AIR Plan Approval; SC: Miscellaneous Revisions to Multiple Rules
AGENCY: Environmental Protection Agency (EPA).
ACTION: Proposed rule.
SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve changes to the South Carolina State Implementation Plan (SIP) to revise several miscellaneous rules, covering definitions, source tests, credible evidence, open burning, air pollution episodes, and fugitive particulate matter. EPA is proposing to approve portions of SIP revisions submitted by the State of South Carolina, through the South Carolina Department of Health and Environmental Control on the following dates: July 18, 2011, June 17, 2013, April 10, 2014, August 8, 2014, January 20, 2016, and July 27, 2016. These actions are being proposed pursuant to the Clean Air Act.
DATES: Written comments must be received on or before September 20, 2017.
ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R04–OAR–2017–0387 at http://www.regulations.gov. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from Regulations.gov. EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (i.e., on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit http://www2.epa.gov/dockets/commenting-epa-dockets.

FOR FURTHER INFORMATION CONTACT: D. Brad Akers, Air Regulatory Management Section, Air Planning and Implementation Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW., Atlanta, Georgia 30303–8960. Mr. Akers can be reached via telephone at (404) 562–9089 or via electronic mail at akers.brad@epa.gov.

SUPPLEMENTARY INFORMATION: In the Final Rules Section of this Federal Register, EPA is approving the State’s implementation plan revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

V. Anne Heard,
Acting Regional Administrator, Region 4.

DEPARTMENT OF TRANSPORTATION
National Highway Traffic Safety Administration

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 86
[537 NHTSA–2016–0068]
AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT), Environmental Protection Agency (EPA).
ACTION: Request for comment.
SUMMARY: In a March 22, 2017, Federal Register document, the Environmental Protection Agency (EPA) announced its intention to reconsider the Final Determination of the Mid-term Evaluation of greenhouse gas emissions standards for model year 2022–2025 light-duty vehicles and to coordinate its reconsideration with the parallel rulemaking process to be undertaken by the Department of Transportation’s National Highway Traffic Safety Administration (NHTSA) regarding Corporate Average Fuel Economy (CAFE) standards for cars and light trucks for the same model years. In this document, EPA is announcing that it is reconsidering whether the light-duty vehicle greenhouse gas standards previously established for model years 2022–2025 are appropriate under section 202(a) of the Clean Air Act and invites stakeholders to submit any comments, data, and information they believe are relevant to the Administrator’s reconsideration of the January 2017 Mid-term Evaluation Final Determination and in particular, highlight any new information. As part of a 2012 joint final rulemaking by the EPA and NHTSA, the Mid-term Evaluation process was codified in EPA regulation for greenhouse gas emission standards for model years 2017–2025 light-duty vehicles, which requires EPA to determine no later than April 1, 2018,
