significant effect on the human environment. This rule involves a safety zone with a duration of six days or until the search is suspended. It is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under ADDRESSES.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, and Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

§ 165.14–0809 Safety Zone; Pacific Ocean, North Shore Oahu, HI—Recovery Operations.

The safety zone is located within the COTP Zone (See 33 CFR 3.70–10) and will encompass all navigable waters extending 3 nautical miles in all directions from position: 21°34.88′ N; 158°17.90′ W. This zone extends from the surface of the water to the ocean floor.

(b) Enforcement Period. This rule is effective from 1:00 p.m. (HST) on August 22, 2017 through 8:00 a.m. (HST) on September 15, 2017, or until salvage operations are complete, whichever is earlier. If the safety zone is terminated prior to 8:00 a.m. (HST) on September 15, 2017, the Coast Guard will provide notice via a broadcast notice to mariners.

(c) Regulations. The general regulations governing safety zones contained in 33 CFR 165.20, subpart C, apply to the safety zone created by this temporary final rule.

(1) All persons are required to comply with the general regulations governing safety zones found in 33 CFR part 165.

(2) Entry into or remaining in this zone is prohibited unless expressly authorized by the COTP or his designated representative.

(3) Persons desiring to transit the safety zone identified in paragraph (a) of this section may contact the COTP at the Command Center telephone number (808) 842–2600 and (808) 842–2601, fax (808) 842–2642 or on VHF channel 16 (156.8 Mhz) to seek permission to transit the zone. If permission is granted, all persons and vessels must comply with the instructions of the COTP or his designated representative and proceed at the minimum speed necessary to maintain a safe course while in the zone.

(4) The U.S. Coast Guard may be assisted in the patrol and enforcement of the safety zone by Federal, State, and local agencies.

(d) Notice of enforcement. The COTP will cause notice of the enforcement of the safety zone described in this section to be made by verbal broadcasts and written notice to mariners and the general public.

(e) Definitions. As used in this section, designated representative means any Coast Guard commissioned, warrant, or petty officer who has been authorized by the COTP to assist in enforcing the safety zone described in paragraph (a) of this section.

M.C. Long,
Captain, U.S. Coast Guard, Captain of the Port Honolulu.

BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Air Plan Approval; Kentucky; Louisville Miscellaneous Rule Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: On August 29, 2012, the Commonwealth of Kentucky, through the Kentucky Division for Air Quality (KDAQ), submitted changes to the Kentucky State Implementation Plan (SIP) on behalf of the Louisville Metro Air Pollution Control District (District or Jefferson County). The Environmental Protection Agency (EPA) is approving several changes that modify the District’s air quality regulations as incorporated into the SIP. The changes to the regulatory portion of the SIP that EPA is approving pertain to definitional changes, administrative amendments, open burning, standards of performance, and volatile organic compounds (VOCs).

EPA is approving these changes because the Commonwealth and Jefferson County have demonstrated that these changes are consistent with the Clean Air Act (CAA or Act).

DATES: This rule is effective October 2, 2017.

ADDRESSES: EPA has established a docket for this action under Docket Identification Number EPA–R04–OAR–2017–0022. All documents in the docket are listed on the https://www.regulations.gov Web site. Although listed in the index, some information is not publicly available, i.e., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through https://www.regulations.gov or in hard copy at the Air Regulatory Management Section, Air Planning and Implementation Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW., Atlanta, Georgia 30303–8960. EPA requests that if at all possible, you contact the person listed in the FOR FURTHER INFORMATION CONTACT section to schedule your inspection. The Regional Office’s official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT: Sean Lakeman, Air Regulatory Management Section, Air Planning and Implementation Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW., Atlanta, Georgia 30303–8960. The telephone number is (404) 562–9043. Mr. Lakeman can be reached via electronic mail at lakeman.sean@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On August 29, 2012, KDAQ submitted a SIP revision to EPA for approval that
involves changes to Jefferson County regulations related to acronym additions, administrative amendments, open burning, standards of performance, and VOCs. EPA is approving the changes to Jefferson County Regulation 1.03—Abbreviations and Acronyms; Regulation 1.08—Administrative Procedures; Regulation 1.11—Control of Open Burning; Regulation 1.19—Administrative Hearings; Regulation 6.18—Standards of Performance for Solvent Metal Cleaning Equipment; Regulation 6.43—Volatile Organic Compound Emission Reduction Requirements; and repeal Regulation 7.18—Standards of Performance for New Solvent Metal Cleaning Equipment.

This action will update Kentucky’s acronyms and make changes to other regulations approved into the SIP. The changes made to the regulations other than definitions are administrative in nature, including updating internal references. In a proposed rulemaking published on July 10, 2017 (82 FR 31736), EPA proposed to approve Kentucky’s August 29, 2012, SIP revision. The details of Kentucky’s August 29, 2012, SIP revision and the rationale for EPA’s action are explained in the proposed rulemaking. Comments on the proposed rulemaking were due on or before August 9, 2017. EPA did not receive any comments on the proposed action.

II. Incorporation by Reference

In this rule, EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is finalizing the incorporate by reference Jefferson County Regulation 1.03—Abbreviations and Acronyms, which had a state effective date of January 16, 2008; Regulation 1.08—Administrative Procedures, in which version 13 had an effective date of March 21, 2010; Regulation 1.11—Control of Open Burning; Regulation, in which version 10 has an effective date of January 16, 2008; 1.19—Administrative Hearings, which has an effective date of January 16, 2008; Regulation 6.18—Standards of Performance for Solvent Metal Cleaning Equipment, which has an effective date of May 9, 2003; and Regulations 6.43—Volatile Organic Compound Emission Reduction Requirements, in which version 5 has an effective date of February 15, 2006. EPA has made, and will continue to make, these materials generally available through https://www.regulations.gov and/or at the EPA Region 4 Office (please contact the person identified in the FOR FURTHER INFORMATION CONTACT section of this preamble for more information).

Therefore, these materials have been approved by EPA for inclusion in the SIP, have been incorporated by reference by EPA into that plan, are fully federally-enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of EPA’s approval, and will be incorporated by reference by the Director of the Federal Register in the next update to the SIP compilation.1

III. Final Action

EPA is approving Kentucky’s August 29, 2012, SIP revision, submitted on behalf of the District, because it is consistent with the CAA. EPA believes that all of these changes are consistent with section 110 of the CAA and meet the regulatory requirements pertaining to SIPS, including CAA section 110(l), since these changes, with the exception to definition changes, are administrative in nature and will not interfere with any applicable requirement concerning attainment and reasonable further progress, or any other applicable requirement of the CAA.

IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable federal regulations. See 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

• Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3621, January 21, 2011);
• does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.);
• is not a significant regulatory action subject to definition changes, are administrative in nature and will not interfere with any applicable requirement concerning attainment and reasonable further progress, or any other applicable requirement of the CAA.

1 62 FR 27968 (May 22, 1997).

• is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
• is not a significant regulatory action subject to Executive Order 13211 (66 FR 26355, May 22, 2001);
• is not subject to the requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
• does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 et seq., as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the Federal Register. A major rule cannot take effect until 60 days after it is published in the Federal Register. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by October 30, 2017. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to
enforce its requirements. See section 307(b)(2).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Nitrogen dioxide, Sulfur Dioxide, Reporting, Volatile organic compounds and recordkeeping requirements.

V. Anne Heard,
Acting Regional Administrator, Region 4.

40 CFR part 52 is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 et seq.

Subpart S—Kentucky

2. Section 52.920(c) is amended under Table 2 by:
   a. Revising the entries for “1.03”, “1.08”, “1.11”, “1.19”, “6.18” and “6.43”;
   b. Removing the entry for “7.18”.

The revised text reads as follows:

§ 52.920 Identification of plan.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Air Plan Approval; Georgia; Update to Materials Incorporated by Reference

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; notice of administrative change.

SUMMARY: The Environmental Protection Agency (EPA) is updating the materials that are incorporated by reference (IBR) into the Georgia state implementation plan (SIP). The regulations affected by this update have been previously submitted by Georgia and approved by EPA. This update affects the materials that are available for public inspection at the National Archives and Records Administration (NARA) and the EPA Regional Office.

DATES: This action is effective August 31, 2017.

ADDRESSES: SIP materials which are incorporated by reference into 40 CFR part 52 are available for inspection at the following locations: Environmental Protection Agency, Region 4, 61 Forsyth Street SW., Atlanta, GA 30303; and the National Archives and Records Administration. For information on the availability of this material at NARA, call 202–741–6030, or go to: http://www.archives.gov/federal-register/cfr/ibr-locations.html. To view the materials at the Region 4 Office, EPA requests that you email the contact listed in the FOR FURTHER INFORMATION CONTACT section.
