SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the information collection requirements contained in Employee Retirement Income Security Act (ERISA) Prohibited Transaction Class Exemption (PTE) 1981-8, Investment of Plan Assets in Certain Types of Short-Term Investments, which permits the investment of ERISA covered plan

assets that involve the purchase or other acquisition, holding, sale, exchange, or redemption by or on behalf of an employee benefit plan of certain types of short-term investments. The PTE requires two basic disclosure requirements. Both affect only the portion of the exemption dealing with repurchase agreements. The first requirement calls for the repurchase agreements between the seller and the plan to be in writing. The repurchase agreements have a duration of one year or less and may be in the form of a blanket agreement that covers the transactions for the year. The written agreement is intended to put the plan on notice of possible fees associated with the redemption of open-end mutual fund shares. The second requirement obliges the seller of such repurchase agreements to provide the most recent financial statements to the plan at the time of the sale and as the statements are issued. The seller must also represent, either in the repurchase agreement or prior to each repurchase agreement transaction, that, as of the time the transaction is negotiated, there has been no material adverse change in the seller's financial condition since the date the most recent financial statement was furnished that has not been disclosed to the plan fiduciary with whom the written agreement is made. Internal Revenue Code of 1986 section 4975(c) and ERISA section 408 authorize the information collection activities. See 26 U.S.C. 4975(c) and 29 U.S.C. 1108.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210-0061.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on August 31, 2017. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements.
