

in the . . . dispensing of controlled substances.” With respect to a practitioner, the DEA has also long held that the possession of authority to dispense controlled substances under the laws of the State in which a practitioner engages in professional practice is a fundamental condition for obtaining and maintaining a practitioner’s registration. *See, e.g., James L. Hooper*, 76 FR 71,371 (2011), *pet. for rev. denied*, 481 Fed. Appx. 826 (4th Cir. 2012); *Frederick Marsh Blanton*, 43 FR 27,616 (1978).

This rule derives from the text of two provisions of the CSA. First, Congress defined the term “‘practitioner’ [to] mean[] a . . . physician, dentist, . . . or other person licensed, registered, or otherwise permitted, by . . . the jurisdiction in which he practices . . . , to distribute, dispense, [or] administer . . . a controlled substance in the course of professional practice” 21 U.S.C. 802(21). Second, in setting the requirements for obtaining a practitioner’s registration, Congress directed that “[t]he Attorney General shall register practitioners . . . if the applicant is authorized to dispense . . . controlled substances under the laws of the State in which he practices.” 21 U.S.C. 823(f). Because Congress has clearly mandated that a practitioner possess state authority in order to be deemed a practitioner under the CSA, the DEA has held repeatedly that revocation of a practitioner’s registration is the appropriate sanction whenever he is no longer authorized to dispense controlled substances under the laws of the State in which he practices. *See, e.g., Hooper*, 76 FR at 71,371–72; *Sheran Arden Yeates*, 71 FR 39,130, 39,131 (2006); *Dominick A. Ricci*, 58 FR 51,104, 51,105 (1993); *Bobby Watts*, 53 FR 11,919, 11,920 (1988); *Blanton*, 43 FR at 27,616.

Under California law, section 1626 of the Business and Professions Code provides that “[i]t is unlawful for any person to engage in the practice of dentistry in the state . . . unless the person has a valid, unexpired license or special permit from the Board.” Cal. Bus. & Prof. Code § 1626 (2017).³ Further, section 11210 of the California Health and Safety Code sets out who may lawfully prescribe controlled substances in California other than for the treatment of addicts. California licensed dentists are among those lawful

prescribers.⁴ *See* Cal. Bus. & Prof. Code § 11024 (2017).

In this case, pursuant to the DBC Stipulated Surrender of License and Order, Registrant has lost all rights and privileges as a dentist in California. *Supra*. Consequently, under California law, Registrant is not currently authorized to handle controlled substances in that State. *Supra*. I, therefore, conclude that the record supports the revocation of Registrant’s registration because he does not possess authority to dispense controlled substances under the laws of California, the State in which he is registered. 21 U.S.C. 824(a)(3). Thus, I find that Registrant is not entitled to maintain his DEA registration. *Blanton, supra*. Accordingly, I will order that his registration be revoked and that any pending application for the renewal or modification of his registration be denied. *Id*.

Order

Pursuant to the authority vested in me by 21 U.S.C. 824(a), as well as 28 CFR 0.100(b), I order that DEA Certificate of Registration AG1976971 issued to Luis C B Gomez, D.D.S., be, and it hereby is, revoked. I further order that any pending application of Luis C B Gomez, D.D.S., to renew or modify this registration, as well as any other pending application by him for registration in the State of California, be, and it hereby is, denied. This order is effective September 11, 2017.
