

which I take official notice,⁵ Registrant's registration did, in fact, expire on June 30, 2017. Moreover, Registrant has not filed a renewal application, whether timely or not.

It is well settled that “[i]f a registrant has not submitted a timely renewal application prior to the expiration date, then the registration expires and there is nothing to revoke.” *Ronald J. Riegel*, 63 FR 67132, 67133 (1998); *see also William W. Nucklos*, 73 FR 34330 (2008). Furthermore, because Registrant did not file a renewal application, there is no application to act upon. *See Nucklos*, 73 FR at 34330. Accordingly, because there is neither a registration, nor an application, to act upon, I hold that this case is now moot.

Order

Pursuant to the authority vested in me by 21 U.S.C. 824(a), as well as 28 CFR 0.100(b), I order that the Order to Show Cause issued to Mohammed S. Aljanaby, M.D., be, and it hereby is, dismissed.

Dated: July 14, 2017.

Chuck Rosenberg,

Acting Administrator.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Third Modification to Consent Decree Under the Clean Air Act

On July 19, 2017, the United States lodged a proposed Third Modification to the Consent Decree (“Third Modification”) with the United States District Court for the Western District of Pennsylvania in the lawsuit entitled *United States, et al. v. Essroc Cement Corp.*, Civil No. 2:11-cv-01650.

The Court approved the original Consent Decree in 2012, resolving claims under the Clean Air Act against six Essroc cement facilities in three states and Puerto Rico. The proposed Third Modification affects only Defendant's Logansport facility in Logansport, Indiana. The proposed Third Modification reworks requirements for controlling emissions of nitrogen oxides, known as NO_x, at Logansport. Under the proposed agreement, Essroc will no longer be required to install a NO_x control technology known as SNCR (which stands for selective non-catalytic reduction) at Logansport Kiln 2. Instead, Essroc will be required to install water injection technology, another NO_x

control technology, at both Logansport kilns. In addition, the proposed agreement reduces the allowable NO_x emissions rate at both kilns. Finally, the proposed Third Modification notes that Essroc is now known as Lehigh Hanson ECC.

The publication of this notice opens a period for public comment on the Third Modification. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Essroc Cement Corp.*, D.J. Ref. No. 90-5-2-1-09608. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

SUPPLEMENTARY INFORMATION: The Task Force is being established in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C. App. 2. The Task Force is charged with the mission of identifying strategies and proposals to promote apprenticeships, especially in sectors where apprenticeship programs are insufficient. Upon completion of this assignment, the Task Force shall

⁵ See 5 U.S.C. 556(e); 21 CFR 1316.59(e).

submit to the President of the United States a final report which details these strategies and proposals. Pursuant to the Executive Order, the report must specifically address the following four topics:

- Federal initiatives to promote apprenticeships;
- Administrative and legislative reforms that would facilitate the formation and success of apprenticeship programs;
- The most effective strategies for creating industry-recognized apprenticeships; and
- The most effective strategies for amplifying and encouraging private-sector initiatives to promote apprenticeships.

The Task Force will be solely advisory in nature, and will consider testimony, reports, comments, research, evidence, and existing practices as appropriate to develop recommendations for inclusion in its final report to the President. While the Executive Order did not set forth a definite time frame by which the panel must complete its development of apprenticeship-related strategies and proposals and submit its final report to the President, it is important to note that the Task Force will not be continuing in nature. Pursuant to the Executive Order, the Task Force shall terminate 30 days after it submits its final report to the President.

Under the Executive Order, the Secretary of Labor shall serve as the Chair of the Task Force. The Secretaries of Education and Commerce shall serve as Vice-Chairs of the Task Force. The Secretary of Labor shall appoint the other members of the Task Force, which shall consist of no more than twenty (20) individuals who work for or represent the perspectives of American companies, trade or industry groups, educational institutions, and labor unions, and such other persons as the Secretary of Labor may from time to time designate. These members shall include distinguished citizens from outside of the Federal Government with relevant experience or subject-matter expertise concerning the development of a skilled workforce through quality apprenticeship programs. Pursuant to the Executive Order, a member of the Task Force may designate a senior member of his or her organization to attend any Task Force meeting.

Members of the Task Force shall serve without additional compensation for their work on the Task Force, but shall be allowed travel expenses, including per diem in lieu of subsistence, to the extent permitted by law for persons serving intermittently in the

Government service (5 U.S.C. 5701–5707), consistent with the availability of funds. Each member of the Task Force shall serve at the pleasure of the Secretary of Labor for a term specified in the Task Force's charter (not to exceed 30 days after the delivery of the panel's final report to the President). The Secretary of Labor may also appoint members to fill any Task Force vacancies that may emerge while the panel is in existence.

Nomination Process: Any interested person or organization may nominate one or more qualified individuals for membership on the Task Force. If you would like to nominate yourself or another person for appointment to the panel, you must include the following information as part of the application:

- A copy of the nominee's resume;
- A cover letter that provides your reason(s) for nominating the individual, including a description of the relevant experience and subject-matter expertise of that person concerning the development of a skilled workforce through quality apprenticeship programs; and
- Contact information for the nominee (name, title, business address, business phone, fax number, and business email address).

In addition, the cover letter must represent that the Task Force nominee has agreed to be nominated and is willing to serve on the panel. Please do not include any information in your nomination submission that you do not want publicly disclosed. In selecting Task Force members, the Secretary of Labor will consider individuals nominated in response to this **Federal Register** notice, as well as other qualified individuals. Nominees will be appointed based upon their demonstrated qualifications, professional experience, and demonstrated knowledge of issues related to the scope and purpose of the Task Force, as well as the need to obtain a diverse range of views on this important subject.

Byron Zuidema,

Deputy Assistant Secretary for the Employment and Training Administration.
