Update of FEMA’s Public Assistance and Fire Management Assistance Grant Regulations To Reflect the Terminology of Uniform Administrative Requirements, Cost Principles, and Audit Requirements

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

**SUMMARY:** The Federal Emergency Management Agency (FEMA) is amending its Public Assistance and Fire Management Assistance Grant regulations to update the terms it uses to describe grantees and subgrantees, to reflect the terminology used in the Office of Management and Budget (OMB) Uniform Guidance on Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

**DATES:** Effective January 3, 2017.

**FOR FURTHER INFORMATION CONTACT:** Christopher Logan, Director, Public Assistance Division, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, 202-646-3834.

SUPPLEMENTARY INFORMATION:

I. Background

The Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (Stafford Act), Title 42 of the United States Code (U.S.C.) 5121 *et seq.*, authorizes the President to provide Federal assistance when the magnitude of an incident or threatened incident exceeds the affected State, Territorial, Indian Tribal, and local government capabilities to respond or recover. FEMA provides assistance to State, Territorial, Indian Tribal, and local governments and certain types of private nonprofit (PNP) organizations via its Public Assistance program. Through the Public Assistance program, FEMA provides supplemental Federal disaster grant assistance for debris removal, emergency protective measures, and the restoration of disaster-damaged, publicly owned facilities and the facilities of certain PNP organizations. The Public Assistance program also encourages protection of these damaged facilities from future events by providing

assistance for hazard mitigation measures. FEMA regulations for the Public Assistance program are found at 44 CFR part 206. The regulations at 44 CFR part 207, “Management Costs,” also apply to Public Assistance awards.

Fire Management Assistance is available to States, local and tribal governments, for the mitigation, management, and control of fires on publicly or privately owned forests or grasslands, which threaten such destruction as would constitute a major disaster. FEMA Regional Administrators (RAs) have the authority to issue Fire Management Assistance Grant (FMAG) declarations for wildfires that threaten such destruction that would constitute a major disaster. The regulations governing the FMAG program are found at 44 CFR part 204.

The Office of Management and Budget (OMB) establishes Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, found at 2 CFR part 200. These regulations apply to awards under FEMA’s Public Assistance and FMAG programs.

## II. The Adoption of Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards

On December 26, 2013, OMB published final government-wide guidance entitled, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. 78 FR 78589. The Uniform Guidance set standard requirements for Federal awards across the entire Federal government and consolidated the language from OMB circulars into one set of guidance that is located at 2 CFR part 200. In December 2014, OMB and Federal award-making agencies published a joint interim final rule that implemented the Uniform Guidance. 79 FR 75871. DHS adopted the Uniform Guidance at 2 CFR part 3002.

In the interim final rule, FEMA amended 44 CFR via a technical amendment that removed part 13 (FEMA’s grant administration regulations) and replaced all references to part 13 with references to 2 CFR parts 200 and 3002. FEMA replaced general references to part 13 with the general citations to 2 CFR parts 200 and 3002. To the extent applicable, FEMA also replaced references to specific portions of part 13 with the corresponding pinpoint citations to 2 CFR parts 200 and 3002.

FEMA adopted the interim final rule as final, with one change, on October 2, 2015. 80 FR 59549. The change was a

reinsertion of a provision that was inadvertently removed by the interim final rule.

## III. Revisions to 44 CFR Parts 204 and 206

In this final rule, FEMA is updating its Public Assistance and FMAG program regulations to reflect two terms used in 2 CFR part 200. The Uniform Guidance uses the terms “recipient” and “subrecipient” when referring to entities that receive Federal awards, whereas FEMA’s regulations use the terms “grantee” and “subgrantee” when referring to entities that receive Federal awards under FEMA Public Assistance and FMAG grant programs. To improve consistency with the Uniform Guidance, FEMA is replacing the term “grantee” with “recipient” and the term “subgrantee” with “subrecipient” throughout 44 CFR part 204 and 44 CFR part 206, subparts G, H, and I. Although grantees and subgrantees, as defined in 44 CFR parts 204 and 206, are considered to be recipients and subrecipients under 2 CFR part 200, FEMA intends to use comparable terms to avoid confusion and provide consistency between applicable regulations and Public Assistance policy.<sup>1</sup>

FEMA is not making substantive revisions to the current definitions for the terms “grantee” and “subgrantee.” The Uniform Guidance provides that “[d]ifferent definitions [of the terms “recipient” and “subrecipient,” among other terms] may be found in Federal statutes or regulations that apply more specifically to particular programs or activities.” 2 CFR 200.1. As such, although FEMA is replacing the terms “grantee” and “subgrantee” with the terms “recipient” and “subrecipient,” respectively, FEMA is continuing to use the definitions for these terms at 44 CFR part 204 and 44 CFR part 206, subpart G, which apply more specifically to the Public Assistance and FMAG programs.<sup>2</sup>

FEMA is also replacing remaining references to 44 CFR part 13 with references to 2 CFR part 200. This is a technical change to correct citations that were not updated by the December 19, 2014 joint interim final rule. Finally, FEMA is correcting two typographical errors to citations in 44 CFR part 206. In § 206.222(b), the reference to § 205.221(e) will be corrected to

<sup>1</sup> FEMA has updated its Public Assistance program policy to reflect terms used in 2 CFR part 200. Public Assistance Program and Policy Guide, FP 104–009–2 (January 2016).

<sup>2</sup> Because FEMA is replacing the terms in existing definitions, we are redesignating the paragraphs in § 206.201 to maintain alphabetical order.

§ 206.221(e). In § 206.226(f)(2), the reference to paragraph (d)(1) will be corrected to paragraph (f)(1).

## IV. Revisions to 44 CFR Part 207

The regulations at 44 CFR part 207, “Management Costs,” apply to Public Assistance and Hazard Mitigation Grant Program (HMGP) awards. To ensure consistency with the terminology used in both Public Assistance and HMGP regulations, FEMA is revising the definitions of “Grantee” and “Subgrantee” in 44 CFR part 207 to make clear that in part 207 as well, the terms “Grantee” and “Recipient” are interchangeable, as are the terms “Subgrantee” and “Subrecipient.” This is a non-substantive change to make it clear that the terms are interchangeable and that 44 CFR part 207 applies to Public Assistance and HMGP awards regardless of the terminology used in the program regulations.

This rule makes technical and nomenclature changes intended to reduce confusion and encourage the use of consistent terminology in the administration of Public Assistance and FMAG awards.

## V. Regulatory Analyses

### A. Administrative Procedure Act

FEMA did not undertake notice and comment for this regulation because it is making purely technical and non-substantive terminology changes. The Administrative Procedure Act (APA) provides that an agency may dispense with notice and comment rulemaking procedures when an agency, for good cause, finds those procedures are impracticable, unnecessary, or contrary to the public interest. 5 U.S.C. 553(b). FEMA finds that such procedures are unnecessary for this rule because this rule makes technical updates and non-substantive terminology changes to improve consistency with 2 CFR part 200, and does not change any regulatory requirements. For instance, this rule will not change the requirements to request assistance, the eligibility requirements to receive assistance, the amount of assistance available, or the appeals process under the FMAG or Public Assistance programs. The changes made by this rule do not change or confer any substantive rights, benefits or obligations. For the same reasons, under 5 U.S.C. 553(d)(3), FEMA finds that it has good cause to make this final rule effective immediately.

*B. Executive Order 12866, as Amended, Regulatory Planning and Review; Executive Order 13563, Improving Regulation and Regulatory Review*

Executive Orders 13563 and 12866 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866. Accordingly, the rule has not been reviewed by the Office of Management and Budget. As this rule involves non-substantive changes that will not change FEMA’s administration of the subject regulations, FEMA expects that the rule will not impose any costs on the public.

*C. Regulatory Flexibility Act*

Under the Regulatory Flexibility Act, as amended, (5 U.S.C. 601–612), agencies must consider the impact of their rulemakings on “small entities” (small businesses, small organizations and local governments) when issuing a notice of proposed rulemaking. As FEMA is not issuing a proposed rule for this action, the Regulatory Flexibility Act does not apply.

- g. Revise the paragraph (o) heading to read “Subrecipient” and in paragraph (o), remove the word “grantee” and add in its place the word “recipient”.

The addition reads as follows:

**§ 206.201 Definitions used in this part.**

\* \* \* \* \*

(m) *Recipient*. Recipient means the government to which a grant is awarded, and which is accountable for the use of the funds provided. The recipient is the entire legal entity even if only a particular component of the entity is designated in the grant award document. Generally, except as provided in § 206.202(f), the State for which the emergency or major disaster is declared is the recipient. However, an Indian Tribal government may choose to be a recipient, or it may act as a subrecipient under the State. If an Indian Tribal government is the recipient, it will assume the responsibilities of the “recipient” or “State” as described in this part with respect to administration of the Public Assistance program.

**Regulations Implementing the FOIA Improvement Act of 2016**

**AGENCY:** National Endowment for the Humanities, National Foundation On the Arts and the Humanities.

**ACTION:** Final rule.

**SUMMARY:** On June 30, 2016, President Obama signed the Freedom of

Information Act (“FOIA”) Improvement Act of 2016 (the “FOIA Improvement Act”). Section 3 of the FOIA Improvement Act requires, that not later than 180 days after the date of its enactment, the head of each agency review and revise the agency’s regulations to implement the FOIA Improvement Act’s amendments. The FOIA Improvement Act specifically requires that the regulations of each agency include procedures for engaging in dispute resolution through the FOIA Public Liaison and the Office of Government Information Services. After undertaking a review of its FOIA regulations in accordance with Section 3 of the FOIA Improvement Act, NEH is revising its FOIA regulations to incorporate the statutory mandates.

**DATES:** This rule is effective February 2, 2017.

**SUPPLEMENTARY INFORMATION:** NEH is amending its FOIA regulations published at 45 CFR part 1171 to incorporate changes required by the FOIA Improvement Act.

**Background**

Section 10 of the National Foundation on the Arts and the Humanities Act of 1965 (20 U.S.C. 959) authorizes the Chairperson of NEH to prescribe such regulations as he or she deems necessary governing the manner in which the Chairperson’s functions shall be carried out.

This rulemaking amends NEH’s existing regulations providing Public Access to NEH Records Under the Freedom of Information Act (45 CFR part 1171) by incorporating changes to the FOIA by the FOIA Improvement Act. Among other things, the FOIA Improvement Act requires that agencies (i) make records that have been both released previously and requested three or more times available to the public in electronic format, (ii) establish a minimum of ninety days for requesters to appeal an adverse determination, and (iii) provide, or direct requesters to, dispute resolution services at various times throughout the FOIA process. The FOIA Improvement Act also updates how agencies may charge search, duplication and review fees.

NEH amends 45 CFR part 1171 as follows:

- By amending 45 CFR 1171.4 to “make available for public inspection in an electronic format” records that have
