Background

On July 13, 2017, the Cast Iron Soil Pipe Institute, Mundelein, Illinois, filed a petition with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV and subsidized imports of cast iron soil pipe fittings from China. Accordingly, effective July 13, 2017, the Commission, pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)), instituted countervailing duty investigation No. 701-TA-583 and antidumping duty investigation No. 731-TA-1381 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of July 20, 2017 (82 FR 33515). The conference was held in Washington, DC, on August 3, 2017, and all persons who requested the

opportunity were permitted to appear in person or by counsel.

The Commission made these determinations pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on August 28, 2017. The views of the Commission are contained in USITC Publication 4722 (September 2017), entitled *Cast Iron Soil Pipe Fittings from China: Investigation Nos. 701-TA-583 and 731-TA-1381 (Preliminary)*.
