Scope of the Order

The products covered by the scope are new pneumatic tires designed for off-the-road (OTR) and off-highway use. The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 4011.20.10.25, 4011.20.10.35, 4011.20.50.30, 4011.20.50.50, 4011.70.0010, 4011.62.00.00, 4011.80.1020, 4011.90.10, 4011.70.0050, 4011.80.1010, 4011.80.1020, 4011.80.2010, 4011.80.2020, 4011.80.8010, and 4011.80.8020. While HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope, which is contained in the Issues and Decision Memorandum accompanying the *Final Results*, is dispositive.⁴

Ministerial Errors

Section 751(h) of the Act, and 19 CFR 351.224(f) define a "ministerial error" as an error "in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial." The Department finds that one of the ministerial errors alleged by the petitioners constitutes a ministerial error within the meaning of 19 CFR 351.224(f).⁵ Specifically, we made a ministerial error with regard to the selection of a synthetic rubber benchmark for the calculation of the provision of synthetic rubber at less than adequate remuneration for Guizhou Tyre and Xuzhou Xugong. For a complete discussion of these alleged errors, see the Response to Ministerial Error Allegations.⁶

In accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the *Final Results*.⁷ Specifically, we are amending the net subsidy rates for Guizhou Tyre, Xuzhou Xugong, and the 44 companies for which a review was requested that were not selected as mandatory respondents (the non-selected companies).⁸ The

⁸ Consistent with the *Final Results*, see 82 at 18286, for the non-selected respondents, we assigned to the non-selected respondents the simple average of the amended net subsidy rates calculated for Guizhou Tyre and Xuzhou Xugong. We are using a simple, rather than a weighted, average due to inconsistent units of measure in the publicly

revised net subsidy rates are provided below.

Amended Final Results

As a result of correcting the ministerial errors, we determine that Guizhou Tyre's, Xuzhou Xugong's and the non-selected companies' total net countervailable subsidy rates for the period January 1, 2014, through December 31, 2014, are as follows:

Manufacturer/exporter	Subsidy rate (percent ad valorem)
Guizhou Tyre Co., Ltd. and/or Guizhou Tyre Import and Export Co., Ltd.	37.57
Xuzhou Xugong Tyres Co. Ltd.	57.13
Non Selected Companies ⁹ ..	47.35

Assessment Rates/Cash Deposits

The Department intends to issue appropriate assessment instructions to U.S. Customs and Border Protection (CBP) 15 days after the date of publication of these amended final results of review, to liquidate shipments of subject merchandise produced and/or exported by the respondent listed above entered, or withdrawn from, warehouses for consumption on or after January 1, 2014, through December 31, 2014. On May 10, 12, and 23, 2017, the U.S. Court of International Trade preliminarily enjoined liquidation of certain entries that are subject to the *Final Results*.¹⁰ Accordingly, the Department will not instruct CBP to assess countervailing duties on those enjoined entries pending resolution of the associated litigation.

The Department also intends to instruct CBP to collect cash deposits of estimated countervailing duties, in the amount shown above for the companies listed above, on shipments of subject merchandise entered, or withdrawn from, warehouses for consumption on or after April 18, 2017, the date of publication of the *Final Results*. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits at the most-recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit requirements, when imposed,

range quantity and value data provided by Guizhou Tyre and Xuzhou Xugong.

⁹ Appendix II of the *Final Results* provides a list of the non-selected companies that are assigned this rate. See *Final Results*, 82 at 18286-87.

¹⁰ The U.S. Court of International Trade issued the related preliminary injunctions in case numbers 17-00101, 17-00105, and 17-00117, which are now consolidated, along with case number 17-00120, under lead case 17-00101.

shall remain in effect until further notice.

Carbon Steel Butt-Weld Pipe Fittings from the People's Republic of China: Initiation of Anti-Circumvention Inquiry on the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests from Tube Forgings of America, Inc. (TFA), Mills Iron Works, Inc. (Mills), and Hackney Ladish, Inc. (Hackney), (collectively, the petitioners), the U.S. Department of Commerce (the Department) is initiating an anti-circumvention inquiry. In this inquiry, the Department will determine whether certain imports of carbon steel butt-weld pipe fittings (butt-weld pipe fittings) into the United States, exported from Malaysia, which were completed in

Malaysia using finished or unfinished butt-weld pipe fittings sourced from the People's Republic of China (PRC), are circumventing the antidumping duty order on butt-weld pipe fittings from the PRC.

DATES: Applicable August 25, 2017.

FOR FURTHER INFORMATION CONTACT: Julia Hancock at (202) 482-1394, AD/CVD Operations, Enforcement and Compliance, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION: On July 6, 1992, the Department issued the *Order* on imports of butt-weld pipe fittings from the PRC.¹ Additionally, on March 31, 1994, the Department issued the affirmative final determination finding that imports into the United States of pipe fittings that were finished in Thailand from unfinished pipe fittings produced in the PRC constituted circumvention of the *Order* within the meaning of section 781(b) of the Tariff Act of 1930, as amended (the Act).² The Department applied this finding of circumvention to all imports of butt-weld pipe fittings from Thailand, regardless of manufacturer/producer, unless accompanied by a certification stating that such pipe fittings have not been produced from unfinished PRC pipe fittings.³

On May 22, 2017, the petitioners, pursuant to section 781(b) of the Act and 19 CFR 351.225(h), submitted a properly filed request for the Department to initiate an anti-circumvention inquiry to determine whether certain imports of butt-weld pipe fittings which were completed in Malaysia using finished or unfinished butt-weld pipe fittings sourced from the PRC are circumventing the *Order*.⁴ Specifically, the petitioners allege that certain imports of butt-weld pipe fittings sourced from unfinished or finished butt-weld pipe fittings from the PRC have undergone minor finishing processes, or were simply marked with "Malaysia" as the country of origin, in Malaysia, before export to the United

States. The petitioners request that the Department treat all butt-weld pipe fittings imported from Malaysia, regardless of producer or exporter, as subject merchandise under the scope of the *Order* and impose cash deposit requirements for estimated antidumping duties on all imports of butt-weld pipe fittings from Malaysia.⁵ In the alternative to an anti-circumvention inquiry, the petitioners requested that we initiate and issue a preliminary scope ruling that certain imports of butt-weld pipe fittings which were completed in Malaysia using finished or unfinished butt-weld pipe fittings sourced from the PRC are covered by the scope of the *Order*, pursuant to 19 CFR 351.225(k).⁶

On May 26, 2017, we received comments objecting to the allegations made by the petitioners from Pantech Steel Industries SDN Ph.D. (Pantech).⁷ Also, on June 14, 2017, we received comments objecting to the allegations made by the petitioners from Solidbend Fittings & Flanges Sdn. Bhd. On August 8, 2017, we requested a list of all known producers and exporters of butt-weld pipe fittings in Malaysia from the petitioners, and on August 10, 2017, the petitioners submitted their response.¹¹ Additionally, on August 14,
