

Because the issues raised by field testing and by issuance of a license are identical, APHIS has concluded that the EA that is generated for field testing would also be applicable to the proposed licensing action. Provided that the field test data support the conclusions of the original EA and the issuance of a FONSI, APHIS does not intend to issue a separate EA and FONSI to support the issuance of the associated product license, and would determine that an environmental impact statement need not be prepared. APHIS intends to issue a veterinary biological product license for this vaccine following satisfactory completion of the field test, provided no adverse impacts on the human environment are identified and provided the product meets all other requirements for licensing.

**Title:** 7 CFR part 1776, "Household Water Well System Grant Program".

**OMB Control Number:** 0572–0139.

**Type of Request:** Extension of a currently approved information collection.

**Abstract:** The Rural Utilities Service supports the sound development of rural communities and the growth of our economy without endangering the environment. RUS provides financial and technical assistance to help communities bring safe drinking water and sanitary, environmentally sound waste disposal facilities to rural Americans in greatest need.

The Household Water Well System (HWWS) Grant Program makes grants to qualified private non-profit organizations which will help homeowners finance the cost of private wells. As the grant recipient, non-profit organizations will establish a revolving loan fund lending program to provide water well loans to individuals who own or will own private wells in rural areas. The individual loan recipients may use the funds to construct, refurbish, and service their household well systems for an existing home.

The collection of information consists of the materials to file a grant application with the agency, including

forms, certifications and required documentation.

**Estimate of Burden:** Public reporting burden for this collection of information is estimated to average 32.35 hours per response.

**Respondents:** Non-profit institutions.

**Estimated Number of Respondents:** 7.

**Estimated Number of Responses per Respondent:** 24.

**Estimated Total Annual Burden on Respondents:** 776 Hours.

Copies of this information collection can be obtained from Rebecca Hunt, Management Analyst, Program Development and Regulatory Analysis, at (202) 205–3660; FAX: (202) 720–8435.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: June 26, 2017.
