SURFACE TRANSPORTATION BOARD
[Docket No. AB 290 (Sub–No. 388X)]

Norfolk Southern Railway Company—Abandonment Exemption—in Atlanta, Ga.

Norfolk Southern Railway Company (NSR) has filed a verified notice of exemption 1 under 49 CFR part 1152 subdivision F—Exempt Abandons to abandon approximately 1.0 mile of rail line between milepost DF 632.10 and milepost DF 633.10 in Atlanta, Ga. (the Line). The Line traverses United States Postal Service Zip Codes 30324 and 30309.

NSR has certified that: (1) No local traffic has moved over the Line for at least two years; (2) no overhead traffic has moved over the Line for at least two years and overhead traffic, if there were any, could be rerouted over other lines; (3) no formal complaint filed by a user, or a local government entity acting on behalf of such user, regarding cessation of service over the Line either is pending with the Surface Transportation Board (Board) or with any U.S. District Court or has been decided in favor of a complainant within the two-year period; and (4) the requirements at 49 CFR 1105.7(c)(environmental report), 49 CFR 1105.11(transmittal letter), 49 CFR 1105.12(newspaper publication), and 49 CFR 1152.50(d)(1)(notice to governmental agencies) have been met.

As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an OFA under 49 CFR 1152.27(c)(2), 4 and interim trail use/rail banking requests under 49 CFR 1152.29 must be filed by August 11, 2017. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by August 23, 2017, with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423–0001.

A copy of any petition filed with the Board should be sent to William A. Mullins, Baker & Miller PLLC, 2401 Pennsylvania Ave. NW., Suite 300, Washington, DC 20037.

If the verified notice contains false or misleading information, the exemption is void ab initio.

NSR has filed a combined environmental and historic report that addresses the effects, if any, of the abandonment on the environment and historic resources. OEA will issue an environmental assessment (EA) by August 8, 2017. Interested persons may obtain a copy of the EA by writing to OEA (Room 1100, Surface Transportation Board, Washington, DC 20423–0001) or by calling OEA at (202) 245–0305. Assistance for the hearing impaired is available through the Federal Information Relay Service at (800) 877–8339.

Comments on environmental and historic preservation matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), NSR shall file a notice of consumption with the Board to signify that it has exercised the authority granted and fully abandoned the Line. If consummation has not been effected by NSR’s filing of a notice of consummation by August 3, 2018, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.

Board decisions and notices are available on our Web site at “WWW.STB.GOV.”

Decided: July 31, 2017.

By the Board, Rachel D. Campbell, Director, Office of Proceedings.

Marline Simeon,
Clearance Clerk.

BILLING CODE 4915–01–P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration
[Docket No. FMCSA–2015–0239]

Parts and Accessories Necessary for Safe Operation; Hino Motors Manufacturing U.S.A., Inc.

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: The Federal Motor Carrier Safety Administration (FMCSA) announces its decision to grant Hino Motors Manufacturing U.S.A., Inc.’s (Hino) application for a limited 5-year exemption allowing motor carriers operating commercial motor vehicles (CMVs) manufactured by the company to use an Automated Emergency Braking (AEB) system and a Lane Departure Warning (LDW) system camera mounted in the windshield area at a height lower than currently allowed. The Agency has determined that lower placement of the AEB/LDW system camera would not have an adverse impact on safety and that adherence to the terms and conditions of the exemption would achieve a level of safety equivalent to or greater than the level of safety provided by the regulation.

DATES: This exemption is effective August 3, 2017 and ending August 3, 2022.

1 NSR initially filed its verified notice on March 27, 2017. After submitting the filing, NSR discovered that its combined Environmental and Historic Reports (E&HR) contained an incorrect milepost designation which, when changed, impacted the E&HR. At the request of NSR, the proceeding was held in abeyance by a decision served on April 5, 2017. NSR now has corrected and reissued its E&HR. NSR filed its revised verified notice on July 14, 2017, which therefore is the official filing date.

2 NSR states that the Line includes the portion of NSR’s right-of-way that the Board found not to have been abandoned in Atlanta Development Authority—Verified Petition for a Declaratory Order, FD 35991, slip op. at 9 (STB served Dec. 15, 2016), reconsideration denied, FD 35951 (STB served May 26, 2017). NSR states that it plans to convey the easement and wye right-of-way to Atlanta BeltLine, Inc. for urban development and to improve the City’s infrastructure upon consummation of the proposed abandonment.

3 The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board’s Office of Environmental Analysis (OEA) in its independent investigation) cannot be made before the exemption’s effective date. See Exemption of Out-of-Serv. Rail Lines, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption’s effective date.

4 Each OFA must be accompanied by the filing fee, which is currently set at $1,700. See 49 CFR 1002.2(j)(25). Effective September 1, 2017, the filing fee will be $1,800. See Regulations Governing Fees for Servs. Performed in Connection with Licensing & Related Servs.—2017 Update, EP 542 (Sub-No. 23) (STB served July 28, 2017).
