typical fire probabilistic risk assessment targets such as electrical cable and nearby equipment. The experimental data will be used by the NRC to
determine the adequacy of existing HEAF ZOs presented in NUREG/CR–
6850, Appendix M and Supplement 1 and to adjust existing methodology as
necessary. The phase 2 testing will also focus on the HEAF involving aluminum components as it pertains to both
increased physical damage states and electrical conductive products of
combustion concerns. This test program is also being proposed internationally
through the OECD and the NEA as a collaborative international nuclear
safety research program.

This document is not intended for interim use. The NRC will review public
comments received on the document, incorporate suggested changes as
appropriate, and make the final test plan available. Consistent with past
experimental programs, the final test plan will be considered a living
document.

Changes to the final test plan can, and likely will be made during the testing
phase as insights and observations from the testing develop that would suggest
changes are necessary to ensure valuable data from experiments is being
obtained.

Dated at Rockville, Maryland, this 27th day of

For the Nuclear Regulatory Commission.

POSTAL REGULATORY COMMISSION

[Docket No. R2017–7; Order No. 4018]
Postal Rate and Classification
Changes

AGENCY: Postal Regulatory Commission.
ACTION: Notice.

SUMMARY: The Commission is providing notice of its adjustment to the
procedural schedule to allow for additional time to file comments
regarding the Postal Service’s filing amending prices and classification
language for Move Update. This notice informs the public of the filing, invites
public comment, and takes other administrative steps.

DATES: Comments are due August 9, 2017.

ADDRESSES: Submit comments electronically via the Commission’s
Filing Online system at http://
www.prc.gov. Those who cannot submit comments electronically should contact the
person identified in the FOR FURTHER
INFORMATION CONTACT section by
telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at
(202) 789–6820.

SUPPLEMENTARY INFORMATION: On June
30, 2017, the Postal Service filed a
notice of market dominant price
adjustment and classification changes in
accordance with 39 U.S.C. 3622 and 39
No. 3990 established the procedural
schedule for this proceeding, including
a comment deadline of July 20, 2017. By
rule, the Commission determines, at
a minimum, whether the planned
adjustment is consistent with the price
cap 14 days following the comment
deadline. See 39 CFR 3010.11(d). These
dates are predicated on complete
information being available for parties
to comment on and the Commission to
review. See, e.g., 39 CFR 3010.12(b)(3).
This case represents a series of changes
relating to the Move Update assessment
charge, where complete information
regarding the potential price cap
impacts of the changes was not available
with the Postal Service’s initial filing,
prompting several Chairman’s
Information Requests.4

4 United States Postal Service Notice of Market
Dominant Price Adjustment and Classification
Changes, June 30, 2017 (Notice).

Notice and Order on Price Adjustment for Move
Update, July 3, 2017 (Order No. 3990). Comments
for market dominant rate adjustments are due 20
days after the date of filing, pursuant to 39 CFR
3010.11(a)(5).

39 CFR 3010.12(b)(3) requires that the Postal
Service include with its notice of rate adjustment
“1) the percentage change in rates for each class of
mail calculated as required by § 3010.23.” It further
requires that this information “be supported by
workpapers in which all calculations are shown
and all input values, including current rates, new
rates, and billing determinants, are listed with
citations to the original sources.” Id. 39 CFR
3010.23(d)(2) requires that the Postal Service “make
reasonable adjustments to the billing
determinants to account for the effects of
classification changes such as the introduction,
deletion, or redefinition of rate cells.” 39 CFR
3010.23(d)(2). In making those adjustments, the Postal Service is required to
“identify and explain all adjustments” and provide
“(a)[] information and calculations relied upon to
develop the adjustments . . . with an explanation
of why the adjustments are appropriate.” Id.

The Postal Service proposes an increase to
the Move Update assessment charge, an updated
enforcement method for the charge, and a change
to the threshold for its tolerance of change
of address (COA) errors. Notice at 1; id. n.1. There
have been five Chairman’s Information Requests
issued in this case: Chairman’s Information Request
No. 1, July 5, 2017; Chairman’s Information Request
No. 2, July 7, 2017 (CHIR No. 2); Chairman’s
Information Request No. 3, July 13, 2017 (CHIR No.
3); Chairman’s Information Request No. 4, July 20,
Comments filed July 20, 2017, did not have the benefit of the Postal Service’s
responses to CHIR No. 3 or CHIR No. 4 (and had only one day to review and
consider the Postal Service’s response to
CHIR No. 2). The Association for Postal
Commerce notes that “a few elements in
the Postal Service’s filing, and in its
proposed Move Update assessment
process generally, . . . warrant further
explanation.”5

The Commission, due to the potential
importance of this missing information
to the issues of the proceeding (for both
informed comments and the
Commission’s review), finds that
commenters and its own review would be prejudiced without equitably tolling
the time of filing (and deadlines set by
that time of filing). Therefore, the
Commission finds it necessary to
constructively adjust (toll) the filing
date for Postal Service’s Notice to July
20, 2017, at which time the Postal
Service had provided the bulk of the
information necessary to evaluate the
potential impacts of proposed changes
in its Notice. As a result, commenters
may file additional comments by August
9, 2017. Likewise, the date required by
39 CFR 3010.11(d) for the Commission’s
determination shall be August 23, 2017.

It is ordered:
1. Any additional comments are due by
August 9, 2017.
2. The Commission’s determination,
pursuant to 39 CFR 3010.11(d) shall be filed
3. The Secretary shall arrange for
publication of this order in the Federal
Register.

By the Commission.

Ruth Ann Abrams,
Acting Secretary.
