

Description

- The institution's disclosures must list the following fees: Periodic fees, per purchase fees (including point-of-sale fees), ATM withdrawal fees, cash reload fees, overdraft fees, ATM balance inquiry fees, customer service fees, and inactivity fees. These fees are referred to as "static fees" because all institutions using the Secretary's format must list these fees in the disclosures, even if the amount of the fee is zero or the fee relates to a feature that is not offered as part of the specific account. In cases where the amount of any fee could vary, the disclosures must show the highest amount the account provider may charge for that fee, followed by a symbol, such as an asterisk, linked to a statement explaining that the fee could be lower depending on how and where the account is used. The asterisk would be included, for example, if point-of-sale fees differ depending on whether the cardholder is required to provide a PIN or signature. In cases where a static fee is not imposed, the institution may demonstrate that the fee is not applicable by placing "N/A" or an equivalent designation in the appropriate field.

- The disclosures must include the number of fee types the accountholder may be charged under the specific account program, excluding those fees that are either disclosed on the form or in close proximity as described below.

- The disclosures must also list the two additional fee types, if any, that generated the highest revenue from account holders during the previous 24 months excluding static fees, any purchase price, any activation fees and any fee types that generated less than five percent of the total revenue from accountholders, as well as the amounts of such additional fees. The two additional fee types would be determined for the specific financial account program or across programs with the same fee schedule. Institutions must ensure that the financial account provider reviews their fee revenue periodically and that they assist the institution in updating the disclosures if needed.

- The disclosures must include statements regarding FDIC/NCUA insurance and a link to the terms and conditions of the account.

- The disclosures must include a written statement that students do not have to accept the account offered under a T1 or T2 arrangement and may recommend that students ask about other ways to receive their Federal student aid.

- In close proximity to the disclosures, though not necessarily within the disclosures, the institution must disclose the financial account provider's name; the name of the account; for T2 accounts, any purchase price for the account (such as a fee for acquiring an access device or a replacement for an access device); and any fee for activating the account. If the financial account is a T1 account, the institution must also use this space to disclose that a student account holder may access his or her title IV, HEA program funds in part and in full up to the account balance via domestic withdrawals and transfers free of charge, during the student's entire period of enrollment following the date that such title IV, HEA program funds are deposited or transferred to the financial account, as required under § 668.164(e)(2)(v)(C). We also remind institutions that T1 accounts may not charge fees for opening or activating the financial account or initially receiving or activating an access device, nor for overdrafts or fees assessed on point-of-sale transactions.

List of Subjects in 39 CFR Part 265

Administrative practice and procedure, Courts, Freedom of information, Government employees.

For the reasons stated in the preamble, the Postal Service amends 39 CFR chapter I as follows:

PART 265—[AMENDED]

■ 1. The authority citation for 39 CFR part 265 continues to read as follows:

Authority: 5 U.S.C. 552; 5 U.S.C. App. 3; 39 U.S.C. 401, 403, 410, 1001, 2601; Pub. L. 114-185.

- 2. Revise § 265.1 to read as follows:

§ 265.1 General provisions.

(a) *Policy.* (1) This subpart contains the regulations that implement the Freedom of Information Act (FOIA), 5 U.S.C. 552, insofar as the Act applies to the Postal Service. These rules should be read in conjunction with the text of the FOIA and the Uniform Freedom of Information Fee Schedule and Guidelines published by the Office of Management and Budget (OMB Guidelines). The Postal Service FOIA Requester's Guide, an easy-to-read guide for making Postal Service FOIA requests, is available at <http://about.usps.com/who-we-are/foia/welcome.htm>.

(2) Requests made by individuals for records about themselves under the Privacy Act of 1974, 5 U.S.C. 552a, are processed under part 266 of this chapter as well as under this subpart.

(3) It is the policy of the Postal Service to make its official records available to the public to the maximum extent consistent with the public interest. This policy requires a practice of full disclosure of those records that are covered by the requirements of the FOIA, subject only to the specific exemptions required or authorized by law. The exemptions from mandatory disclosure for various types of records provided by 5 U.S.C. 552(b) and 39 U.S.C. 410(c) reflect the fact that under some circumstances, the public interest may be better served by leaving the disclosure of particular records to the discretion of the Postal Service rather than by requiring their disclosure. This Postal Service policy does not create any right enforceable in court.

(4) Nothing in this subpart shall be construed to entitle any person, as of right, to any service or to the disclosure of any record to which such person is not entitled under the FOIA.

(b) Definitions—(1) *Record.* (i) For purposes of this part, a *record* is a discrete, distinct, or segregable grouping of information that pertains to a specific topic that is:

(A) Recorded, regardless of media, format, or physical characteristics, including electronic data; and

(B) In the custody or control of the Postal Service.

(ii) The definition of a record does not include any discrete, distinct, or segregable grouping of information created at the discretion of an employee primarily for the employee's convenience and not disclosed to other employees. The definition of a record is not the same as a "document;" a single "document" may be a single record or it may include multiple records and

groupings of information that do not constitute records as defined in this section.

(2) *Component.* For purposes of this subpart, *component* means any department or facility within the Postal Service that maintains records; the Office of Inspector General; and the Postal Inspection Service. Postal Service refers to all such components collectively.

- 3. Revise § 265.5(a) to read as follows:

§ 265.5 Timing of responses to requests.

(a) *In general.* Requests will ordinarily be responded to according to their order of receipt. A request that is not initially submitted to the appropriate FOIA RSC will be deemed to have been received by the Postal Service at the time that it is actually received by the appropriate FOIA RSC, but in any case a request will be deemed to have been received no later than 10 business days after the request is first received by a FOIA RSC.

* * * * *

- 4. In § 265.14, revise paragraphs (d) introductory text and (d)(5) introductory text to read as follows:

§ 265.14 Rules concerning specific categories of records.

* * * * *

(d) *Disclosure of names and addresses of specifically identified Postal Service customers.* Upon request, the names and addresses of specifically identified Postal Service customers will be made available only as follows:

* * * * *

(5) *Exceptions.* Except as otherwise provided in these regulations, names or addresses of specifically identified Postal Service customers will be furnished only as follows:

* * * * *
