Title of Collection: 30 CFR part 250, subpart M, *Unitization*.

OMB Control Number: 1014-0015.

Form Number: None.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Potential respondents comprise Federal OCS oil, gas, and sulfur lessees/operators and holders of pipeline rights-of-way.

Estimated Reporting and Recordkeeping Hour Burden: The currently approved annual reporting burdens for this collection are 5,772 hours and \$138,188 non-hour cost burdens. The following chart details the individual components and respective hour and non-hour cost burden estimates of this ICR. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

The filing fees are required to recover the Federal Government's processing costs. Section

250.1304(d) provides an opportunity for parties notified of compulsory unitization to request a hearing; therefore, § 250.1304(e) requires the party seeking the compulsory unitization to (3) pay for the court reporter and three copies of the verbatim transcript of the hearing

(approximately \$500); for a total of \$138,188. We have not identified any other non-hour cost burdens associated with this collection of information.

Abstract: This notice concerns the paperwork requirements of 30 CFR 250, Subpart M, Unitization, and related documents. The BSEE must approve any lessee's proposal to enter an agreement to unitize operations under two or more leases and for modifications when warranted. We use the information to ensure that operations under the proposed unit agreement will result in preventing waste, conserving natural resources, and protecting correlative rights including the government's interests.
