Migratory Bird Hunting; Seasons and Bag and Possession Limits for Certain Migratory Game Birds**AGENCY:** Fish and Wildlife Service, Interior.**ACTION:** Final rule.

SUMMARY: This rule prescribes the hunting seasons, hours, areas, and daily bag and possession limits for migratory game birds. Taking of migratory birds is prohibited unless specifically provided for by annual regulations. This rule permits the taking of designated species during the 2017–18 season.

DATES: This rule takes effect on July 26, 2017.

ADDRESSES: You may inspect comments received on the migratory bird hunting regulations during normal business hours at the Service's office at 5275 Leesburg Pike, Falls Church, Virginia. You may obtain copies of referenced reports from the street address above, or from the Division of Migratory Bird Management's Web site at <http://www.fws.gov/migratorybirds/>, or at <http://www.regulations.gov> at Docket No. FWS-HQ-MB-2016-0051.

SUPPLEMENTARY INFORMATION:**Regulations Schedule for 2017**

On June 10, 2016, we published a proposal to amend title 50 of the Code of Federal Regulations (CFR) at part 20 (81 FR 38050). The proposal provided a background and overview of the migratory bird hunting regulations process, and addressed the establishment of seasons, limits, and other regulations for hunting migratory game birds under §§ 20.101 through 20.107, 20.109, and 20.110 of subpart K. Major steps in the 2017–18 regulatory cycle relating to open public meetings and **Federal Register** notifications were also identified in the June 10, 2016, proposed rule.

The June 10, 2016, proposed rule also provided detailed information on the proposed 2017–18 regulatory schedule and announced the Service Regulations Committee (SRC) and Flyway Council meetings.

On August 12, 2016, we published in the **Federal Register** (81 FR 53391) a second document providing supplemental proposals for migratory bird hunting regulations. The August 12 supplement also provided detailed information on the 2017–18 regulatory schedule and re-announced the SRC and Flyway Council meetings.

On October 25–26, 2016, we held open meetings with the Flyway Council Consultants, at which the participants reviewed information on the current status of migratory game birds and developed recommendations for the 2017–18 regulations for these species.

On February 9, 2017, we published in the **Federal Register** (82 FR 10222) the proposed frameworks for the 2017–18 season migratory bird hunting regulations. On May 30, 2017, we published in the **Federal Register** (82 FR 24786) final season frameworks for migratory game bird hunting regulations, from which State wildlife conservation agency officials selected season hunting dates, hours, areas, and limits for 2017–18 seasons.

The final rule described here is the final in the series of proposed, supplemental, and final rulemaking documents for migratory game bird hunting regulations for 2017–18, and deals specifically with amending subpart K of 50 CFR part 20. It sets hunting seasons, hours, areas, and limits for migratory game bird species. This final rule is the culmination of the rulemaking process for the migratory game bird hunting seasons, which started with the June 10, 2016, proposed rule. As discussed elsewhere in this document, we supplemented that proposal on August 12, 2016, and February 9, 2017, and published final season frameworks on May 30, 2017, that provided the season selection criteria from which the States selected these seasons. This final rule sets the migratory game bird hunting seasons based on that input from the States. We previously addressed all comments in the May 30 **Federal Register**.

Required Determinations

Executive Order 13771—Reducing Regulation and Controlling Regulatory Costs

This final rule is not subject to the requirements of Executive Order (EO) 13771 (82 FR 9339, February 3, 2017) because this final rule establishes annual harvest limits related to routine hunting or fishing.

National Environmental Policy Act (NEPA) Consideration

The programmatic document, “Second Final Supplemental Environmental Impact Statement: Issuance of Annual Regulations Permitting the Sport Hunting of Migratory Birds (EIS 20130139),” filed with the Environmental Protection Agency (EPA) on May 24, 2013, addresses NEPA compliance by the Service for issuance of the annual framework regulations for hunting of migratory game bird species. We published a notice of availability in the **Federal Register** on May 31, 2013 (78 FR 32686), and our Record of Decision on July 26, 2013 (78 FR 45376). We also address NEPA compliance for waterfowl hunting frameworks through the annual preparation of separate environmental assessments, the most recent being “Duck Hunting Regulations for 2017–18,” with its corresponding April 7, 2017, finding of no significant impact. The programmatic document as well the separate environmental assessments are available on our Web site at <https://www.fws.gov/birds/index.php> or from the address indicated under the caption **FOR FURTHER INFORMATION CONTACT**.

Endangered Species Act Consideration

Section 7 of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), provides that, “The Secretary shall review other programs administered by him and utilize such programs in furtherance of the purposes of this Act” (and) shall “insure that any action authorized, funded, or carried out * * * is not likely to jeopardize the continued existence of any endangered species or threatened species or result in the destruction or adverse modification of [critical] habitat. * * *.” Consequently, we conducted formal consultations to ensure that actions resulting from these regulations would not likely jeopardize the continued existence of endangered or threatened species or result in the destruction or adverse modification of their critical habitat. Findings from these consultations are included in a biological opinion, which concluded that the regulations are not likely to jeopardize the continued existence of any endangered or threatened species. Additionally, these findings may have caused modification of some regulatory measures previously proposed, and the final frameworks reflected any such modifications. Our biological opinions resulting from this section 7 consultation are public documents available for public inspection at the address indicated under **ADDRESSES**.

Regulatory Planning and Review
(Executive Orders 12866 and 13563)

E.O. 12866 provides that the Office of Information and Regulatory Affairs (OIRA) will review all significant rules. OIRA has reviewed this rule and has determined that this rule is significant because it would have an annual effect of \$100 million or more on the economy.

E.O. 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the nation's regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. The executive order directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements.

An economic analysis was prepared for the 2013–14 season. This analysis was based on data from the 2011 National Hunting and Fishing Survey, the most recent year for which data are available (see discussion in Regulatory Flexibility Act section, below). We used this analysis again for the 2017–18 season. This analysis estimated consumer surplus for three alternatives for duck hunting (estimates for other species are not quantified due to lack of data). The alternatives are (1) issue restrictive regulations allowing fewer days than those issued during the 2012–13 season, (2) issue moderate regulations allowing more days than those in alternative 1, and (3) issue liberal regulations identical to the regulations in the 2012–13 season. For the 2013–14 season, we chose Alternative 3, with an estimated consumer surplus across all flyways of \$317.8–\$416.8 million. We also chose alternative 3 for the 2009–10, the 2010–11, the 2011–12, the 2012–13, the 2014–15, the 2015–16, the 2016–17, and the 2017–18 seasons. The 2013–14 analysis is part of the record for this rule and is available at <http://www.regulations.gov> at Docket No. FWS–HQ–MB–2016–0051.

Regulatory Flexibility Act

The annual migratory bird hunting regulations have a significant economic impact on substantial numbers of small

entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). We analyzed the economic impacts of the annual hunting regulations on small business entities in detail as part of the 1981 cost-benefit analysis. This analysis was revised annually from 1990–95. In 1995, the Service issued a Small Entity Flexibility Analysis (Analysis), which was subsequently updated in 1996, 1998, 2004, 2008, and 2013. The primary source of information about hunter expenditures for migratory game bird hunting is the National Hunting and Fishing Survey, which is conducted at 5-year intervals. The 2013 Analysis was based on the 2011 National Hunting and Fishing Survey and the U.S. Department of Commerce's County Business Patterns, from which it was estimated that migratory bird hunters would spend approximately \$1.5 billion at small businesses in 2013. Copies of the Analysis are available upon request from the Division of Migratory Bird Management (see **FOR FURTHER INFORMATION CONTACT**) or from <http://www.regulations.gov> at Docket No. FWS–HQ–MB–2016–0051.

Small Business Regulatory Enforcement Fairness Act

This final rule is a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. For the reasons outlined above, this rule will have an annual effect on the economy of \$100 million or more. However, because this rule establishes hunting seasons, we do not plan to defer the effective date under the exemption contained in 5 U.S.C. 808(1).

Paperwork Reduction Act

This rule does not contain any new information collection that requires approval under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number. OMB has reviewed and approved the information collection requirements associated with migratory bird surveys and assigned the following OMB control numbers:

- 1018–0019—North American Woodcock Singing Ground Survey (expires 5/31/2018).
- 1018–0023—Migratory Bird Surveys (expires 6/30/2017; in accordance with 5 CFR 1320.10, the agency may continue to conduct or sponsor this collection of information while the submission is pending at OMB). Includes Migratory Bird Harvest Information Program, Migratory Bird

Hunter Surveys, Sandhill Crane Survey, and Parts Collection Survey.

Unfunded Mandates Reform Act

We have determined and certify, in compliance with the requirements of the Unfunded Mandates Reform Act, 2 U.S.C. 1502 *et seq.*, that this rulemaking will not impose a cost of \$100 million or more in any given year on local or State government or private entities. Therefore, this rule is not a “significant regulatory action” under the Unfunded Mandates Reform Act.

Civil Justice Reform—Executive Order 12988

The Department, in promulgating this rule, has determined that this rule will not unduly burden the judicial system and that it meets the requirements of sections 3(a) and 3(b)(2) of E.O. 12988.

Takings Implication Assessment

In accordance with E.O. 12630, this rule, authorized by the Migratory Bird Treaty Act, does not have significant takings implications and does not affect any constitutionally protected property rights. This rule will not result in the physical occupancy of property, the physical invasion of property, or the regulatory taking of any property. In fact, this rule allows hunters to exercise otherwise unavailable privileges and, therefore, reduce restrictions on the use of private and public property.

Energy Effects—Executive Order 13211

E.O. 13211 requires agencies to prepare Statements of Energy Effects when undertaking certain actions. While this rule is a significant regulatory action under E.O. 12866, it is not expected to adversely affect energy supplies, distribution, or use. Therefore, this action is not a significant energy action and no Statement of Energy Effects is required.

Government-to-Government Relationship With Tribes

In accordance with the President's memorandum of April 29, 1994, “Government-to-Government Relations with Native American Tribal Governments” (59 FR 22951), Executive Order 13175, and 512 DM 2, we have evaluated possible effects on Federally recognized Indian tribes and have determined that there are no effects on Indian trust resources. However, in the June 10, 2016, **Federal Register** (81 FR 38050), we solicited proposals for special migratory bird hunting regulations for certain Tribes on Federal Indian reservations, off-reservation trust lands, and ceded lands for the 2017–18 migratory bird hunting season. The

resulting proposals will be contained in a separate proposed rule. By virtue of these actions, we have consulted with affected Tribes.

Federalism Effects

Due to the migratory nature of certain species of birds, the Federal Government has been given responsibility over these species by the Migratory Bird Treaty Act. We annually prescribe frameworks from which the States make selections regarding the hunting of migratory birds, and we employ guidelines to establish special regulations on Federal Indian reservations and ceded lands. This process preserves the ability of the States and tribes to determine which seasons meet their individual needs. Any State or Indian tribe may be more restrictive than the Federal frameworks at any time. The frameworks are developed in a cooperative process with the States through the Flyway Councils. This process allows States to participate in the development of frameworks from which they will make selections, thereby having an influence on their own regulations. These rules do not have a substantial direct effect on fiscal capacity, change the roles or responsibilities of Federal or State governments, or intrude on State policy or administration. Therefore, in accordance with Executive Order 13132, these regulations do not have significant federalism effects and do not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement.

Review of Public Comments

The preliminary proposed rulemaking (June 10 **Federal Register**) opened the public comment period for 2017–18 migratory game bird hunting regulations. We previously addressed all comments in a May 30, 2017, **Federal Register** publication (82 FR 24786).

Regulations Promulgation

The rulemaking process for migratory game bird hunting, by its nature, operates under a time constraint as seasons must be established each year or hunting seasons remain closed. However, we intend that the public be provided extensive opportunity for public input and involvement in compliance with Administrative Procedure Act requirements. Thus, when the preliminary proposed rulemaking was published, we established what we believed were the longest periods possible for public comment and the most opportunities for public involvement. We also provided notification of our participation in multiple Flyway Council meetings, opportunities for additional public review and comment on all Flyway Council proposals for regulatory change, and opportunities for additional public review during the Service Regulations Committee meeting. Therefore, we believe that sufficient public notice and opportunity for involvement have been given to affected persons.

Further, States need sufficient time to communicate these season selections to their affected publics, and to establish and publicize the necessary regulations and procedures to implement these seasons. Thus, we find that “good cause” exists, within the terms of 5 U.S.C. 553(d)(3) of the Administrative Procedure Act, and therefore, under authority of the Migratory Bird Treaty Act (July 3, 1918), as amended (16 U.S.C. 703–711), these regulations will take effect less than 30 days after publication. Accordingly, with each conservation agency having had an opportunity to participate in selecting the hunting seasons desired for its State or Territory on those species of migratory birds for which open seasons are now prescribed, and consideration having been given to all other relevant matters presented, certain sections of title 50, chapter I, subchapter B, part 20, subpart K, are hereby amended as set forth below.

List of Subjects in 50 CFR Part 20

Exports, Hunting, Imports, Reporting and recordkeeping requirements, Transportation, Wildlife.

Dated: June 13, 2017.

Virginia H. Johnson,

Acting Assistant Secretary for Fish and Wildlife and Parks.

For the reasons set out in the preamble, title 50, chapter I, subchapter B, part 20, subpart K of the Code of Federal Regulations is amended as follows:

PART 20—MIGRATORY BIRD HUNTING

■ 1. The authority citation for part 20 continues to read as follows:

Authority: Migratory Bird Treaty Act, 40 Stat. 755, 16 U.S.C. 703–712; Fish and Wildlife Act of 1956, 16 U.S.C. 742 a–j; Public Law 106–108, 113 Stat. 1491, Note Following 16 U.S.C. 703.

Note— The following annual hunting regulations provided for by §§ 20.101 through 20.106 and 20.109 of 50 CFR part 20 will not appear in the Code of Federal Regulations because of their seasonal nature.

■ 2. Section 20.101 is revised to read as follows:

§ 20.101 Seasons, limits, and shooting hours for Puerto Rico and the Virgin Islands.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset.

(1) Not more than 10 Zenaida and 3 mourning doves in the aggregate.

Restrictions: In Puerto Rico, the season is closed on the ruddy duck, white-cheeked pintail, West Indian whistling duck, fulvous whistling duck,

masked duck, purple gallinule, American coot, Caribbean coot, white-crowned pigeon, and plain pigeon.

Closed Areas: Closed areas are described in the May 30, 2017, **Federal Register** (82 FR 24786).
(b) *Virgin Islands.*

	Season dates	Limits	
		Bag	Possession
Zenaida doves	Sept. 1–Sept. 30	10	10
Ducks	CLOSED		

Restrictions: In the Virgin Islands, the seasons are closed for ground or quail doves, pigeons, ruddy duck, white-cheeked pintail, West Indian whistling duck, fulvous whistling duck, masked duck, and all other ducks, and purple gallinule.

Closed Areas: Ruth Cay, just south of St. Croix, is closed to the hunting of migratory game birds. All Offshore Cays under jurisdiction of the Virgin Islands

Government are closed to the hunting of migratory game birds.

■ 3. Section 20.102 is revised to read as follows:

§ 20.102 Seasons, limits, and shooting hours for Alaska.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and

possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset. Area descriptions were published in the May 30, 2017, **Federal Register** (82 FR 24786).

Kodiak Zone	7–21	4–12	4–12	6–18	3–9	1–1	8–24	2–6

(1) The basic duck bag limits may include no more than 2 canvasbacks daily, and may not include sea ducks. In addition to the basic duck limits, the sea duck limit is 10 daily (singly or in the aggregate), including no more than 6 each of either harlequin or long-tailed ducks. Sea ducks include scoters, common and king eiders, harlequin ducks, long-tailed ducks, and common and red-breasted mergansers. The season for Steller's and spectacled eiders is closed.

(2) In Units 5 and 6, the taking of Canada geese is only permitted from September 28 through December 16. In the Middleton Island portion of Unit 6, the taking of Canada geese is by special permit only. The maximum number of Canada goose permits is 10 for the season. A mandatory goose-identification class is required. Hunters must check in and out. The daily bag and possession limit is 1. The season will close if incidental harvest includes 5 dusky Canada geese. A dusky Canada goose is any dark-breasted Canada goose (Munsell 10 YR color value five or less) with a bill length between 40 and 50 millimeters.

(3) In Units 9, 10, 17, and 18, for Canada geese, the daily bag limit is 6 and the possession limit is 18.

(4) In Units 9, 10, and 17, for white-fronted geese, the daily bag limit is 6 and the possession limit is 18.

(5) In Unit 18, for white-fronted geese, the daily bag limit is 10 and the possession limit is 30.

(6) Light geese include snow geese and Ross's geese.

(7) In Unit 8, the Kodiak Island Roaded Area is closed to emperor goose hunting. The Kodiak Island Roaded Area consists of all lands and water (including exposed tidelands) east of a line extending from Crag Point in the north to the west end of Sallery Cove in the south and all lands and water south of a line extending from Termination Point along the north side of Cascade Lake extending to Anton Larsen Bay. Marine waters adjacent to the closed area are closed to harvest within 500 feet from the water's edge. The offshore islands are open to harvest, for example: Woody, Long, Gull and Puffin Islands.

(8) Emperor goose hunting is by State permit only; no more than 1 emperor goose may be authorized per permit, and no more than 1 permit may be issued per hunter per season. Hunters will be required to file a harvest report with the State after harvesting an emperor goose. Total emperor goose harvest may not exceed 1,000 birds. See State regulations for specific dates, times, and conditions of permit hunts and closures.

(9) In Unit 17 of the North Zone, for sandhill cranes, the daily bag limit is 2 and the possession limit is 6.

Falconry: The total combined bag and possession limit for migratory game birds taken with the use of a raptor under a falconry permit is 3 per day, 9

in possession, and may not exceed a more restrictive limit for any species listed in this subsection.

Special Tundra Swan Season: In Units 17, 18, 22, and 23, there will be a tundra swan season from September 1 through October 31 with a season limit

of 3 tundra swans per hunter. This season is by State permit only; hunters will be issued 1 permit allowing the take of up to 3 tundra swans. Hunters will be required to file a harvest report with the State after the season is completed. Up to 500 permits may be issued in Unit 18; 300 permits each in Units 22 and 23; and 200 permits in Unit 17.

■ 4. Section 20.103 is revised to read as follows:

§ 20.103 Seasons, limits, and shooting hours for doves and pigeons.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset

except as otherwise noted. Area descriptions were published in the May 30, 2017, **Federal Register** (82 FR 24786).

CHECK STATE REGULATIONS FOR AREA DESCRIPTIONS AND ANY ADDITIONAL RESTRICTIONS.

(a) *Doves.*

Note: Unless otherwise noted, the seasons listed below are for mourning and white-winged doves. Daily bag and possession limits are in the aggregate for the two species.

(1) In *Kansas* and *Oklahoma*, the dark geese daily bag limit includes Canada geese, brant, and all other geese except white-fronted geese and light geese.

(2) In *Montana*, during the first 9 days of the duck season, and in *North Dakota*, *South Dakota*, and *Wyoming*, during the first 16 days of the duck season, the daily bag and possession limit may include 2 and 6 additional blue-winged teal, respectively.

(3) In *New Mexico*, Mexican-like ducks are included in the aggregate with mallards.

(4) In *North Dakota*, see State regulations for additional shooting hour restrictions.

(5) In *Texas*, the daily bag limit is 6 ducks, which may include no more than 5 mallards (only 2 of which may be females), 2 redheads, 3 wood ducks, 3 scaup, 2 canvasbacks, 1 pintail, and 1 dusky duck (mottled duck, Mexican-like duck, black duck and their hybrids). The season for dusky ducks is closed the first 5 days of the season in all zones. The possession limit is three times the daily bag limit.

(6) In *Texas*, the daily bag limit for dark geese is 5 in the aggregate and may include no more than 2 white-fronted geese. Possession limits are three times the daily bag limits.

(7) See State regulations for additional restrictions.

PACIFIC FLYWAY

Flyway-wide Restrictions

Duck and Merganser Limits: The daily bag limit of 7 ducks (including

mergansers) may include no more than 2 female mallards, 1 pintail, 2 redheads, 3 scaup, and 2 canvasbacks. The possession limit is three times the daily bag limit.

Coot and Common Moorhen Limits:

(14) In *Washington*, in Areas 1, 3, and 5, hunting is allowed every day. In Area 4, hunting is allowed only on Saturdays, Sundays, Wednesdays, and certain holidays. See State regulations for details, including shooting hours.

(15) In *Washington*, in Areas 2A and 2B, see State regulations for specific dates, times, and conditions of permit hunts and closures.

(16) In *Washington*, in Areas 2A and 2B, the season for dusky Canada geese is closed.

(17) In *Washington*, brant may be hunted in Clallam, Pacific, Skagit, and Watcom Counties only; see State regulations for specific dates.

(f) *Youth Waterfowl Hunting Days.*

The following seasons are open only to youth hunters. Youth hunters must be accompanied into the field by an adult at least 18 years of age. This adult

cannot duck hunt but may participate in other open seasons.

Definition

Youth Hunters: States may use their established definition of age for youth

hunters. However, youth hunters may not be over the age of 17. Youth hunters 16 years of age and older must possess a Federal Migratory Bird Hunting and Conservation Stamp (also known as Federal Duck Stamp).

(6) In *Virginia*, the daily bag limit for Canada geese is 2.

(7) In *Kansas*, the adult accompanying the youth must possess any licenses and/or stamps required by law for that individual to hunt waterfowl.

■ 7. Section 20.106 is revised to read as follows:

§ 20.106 Seasons, limits, and shooting hours for sandhill cranes.

Subject to the applicable provisions of the preceding sections of this part, areas

open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits on the species designated in this section are as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset, except as otherwise noted. Area descriptions were published in the May 30, 2017, **Federal Register** (82 FR 24786).

Federally authorized, State-issued permits are issued to individuals, and only the individual whose name and address appears on the permit at the time of issuance is authorized to take sandhill cranes at the level allowed by the permit, in accordance with

provisions of both Federal and State regulations governing the hunting season. The permit must be carried by the permittee when exercising its provisions and must be presented to any law enforcement officer upon request. The permit is not transferable or assignable to another individual, and may not be sold, bartered, traded, or otherwise provided to another person. If the permit is altered or defaced in any way, the permit becomes invalid.

CHECK STATE REGULATIONS FOR AREA DESCRIPTIONS AND ANY ADDITIONAL RESTRICTIONS.

(4) Harvests of trumpeter swans are limited to 5 in Nevada and 10 in Utah. When it has been determined that the quota of trumpeter swans allotted to Nevada and Utah have been filled, the season for taking of any swan species in the respective State will be closed by either the Director upon giving public notice through local information media at least 48 hours in advance of the time and date of closing, or by the State through State regulations with such notice and time (not less than 48 hours) as they deem necessary.

(5) In *Utah*, all harvested swans and tags must be checked or registered within 3 days of harvest.

■ 9. Section 20.109 is revised to read as follows:

§ 20.109 Extended seasons, limits, and hours for taking migratory game birds by falconry.

Subject to the applicable provisions of the preceding sections of this part, areas

open to hunting, respective open seasons (dates inclusive), hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Hawking hours are one-half hour before sunrise until sunset except as otherwise restricted by State regulations.

Area descriptions were published in the May 30, 2017, **Federal Register** (82 FR 24786).

CHECK STATE REGULATIONS FOR ADDITIONAL RESTRICTIONS AND DELINEATIONS OF GEOGRAPHICAL AREAS. SPECIAL RESTRICTIONS MAY

APPLY ON FEDERAL AND STATE PUBLIC HUNTING AREAS AND FEDERAL INDIAN RESERVATIONS.

Limits: The daily bag limit may include no more than 3 migratory game birds, singly or in the aggregate. The possession limit is three times the daily bag limit. These limits apply to falconry during both regular hunting seasons and extended falconry seasons, unless further restricted by State regulations.

The falconry bag and possession limits are not in addition to regular season limits. Unless otherwise specified, extended falconry for ducks does not include sea ducks within the special sea duck areas.

Although many States permit falconry during the gun seasons, only extended falconry seasons are shown below. Please consult State regulations for details.
