BILLING CODE 8011-01-P

SMALL BUSINESS ADMINISTRATION

[Disaster Declaration #15283; MISSISSIPPI Disaster Number MS-00102 Declaration of Economic Injury]

Administrative Declaration of an Economic Injury Disaster for the State of Mississippi

AGENCY: U.S. Small Business Administration.

ACTION: Notice.

SUMMARY: This is a notice of an Economic Injury Disaster Loan (EIDL) declaration for the State of Mississippi, dated September 1, 2017.

DATES: Issued on 09/01/2017.

Economic Injury (EIDL) Loan Application Deadline Date: 06/01/2018.

ADDRESS: Submit completed loan applications to: U.S. Small Business Administration, Processing and Disbursement Center, 14925 Kingsport Road, Fort Worth, TX 76155.

FOR FURTHER INFORMATION CONTACT: A. Escobar, Office of Disaster Assistance, U.S. Small Business Administration, 409 3rd Street SW., Suite 6050, Washington, DC 20416, (202) 205-6734.

SUPPLEMENTARY INFORMATION: Notice is hereby given that as a result of the Administrator's EIDL declaration, applications for economic injury disaster loans may be filed at the address listed above or other locally announced locations.

Incident: City of Vicksburg's Main Waterline Rupture.

Incident Period: 05/17/2017 through 05/24/2017.

The following areas have been determined to be adversely affected by the disaster:

Primary Counties: Warren

Contiguous Counties:

Mississippi: Claiborne, Hinds, Issaquena, Yazoo
Louisiana: East Carroll, Madison, Tensas

The Interest Rates are:

	Percent
Businesses and Small Agricultural Cooperatives Without Credit Available Elsewhere	3.215
Non-Profit Organizations Without Credit Available Elsewhere	2.500

The number assigned to this disaster for economic injury is 152830.

The States which received an EIDL Declaration # are Mississippi, Louisiana.

(Catalog of Federal Domestic Assistance Number 59008)

Dated: September 1, 2017.

Linda E. McMahon,

Administrator.

DEPARTMENT OF STATE

[Public Notice: 10123]

Notice of Determinations; Culturally Significant Objects Imported for Exhibition Determinations: "Mark Tobey: Threading Light" Exhibition

SUMMARY: Notice is hereby given of the following determinations: I hereby determine that certain objects to be included in the exhibition "Mark Tobey: Threading Light," imported from abroad for temporary exhibition within the United States, are of cultural significance. The objects are imported pursuant to loan agreements with the foreign owners or custodians. I also determine that the exhibition or display of the exhibit objects at the Addison Gallery of American Art at Phillips Academy, Andover, Massachusetts, from on or about November 4, 2017, until on or about March 11, 2018, and at possible additional exhibitions or venues yet to be determined, is in the national interest.

FOR FURTHER INFORMATION CONTACT: For further information, including a list of the imported objects, contact Elliot Chiu in the Office of the Legal Adviser, U.S. Department of State (telephone: 202-632-6471; email: section2459@state.gov). The mailing address is U.S. Department of State, L/PA, SA-5, Suite 5H03, Washington, DC 20522-0505.

SUPPLEMENTARY INFORMATION: The foregoing determinations were made pursuant to the authority vested in me by the Act of October 19, 1965 (79 Stat. 985; 22 U.S.C. 2459), E.O. 12047 of March 27, 1978, the Foreign Affairs Reform and Restructuring Act of 1998 (112 Stat. 2681, *et seq.*; 22 U.S.C. 6501 note, *et seq.*), Delegation of Authority No. 234 of October 1, 1999, Delegation of Authority No. 236-3 of August 28, 2000 (and, as appropriate, Delegation of Authority No. 257-1 of December 11, 2015). I have ordered that Public Notice of these determinations be published in the **Federal Register**.

Alyson Grunder,

Deputy Assistant Secretary for Policy, Bureau of Educational and Cultural Affairs, Department of State.

BILLING CODE 4710–05–P

TENNESSEE VALLEY AUTHORITY

Multiple Reservoir Land Management Plans

AGENCY: Tennessee Valley Authority.

ACTION: Issuance of Record of Decision.

SUMMARY: The Tennessee Valley Authority (TVA) has decided to adopt proposed reservoir land management plans (RLMPs) for the 138,321.4 acres of TVA-managed public land on eight reservoirs in Alabama, Kentucky, and Tennessee: Chickamauga, Fort Loudoun, Great Falls, Kentucky, Nickajack, Normandy, Wheeler and Wilson. TVA is also revising its Comprehensive Valleywide Land Plan (CVLP) to incorporate the information included in the eight RLMPs.

FOR FURTHER INFORMATION CONTACT:

Kelly Baxter, Land Planning Specialist, Natural Resources, Tennessee Valley Authority, 400 West Summit Hill Drive, WT–11D, Knoxville, Tennessee 37902–1499; telephone (865) 632–2444; or email [krebaxter@tva.gov](mailto:krbaxter@tva.gov).

SUPPLEMENTARY INFORMATION: This notice is provided in accordance with the Council on Environmental Quality's regulations (40 CFR parts 1500 to 1508) and TVA's procedures for implementing the National Environmental Policy Act. TVA manages public lands to protect the integrated operation of TVA reservoir and power systems, to provide for appropriate public use and enjoyment of the reservoir system, and to provide for continuing economic growth in the Tennessee Valley region. Shortly after its creation in 1933, TVA began a dam and reservoir construction program that required the purchase of approximately 1.3 million acres of land for the creation of 46 reservoirs within the Tennessee Valley region. Most of these lands are now located underneath the water of the reservoir system or have

since been sold by TVA or transferred to other state or federal agencies. Today, approximately 293,000 acres of land along TVA reservoirs are managed by TVA for the benefit of the public.

Reservoir land planning is a systematic method of identifying and evaluating the most suitable uses of reservoir lands under TVA stewardship and RLMPs guide future decision-making and the management of reservoir lands in a manner consistent with TVA policies. The updated RLMPs are needed to consider changes to land uses over time, to make land planning decisions on these eight reservoirs consistent with the TVA Land Policy and the CVLP, and to incorporate TVA's goals for managing natural resources on public lands.

On July 21, 2017, TVA issued a Final Environmental Impact Statement (EIS) that considered the eight proposed RLMPs and the associated changes to the CVLP land use allocation target ranges. The eight RLMPs reviewed in the Final EIS address management of approximately 138,221 acres of TVA-managed public lands surrounding Chickamauga, Fort Loudoun, Great Falls, Kentucky, Nickajack, Normandy, Wheeler, and Wilson Reservoirs.

On August 23, 2017, the TVA Board of Directors (TVA Board) approved the Multiple RLMPs and updates to the CVLP, implementing the preferred alternative (Proposed Land Use Alternative) identified in the Final EIS. Under the RLMPs adopted by the TVA Board, TVA-managed land on the eight reservoirs has been allocated into broad land use categories or "zones", including Project Operations (Zone 2), Sensitive Resource Management (Zone 3), Natural Resource Conservation (Zone 4), Industrial (Zone 5), Developed Recreation (Zone 6) and Shoreline Access (Zone 7). These allocations guide the types of activities that will be considered on each parcel of land in the future. Non-TVA Shoreland (Zone 1) is applied to reservoir lands where TVA has land rights such as flowage easements. In the Final EIS, TVA considered potential environmental impacts of the eight RLMPs and the land use allocations of reservoir parcels.

In proposing the land use zones, TVA considered previous land use allocations and current land uses, existing land rights (easements, leases, etc.), public needs, the presence of sensitive environmental resources, and TVA policies and guidelines, including the TVA Land Policy and Shoreline Management Policy. Of the eight reservoirs, seven have land use plans that were developed using different methodology and land use categories.

Two reservoirs (Fort Loudoun and Normandy) were planned using TVA's Forecast System in the 1960s or 1970s; four reservoirs (Chickamauga, Kentucky, Nickajack, and Wheeler) were planned in the 1980s and 1990s under the Multiple Use Tract Allocation methodology. A land plan has never been developed for Great Falls Reservoir, and only a portion of Wilson Reservoir has been planned previously. Further, previous land planning methodologies did not assign land use designations to all TVA-managed land on the reservoir. In developing the eight RLMPs, TVA applied the Single Use Parcel Allocation methodology which allocates all TVA reservoir land to the seven allocation land use zones identified above. With the approval of these RLMPs, all TVA land plans are now based on the same allocation methodology, ensuring that future management policies can be consistently applied across the Tennessee Valley region, as intended under TVA's 2011 Natural Resource Plan.

In its Natural Resource Plan, TVA established the CVLP to guide allowable uses of TVA-managed properties on 46 reservoirs. The CVLP identifies target ranges for the different types of land use zone allocations for TVA reservoir lands in the Tennessee Valley region and helps TVA to balance competing land use demands. When establishing the CVLP target ranges for the land use zones in 2011, TVA based the ranges on parcel allocation conversions from existing plans as well as "rapid lands assessments," which were initial allocation designations of reservoir parcels conducted in order to establish an initial CVLP target range. Since 2011, TVA has conducted thorough, systematic assessments of parcels on the eight reservoirs and found in many cases that the initial allocation estimates did not accurately reflect actual land uses on parcels, the presence of sensitive resources, or existing land rights or restrictions for parcels. TVA incorporated these allocation corrections into the proposed RLMPs, which resulted in the need to make minor revisions to the CVLP target ranges. Thus, as part of this planning effort, TVA considered changes to the CVLP target ranges according to the zone allocations identified in the RLMPs. No other decisions in the Natural Resource Plan were revised during this planning effort.

Alternatives Considered

In the Final EIS, TVA considered the Proposed Land Use Plan Alternative and the No Action Alternative for managing
