

notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on August 18, 2017.

voestalpine already has authority to produce hot briquetted iron (HBI) and related by-products using certain foreign-status materials within Subzone 122T. voestalpine has a pending production notification requesting to expand its scope of authority (B-42-2017, 82 FR 30821, July 3, 2017). The current request would add a foreign-status material to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status material described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt voestalpine from customs duty payments on the foreign-status lump iron ore used in export production. On its domestic sales, for foreign-status lump iron ore (duty free), voestalpine would be able to choose the duty rates during customs entry procedures that apply to HBI and certain by-products: Iron sludge, recycled iron briquettes, direct reduction remet, iron fines, and HBI fines (for which voestalpine's request for authority is currently pending) (duty free). voestalpine would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 23, 2017.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

Background

On December 1, 2016, the Department published in the **Federal Register** a notice of opportunity to request an administrative review of the CVD order on CVP-23 from India for the period January 1, 2015, through December 31, 2015.¹ On December 7, 2016, the Department received a timely request for review from Pidilite Industries Limited (Pidilite), in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b), to conduct an administrative review of this CVD order.² Based upon this request, on February 13, 2017, the Department published in the **Federal Register** a notice of initiation of an administrative review of the CVD order on CVP-23 from India with respect to Pidilite.³ No other party requested an administrative review. On March 28, 2017, Pidilite timely withdrew its request for an administrative review.⁴

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review. In this case, Pidilite timely withdrew its request for review within the 90-day deadline, and no other party requested an administrative review of this order. Therefore, we are rescinding the administrative review of the CVD order on CVP-23 from India covering the period January 1, 2015, through December 31, 2015.

Stainless Steel Flanges From India and the People's Republic of China: Initiation of Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Effective September 11, 2017.

FOR FURTHER INFORMATION CONTACT: Annatheia Cook at (202) 482-0250 (India) and Kenneth Hawkins at (202) 482-6491 (the People's Republic of China), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

The Petitions

On August 16, 2017, the U.S. Department of Commerce (the

Department) received antidumping duty (AD) Petitions concerning imports of stainless steel flanges from India and the People's Republic of China (PRC), filed in proper form on behalf of the Coalition of American Flange Producers and its individual members, Core Pipe Products, Inc. and Maass Flange Corporation (collectively, the petitioners).¹ The AD Petitions were accompanied by countervailing duty (CVD) Petitions concerning imports of stainless steel flanges from India and the PRC. The petitioners are domestic producers of stainless steel flanges.²

On August 18 and 21, 2017, the Department requested supplemental information pertaining to certain areas of the Petitions.³ The petitioners filed responses to these requests on August 22, 2017.⁴ The petitioners filed revised scope language on August 30, 2017.⁵

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioners allege that imports of stainless steel flanges from India and the PRC are likely to be sold in the United States at less than fair value within the meaning of section 731 of the Act, and that such imports are materially injuring, or threatening material injury to, the domestic industry producing stainless steel flanges in the United States. Also, consistent with section 732(b)(1) of the Act, the Petitions are accompanied by information reasonably available to the petitioners supporting their allegations.

The Department finds that the petitioners filed these Petitions on

behalf of the domestic industry because the petitioners are interested parties as defined in sections 771(9)(C) and (F) of the Act. The Department also finds that the petitioners demonstrated sufficient industry support with respect to the initiation of the AD investigations that the petitioners are requesting.⁶

Periods of Investigation

Because the Petitions were filed on August 16, 2017, the period of investigation (POI) for the investigation for India is July 1, 2016, through June 30, 2017. Because the PRC is a non-market economy (NME) country, the POI for this investigation is January 1, 2017, through June 30, 2017.

Scope of the Investigations

The products covered by these investigations are stainless steel flanges from India and the PRC. For a full description of the scope of these investigations, *see* the "Scope of the Investigations," in the Appendix to this notice.

Comments on Scope of the Investigations

During our review of the Petitions, the Department issued questions to, and received responses from, the petitioners pertaining to the proposed scope to ensure that the scope language in the Petitions would be an accurate reflection of the products for which the domestic industry is seeking relief.⁷

As discussed in the preamble to the Department's regulations, we are setting aside a period for interested parties to raise issues regarding product coverage (scope).⁸ The Department will consider all comments received from interested parties and, if necessary, will consult with interested parties prior to the issuance of the preliminary determinations.
