

the dredge ESSEX OR dredge CHARLESTON on VHF channel 13 or 16, at least 1 hour, as well as 30 minutes, prior to arrival. Vessels shall then transit around the dredge project, utilizing Anchorage 7 off Marcus Hook Range, while operating at the minimum safe speed necessary to maintain steeage and reduced wake.

(3) Vessels wishing to anchor in Anchorage 7 off Marcus Hook Range must obtain permission from the COTP at least 24 hours in advance by calling (215) 271-4807. The COTP will permit two vessels at a time to anchor on a "first-come, first-served" basis. Vessels will only be allowed to anchor for a 12 hour period. Vessels that require an examination by the Public Health Service, Customs, or Immigration authorities will be directed to an anchorage for the required inspection by the COTP. Vessels are encouraged to use Anchorage 9 near entrance to Mantua Creek, Anchorage 10 at Naval Base, Philadelphia, and Anchorage 6 off Deepwater Point alternative anchorages.

(4) The Captain of the Port will implement and terminate the safety zones individually once all submerged pipeline has been recovered and dredging operations are completed in each range respectively. Notice of the implementation and the termination of the safety zone will be made in accordance with 33 CFR 165.7.

Entry into, transiting, or anchoring within the safety zones is prohibited unless vessels obtain permission from the Captain of the Port or make satisfactory passing arrangements with the dredge ESSEX and/or dredge CHARLESTON per this rule and the Rules of the Road (33 CFR subchapter E).

(5) To request permission to enter the safety zone, the Captain of the Port's representative can be contacted via VHF-FM channel 16. Vessels granted permission to enter and transit through the safety zone must do so in accordance with the directions provided by the Captain of the Port or designated representative. No person or vessel may enter or remain in a safety zone without permission from the Captain of the Port. All persons and vessels within a safety zone shall obey the directions or orders of the Captain of the Port or their designated representative.

(6) At least one side of the main navigational channel will be kept clear for safe passage of vessels in the vicinity of the safety zones. At no time will the main navigational channel be closed to vessel traffic. Vessels requesting to transit shall contact the dredge ESSEX and/or dredge CHARLESTON on VHF

channel 13 or 16, at least 1 hour, as well as 30 minutes, prior to arrival.

(7) This section applies to all vessels that intend to transit through the safety zones except vessels that are engaged in the following operations: enforcement of laws; service of aids to navigation, and emergency response.

(d) *Effective and enforcement periods.* The safety zones established in paragraph (a) of this section will be effective from August 30, 2017 through March 15, 2018, unless cancelled earlier by the Captain of the Port once all operations are completed. The safety zones will be enforced with actual notice by Coast Guard representatives on scene, as well as other methods listed in 33 CFR 165.7.

Dated: August 21, 2017.

Scott E. Anderson,

Captain, U.S. Coast Guard Captain of the Port, Delaware Bay.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG-2017-0627]

RIN 1625-AA00

Safety Zone; Atlantic Ocean, Ocean City, NJ

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a safety zone on the waters of the Atlantic Ocean adjacent to Ocean City, NJ on August 26, 2017. The safety zone will restrict vessel traffic from operating on a portion of Atlantic Ocean during a fireworks display. This safety zone is necessary to protect the public, spectators and vessels from the hazards associated with a fireworks display. The safety zone restricts vessels from transiting the zone during the effective period, unless authorized by the Captain of the Port Delaware Bay or a designated representative.

DATES: This rule is effective on August 26, 2017, from 9 p.m. to 11:59 p.m.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG-2017-0627 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email MST2 Amanda Boone, U.S. Coast Guard, Sector Delaware Bay, Waterways Management Division, telephone (215) 271-4814, email Amanda.N.Boone@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
§ Section
U.S.C. United States Code
COTP Captain of the Port

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are impracticable, unnecessary, or contrary to the public interest. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for foregoing public comment with respect to this rule. Insufficient time remains to publish a Notice of Proposed Rule Making (NPMR) and allow for a public comment period before the event, which is scheduled to take place on August 26, 2017. The safety zone must be in effect on that date in order to serve its purpose of ensuring the safety of spectators and the general public from hazards associated with a fireworks display. Hazards include accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. For those reasons, it would be impracticable and contrary to the public interest to publish an NPRM.

For the reason discussed above, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the FR. Delaying the effective date would be contrary to the rule's objectives of ensuring safety of life on the navigable waters and protection of persons and vessels in the vicinity of the fireworks display. The event has been widely publicized in local media outlets.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The COTP Delaware Bay has determined that this temporary safety zone is

necessary to provide safety during the fireworks events, and to ensure protection of the public.

IV. Discussion of the Rule

On August 26, 2017, a fireworks display event will take place on the waters of the Atlantic Ocean adjacent to Ocean City, NJ. The Coast Guard is establishing a temporary safety zone in a portion of the Atlantic Ocean adjacent to Ocean City, NJ to ensure the safety of persons, vessels and the public during the event. The proposed safety zone includes all waters of the North Atlantic Ocean within a 600 yard radius of the fireworks barge in approximate location latitude 39°16'22" N., longitude 074°33'54" W., in the vicinity of the shoreline at Ocean City, NJ.

The fireworks display is expected to occur between 9:30 p.m. and 11:30 p.m. In order to coordinate the safe movement of vessels within the area and to ensure that the area is clear of unauthorized persons and vessels before, during, and immediately after the fireworks launch, this zone will be enforced from 9 p.m. to 11:59 p.m.

Access to this safety zone will be restricted during the specified date and time period. Only vessels or persons specifically authorized by the COTP Delaware Bay or designated representative may enter or remain in the regulated area.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration, and time-of-day of the safety zone. The safety zone will impact the waters affected by this rule from 9 p.m. to 11:59

p.m. on August 26, 2017, during a time of day when commercial and recreational vessels traffic is normally low. Vessels will be able to safely transit around the safety zone. Notifications will be made to the maritime community via marine information broadcasts so mariners may adjust their plans accordingly.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of federal employees who enforce, or otherwise determine compliance with, federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that it is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule adjusts rates in accordance with applicable statutory and regulatory mandates. It is categorically excluded under section 2.B.2, figure 2–1, paragraph 34(g) of the Instruction, which pertains to minor regulatory changes that are editorial or procedural in nature. A Record of Environmental

Consideration (REC) supporting this determination is available in the docket where indicated in the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T05–0627 to read as follows:

§ 165.T05–0627 Safety Zone; Atlantic Ocean, Ocean City, NJ.

(a) *Definitions.* As used in this section, *designated representative* means a Coast Guard Patrol Commander, including a Coast Guard petty officer, warrant or commissioned officer on board a Coast Guard vessel and or on board another Federal, State, or local law enforcement vessel assisting the Captain of the Port, Delaware Bay with enforcement of the safety zone.

(b) *Location.* The following area is a safety zone: All waters of the North Atlantic Ocean within a 600 yard radius of the fireworks barge in approximate location latitude 39°16'22" N., longitude 074°33'54" W., in the vicinity of the shoreline at Ocean City, NJ.

(c) *Regulations.* (1) The general safety zone regulations found in § 165.23 apply to the safety zone created by this temporary section.

(2) Under the general safety zone regulations in § 165.23, persons may not enter the safety zone described in paragraph (b) of this section unless authorized by the COTP or the COTP's designated representative.

(3) To request permission to enter the safety zone, contact the COTP or the COTP's representative on marine band

radio VHF–FM channel 16 (156.8 MHz). All persons and vessels in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative.

(d) *Enforcement period.* This section will be enforced August 26, 2017, from 9 p.m. to 11:59 p.m.

Dated: August 21, 2017.

Scott E. Anderson,

Captain, U.S. Coast Guard, Captain of the Port Delaware Bay.

BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R07–OAR–2017–0143; FRL–9966–59–Region 7]

Air Plan Approval; Iowa; Amendment to the Administrative Consent Order, Grain Processing Corporation, Muscatine, Iowa

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking direct final action to approve a revision to the State Implementation Plan (SIP) submitted by the State of Iowa for the purpose of incorporating an amendment to the Administrative Consent Order (ACO) for Grain Processing Corporation (GPC), Muscatine, Iowa. The revision amends the ACO to change the date for completion of performance testing to allow the state more time to complete processing air construction permit applications submitted by GPC and specify testing requirements as appropriate in the final permits. This revision will not impact the schedule for installation and operation of control equipment, will not alter any other compliance dates, and will not adversely affect air quality in Muscatine, Iowa. The state held a 30-day comment period, during which no comments were received.

DATES: This direct final rule will be effective October 24, 2017, without further notice, unless EPA receives adverse comment by September 25, 2017. If EPA receives adverse comment, we will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R07–OAR–2017–0143, to [http://](http://www.regulations.gov)

www.regulations.gov. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <http://www2.epa.gov/dockets/commenting-epa-dockets>.

Heather Hamilton, Environmental Protection Agency, Air Planning and Development Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219 at 913–551–7039, or by email at hamilton.heather@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document “we,” “us,” and “our” refer to EPA. This section provides additional information by addressing the following:

- I. What is being addressed in this document?
- II. Have the requirements for approval of a SIP revision been met?
- III. What action is EPA taking?
- IV. Incorporation by Reference
- V. Statutory and Executive Order Reviews

I. What is being addressed in this document?

This direct final action approves a revision to the Iowa State Implementation Plan (SIP) submitted by the State of Iowa for the purpose of incorporating an amendment to the Administrative Consent Order (ACO) with Grain Processing Corporation (GPC), Muscatine, Iowa. The revision changes the date for completion of performance testing from May 31, 2017, to May 31, 2018, and will allow the state more time to complete processing air construction permit applications submitted by GPC and specify testing requirements as appropriate in the final permits. This amendment will not impact the schedule for installation and operation of control equipment, will not alter any other compliance dates, and
