Agreement, which is attached in Annex 1 to this notice.

We are publishing this notice consistent with section 734(f)(1)(A) of the Tariff Act of 1930, as amended, and 19 CFR 351.208(g)(2).

Dated: July 11, 2017.

Amendment to the Agreement Suspending the Antidumping Duty Investigation on Certain Oil Country Tubular Goods From Ukraine

The United States Department of Commerce (the Department) and the producers/exporters of Certain Oil Country Tubular Goods from Ukraine that are signatories to the Agreement Suspending the Antidumping Duty Investigation on Certain Oil Country Tubular Goods from Ukraine (Agreement), signed on July 10, 2014, hereby amend Section H of the Agreement, as follows:

The first sentence of Section H is amended as follows (changes in italics):

(H) Termination or Withdrawal

This Agreement shall terminate *four* years after the effective date of this Agreement, on *July 10, 2018*.

All other provisions of the Agreement, as amended, continue with full force.

Signed on July 10, 2017, in Washington, DC by

Gray Portland Cement and Cement Clinker From Japan: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determination by the Department of Commerce (Department) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on gray portland cement and cement clinker (cement and clinker) from Japan would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of this antidumping duty order.

DATES: Applicable July 17, 2017.

FOR FURTHER INFORMATION CONTACT: Amanda Brings, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–3927.

SUPPLEMENTARY INFORMATION:

Background

On November 1, 2016, the Department published the notice of initiation of the fourth sunset review of the antidumping duty order on cement and clinker from Japan pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹ As a result of its review, the Department determined that revocation of the AD order would likely lead to a continuation or recurrence of dumping.² The Department, therefore, notified the ITC of the magnitude of the margins

¹ See *Initiation of Five-Year ("Sunset") Reviews*, 81 FR 75808 (November 1, 2016).

likely to prevail should the AD order be revoked. On July 5, 2017, the ITC published notice of its determination, pursuant to section 751(c) of the Act, that revocation of the AD order on cement and clinker from Japan would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

Scope of the Order

The products covered by the order are cement and cement clinker from Japan. Cement is a hydraulic cement and the primary component of concrete. Cement clinker, an intermediate material produced when manufacturing cement, has no use other than grinding into finished cement. Microfine cement was specifically excluded from the antidumping duty order. Cement is currently classifiable under the Harmonized Tariff Schedule (HTS) item number 2523.29 and cement clinker is currently classifiable under HTS item number 2523.10. Cement has also been entered under HTS item number 2523.90 as "other hydraulic cements." The HTS item numbers are provided for convenience and customs purposes. The written product description remains dispositive as to the scope of the product covered by the order.⁴

Continuation of the Order

As a result of the determinations by the Department and the ITC that revocation of the AD order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), the Department hereby orders the continuation of the AD order on cement and clinker from Japan. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of this order not later than 30 days prior to the fifth

⁴ The Department has made two scope rulings regarding subject merchandise. See *Scope Rulings*, 57 FR 19602 (May 7, 1992) (classes G and H of oil well cement are within the scope of the order), and *Scope Rulings*, 58 FR 27542 (May 10, 1993) ("Nittetsu Super Fine" cement is not within the scope of the order).
