SUPPLEMENTARY INFORMATION:

Background

On May 1, 2017, the Department of Commerce (the Department) initiated the antidumping duty investigations on certain tool chests and cabinets from the People’s Republic of China and the Socialist Republic of Vietnam. The Initiation Notice stated that the Department would issue its preliminary determinations for these investigations no later than 140 days after the date of the initiation in accordance with section 733(b)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.205(b)(1), unless postponed. Currently, the preliminary determinations of these investigations are due no later than September 18, 2017.

Period of Investigation

The period of investigation is October 1, 2016, through March 31, 2017.

Postponements of Preliminary Determinations

Section 733(c)(1)(A) of the Act permits the Department to postpone the time limit for the preliminary determination if it receives a timely request from the petitioner for postponement. The Department may postpone the preliminary determination under section 733(c)(1) of the Act to no later than 190 days after the date on which the administering authority initiates an investigation.

On August 9, 2017, the petitioner, Waterloo Industries Inc., made a timely request under 19 CFR 351.205(e) for a 50-day postponement of the preliminary determinations of these investigations. The petitioner states that the postponements are necessary given the need for additional time to analyze responses from the selected respondents in these investigations. For the reasons stated above, and because there are no compelling reasons to deny the petitioner’s request, the Department is postponing the preliminary determinations of these investigations in accordance with section 733(c)(1)(A) of the Act and 19 CFR 351.205(b)(2) and (e) to November 7, 2017. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed. This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Gary Taverman,  
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

**Supplementary Information:**

**Background:** On April 17, 2017, the Department of Commerce (the Department) initiated less-than-fair-value (LTFV) investigations of imports of carbon and alloy steel wire rod (wire rod) from Italy, Korea, South Africa, Spain, Turkey, Ukraine, and the UK. Currently, the preliminary determinations are due no later than September 5, 2017.

**Postponement of Preliminary Determinations**

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a LTFV investigation within 140 days after the date on which the Department initiated the investigation. However, section 733(c)(1)(A)(b)(1) of the Act permits the Department to postpone the preliminary determination until no later than 190 days after the date on which the Department initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) the Department concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. The Department will grant the request unless it finds compelling reasons to deny the request.

On August 11, 2017, the petitioners submitted a timely request that the Department postpone the preliminary determinations in these LTFV investigations. The petitioners stated that they request postponement because the Department is still gathering data and questionnaire responses from the foreign producers in these investigations, and that additional time is necessary for the Department and interested parties to fully and properly analyze all questionnaire responses, and
