Certain Steel Nails From the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review and Partial Rescission of Antidumping Duty Administrative Review; 2014–2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain steel nails (steel nails) from the Republic of

Korea (Korea). The period of review (POR) is December 29, 2014, through June 30, 2016. This administrative review covers three exporters of the subject merchandise, including two mandatory respondents, Daejin Steel Co. (Daejin) and Korea Wire Co., Ltd. (Kowire). The Department preliminarily determines Daejin sold subject merchandise at less than normal value during the POR and that Kowire did not. The Department is rescinding this administrative review, in part, with respect to 208 companies, based on the timely withdrawal of Mid Continent Steel & Wire, Inc.'s (the petitioner) request for administrative review. Interested parties are invited to comment on these preliminary results. **DATES:** Applicable August 7, 2017.

FOR FURTHER INFORMATION CONTACT: Robert Galantucci or Trisha Tran, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2923 or (202) 482-4852, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 5, 2016, the Department notified interested parties of the opportunity to request an administrative review of orders, findings, or suspended investigations with anniversaries in July 2016, including the antidumping duty (AD) order on steel nails from Korea.¹ The Department received timely requests from Je-il Wire Production Co., Ltd. (Je-il),² Daejin,³ Kowire,⁴ and the petitioner⁵ to conduct an administrative review of certain exporters during the POR. On September 12, 2016, the Department published a notice initiating an AD administrative review of steel nails from Korea covering 211 companies for the POR.⁶

In the *Initiation Notice*, the Department indicated that, in the event

that we limited the respondents selected for individual examination in accordance with section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act), we would select mandatory respondents for individual examination based on U.S. Customers and Border Protection (CBP) entry data.⁷ On November 7, 2016, after considering the large number of potential producers/exporters involved in this administrative review, and the resources available to the Department, we determined that it was not practicable to examine all exporters/producers of subject merchandise for which a review was requested.⁸ As a result, pursuant to section 777A(c)(2)(B) of the Act, we determined that we could reasonably individually examine only the two largest producers/exporters of steel nails from Korea by U.S. entry volume during the POR (*i.e.*, Daejin and Kowire).⁹ Accordingly, we issued the AD questionnaire to Daejin and Kowire, the two companies selected as mandatory respondents.¹⁰ On December 12, 2016, the petitioner timely withdrew its request for administrative review pursuant to 19 CFR 351.213(d)(1) of all previously-identified producers and exporters of steel nails from Korea except for Je-il, Daejin, and Kowire.¹¹

Partial Rescission of Administrative Review

The Department received timely requests to conduct an administrative review of certain exporters covering the POR. Because the petitioner timely withdrew its requests for review of all of the companies listed in the *Initiation Notice*, with the exception of Daejin, Je-il, and Kowire, we are rescinding the administrative review with respect to the remaining 208 companies on which we initiated this review pursuant to 19 CFR 351.213(d)(1). For a list of the 208 companies for which we are rescinding this review, see Appendix II to this notice. Accordingly, the remaining three companies subject to the instant review are: Daejin, Je-il, and Kowire.

Scope of the Order

The merchandise covered by this order is certain steel nails having a nominal shaft length not exceeding 12 inches.¹² Merchandise covered by the order is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7317.00.55.02, 7317.00.55.03, 7317.00.55.05, 7317.00.55.07, 7317.00.55.08, 7317.00.55.11, 7317.00.55.18, 7317.00.55.19, 7317.00.55.20, 7317.00.55.30, 7317.00.55.40, 7317.00.55.50, 7317.00.55.60, 7317.00.55.70, 7317.00.55.80, 7317.00.55.90, 7317.00.65.30, 7317.00.65.60 and 7317.00.75.00. Certain steel nails subject to this order also may be classified under HTSUS subheadings 7907.00.60.00, 8206.00.00.00 or other HTSUS subheadings. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive. For a full description of the scope of the order, see the Preliminary Decision Memorandum.¹³

Allegations of a Particular Market Situation

On June 8, 2017, the petitioner submitted a “particular market situation” allegation with respect to the production of steel nails in Korea.¹⁴ In light of the timing of the filing of this allegation, the Department did not have the opportunity to consider it for purposes of these preliminary results. We intend to issue our preliminary analysis of the PMS allegation so that parties will have an opportunity to

comment prior to the issuance of the final results of this review.

Methodology

The Department is conducting this review in accordance with section 751(a) of the Act. Export price is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.¹⁵ A list of topics included in the Preliminary Decision Memorandum is included as an Appendix I to this notice.

Preliminary Results of Review

As a result of this review, we preliminarily determine the following weighted-average dumping margins for the period December 29, 2014 through June 30, 2016:

Exporter/producer	Weighted-average dumping margin (percent)
Daejin Steel Co	2.14
Korea Wire Co., Ltd	* 0.16
Je-il Wire Production Co., Ltd	¹⁶ 2.14

* (*de minimis*).

Assessment Rates

Upon completion of the administrative review, the Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review.

For any individually examined respondents whose weighted-average dumping margin is above *de minimis* (i.e., 0.50 percent), we will calculate importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).¹⁷ For entries of subject merchandise during the POR produced

¹⁵ See Preliminary Decision Memorandum.

¹⁶ This rate is based on the rates for the respondents that were selected for individual review, excluding rates that are zero, *de minimis* or based entirely on facts available. See section 735(c)(5)(A) of the Act.

¹⁷ In these preliminary results, the Department applied the assessment rate calculation methodology adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

by each respondent for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate un-reviewed entries at the all-others rate if there is no rate for the intermediate company involved in the transaction.¹⁸ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis*. Where either the respondent’s weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For the 208 companies for which this review is rescinded, antidumping duties will be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawn from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirement

The following deposit requirements will be effective upon publication of the notice of the final results of administrative review for all shipments of steel nails from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the companies under review will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, no cash deposit will be required); (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the

manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 11.80 percent *ad valorem*, the all-others rate established in the less-than-fair value investigation.¹⁹

Disclosure and Public Comment

The Department intends to disclose the calculations used in our analysis to interested parties in this review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties are invited to comment on the preliminary results of this review. Pursuant to 19 CFR 351.309(c)(1)(ii), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. If a hearing is requested, the Department will notify interested parties of the hearing schedule. Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically *via* ACCESS within 30 days after the date of publication of this notice. Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs.

We intend to issue the final results of this administrative review, including the results of our analysis of issues raised by the parties in the written comments, within 120 days of

publication of these preliminary results in the **Federal Register**, unless otherwise extended.²⁴

Notification To Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification To Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: July 31, 2017.

Fresh Garlic From the People's Republic of China: Final Results of the Fourth Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this sunset review, the Department finds that revocation of the antidumping duty order on fresh garlic would be likely to lead to continuation or recurrence of dumping. The magnitude of the dumping margin likely to prevail is indicated in the "Final Results of Sunset Review" section of this notice.

DATES: Applicable August 7, 2017.

FOR FURTHER INFORMATION CONTACT: Jacqueline Arrowsmith, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone 202-482-5255.

SUPPLEMENTARY INFORMATION:

Background

On April 3, 2017, the Department published the notice of initiation of the fourth sunset review of the antidumping duty order on fresh garlic from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹ The Department received a notice of intent to participate from the Fresh Garlic Producers Association and its individual members: Christopher Ranch LLC; The Garlic Company; Valley Garlic, Inc.; and Vessey and Company, Inc. (collectively, the domestic interested parties), within the deadline specified in 19 CFR 351.218(d)(1)(i). The domestic interested parties claimed interested party status under section 771(9)(C) of the Act as domestic producers and packagers of fresh garlic and a trade association whose members produce and process a domestic like product in the United States. The Department received an adequate substantive response to the notice of initiation from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). We received no responses from the respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR
