Proposed Information Collection 
Activity; Comment Request

Title: Pathways for Advancing Careers 
and Education (PACE): Third Follow-Up 
Data Collection.

OMB No.: 0970–0397.

Description: The Administration for 
Children and Families (ACF), U.S. 
Department of Health and Human 
Services (HHS), is proposing a data 
collection activity as part of the 
Pathways for Advancing Careers (PACE) 
evaluation. PACE is an evaluation of 
nine promising career pathways 
strategies to promote education, 
employment, and self-sufficiency. The 
major goal of PACE is to increase the 
empirical knowledge about the 
effectiveness of programs for low-
income individuals and families to 
achieve educational credentials, attain 
employment, and advance to positions 
that enable self-sufficiency.

PACE is one project within the 
broad portfolio of research that the 
ACF Office of Planning, Research, and 
Evaluation (OPRE) is utilizing to assess 
the success of career pathways programs 
and models. In addition to PACE, this 
strategy includes a multi-pronged 
research and evaluation approach for 
the Health Profession Opportunity 
Grants (HPOG) Program to better 
understand and assess the activities 
conducted and their results. In order to 
maximize learning across this portfolio, 
survey development for the HPOG and 
PACE baseline and follow up surveys 
have been coordinated, and the majority 
of the data elements collected in these 
surveys are similar. (See OMB Control 
#0970–0394 for HPOG data collection.) 
Three data collection efforts have 
been approved for PACE: One for 
baseline data collection (approved 
November 2011); a second for data 
collection activities to document 
program implementation, data 
collection activities for an initial follow-
up survey of participants administered 
approximately 15 months after random 
assignment, and data collection through 
in-depth interviews for a small sample 
of study participants (approved August 
2013); and a third for a second follow-
up survey of participants administered 
36 months after random assignment 
(approved December 2014).

This Federal Register Notice provides 
the opportunity to comment on a 
proposed new information collection 
activity for PACE—a third follow-up 
survey for PACE participants 
approximately 72 months after program 
enrollment. The purpose of the survey 
is to follow-up with study participants 
to document their education and 
training experiences; employment 
experiences including their 
advancement in their career; economic 
well-being; student debt and repayment 
status; and parenting practices and child 
outcomes for participants with children.

Previously approved collection 
activities under 0970–0397 will 
continue under this new request, 
specifically the 36-Month Follow-Up 
Survey and Follow-Up Survey Contact 
Information Update Letters.

Respondents: Individuals enrolled in 
the PACE study at programs selected for 
long-term follow-up.

In compliance with the requirements 
of Section 3506(c)(2)(A) of the 
Paperwork Reduction Act of 1995, the 
Administration for Children and 
Families is soliciting public comment 
on the specific aspects of the 
information collection described above. 
Copies of the proposed collection 
of information can be obtained and 
comments may be forwarded by writing 
to the Administration for Children and 
Families, Office of Planning, Research, 
and Evaluation, 330 C Street SW., 
Washington, DC 20201, Attn: OPRE 
Reports Clearance Officer. Email 
address: OPREInfocollection@ 
acf.hhs.gov. All requests should be 
identified by the title of the information 
collection.

The Department specifically requests 
comments on (a) whether the proposed 
collection of information is necessary 
for the proper performance of the 
functions of the agency, including 
whether the information shall have 
practical utility; (b) the accuracy of the 
agency’s estimate of the burden of the 
proposed collection of information; (c) 
the quality, utility, and clarity of the 
information to be collected; and (d) 
ways to minimize the burden of the 
collection of information on 
respondents, including through the use 
of automated collection techniques or 
other forms of information technology. 
Consideration will be given to 
comments and suggestions submitted 
within 60 days of this publication.

Statement of Organization, Functions, 
and Delegations of Authority

AGENCY: Administration for Children 
and Families, HHS.

ACTION: Notice.

SUMMARY: Statement of Organizations, 
Functions, and Delegations of 
Authority. The Administration for 
Children and Families (ACF) and the 
National Treasury Employees Union 
(NTEU) have renewed the ACF Labor 
Management Committee Charter.

FOR FURTHER INFORMATION CONTACT: 
Benjamin Goldhaber, Deputy Assistant 
Secretary for Administration, 330 C 
Street SW., Washington, DC 20201, 
(202) 795–7790.
The ACF Labor Management Committee Charter is being published as follows:

Cooperation Agreement and Charter for the Labor Management Committee (LMC) the Administration for Children and Families (ACF) and National Treasury Employees Union (NTEU)

The Administration for Children and Families (ACF) and the National Treasury Employees Union (NTEU) jointly establish the ACF/NTEU Labor Management Committee (LMC). The parties recognize that a strong relationship between labor and management as true and equal partners is essential in order for ACF to continue to deliver high quality human services to the American people as well as continue to recognize and value its employees and their union representation. This cooperative relationship envisions the open sharing of information at the earliest pre-decisional stage thereby engendering mutual trust and respect.

Purpose and Objectives

The Committee’s goal is to establish an ACF/NTEU labor-management culture that fosters the full development and utilization of employees’ skills, knowledge, expertise and capabilities through cooperative dialogue and endeavors with ACF employees and their union representative.

In pursuit of this goal, the Committee sets forth the following objectives:

- Focus on ACF mission achievement by serving the public interest first;
- Promote a quality workplace through improved working conditions and enhanced working relationships;
- Provide a communication and information sharing channel for all bargaining-unit employees through their union representatives;
- Enhance and establish policy and program improvement initiatives through pre-decisional involvement of NTEU without regard to whether those matters are negotiable subjects of bargaining under 5 U.S.C. § 7106;
- Make a good-faith effort to resolve issues concerning proposed changes in conditions of employment as it relates to numbers, types, and grades of employees and positions assigned to any organizational subdivision, work product, or tour of duty; and the technology, methods, and means of performing work;
- Identify and target mutual interests and shared problems and craft solutions;
- Respect each other as equal partners in order to address issues from a problem-solving, interest based, and cooperative perspective;
- Promote cooperative labor-management working relationships across the Agency; and
- Provide a forum from which to build mutual trust, respect, and understanding between the partners.

Scope

The ACF LMC will implement the purposes and objectives on which it is founded by:

- Identifying issues impacting ACF’s mission, labor-management relations, and others of mutual interest to committee members and providing proposed recommendations to ACF and NTEU leadership;
- Discussing issues and developing proposed recommendations on items referred to the Committee by ACF or NTEU leadership;
- Exchanging facts and information about agency-wide issues affecting management, labor and mission achievement, and serving as a forum for discussion of such issues; and
- Promoting and facilitating labor-management cooperation throughout ACF, including cooperative relationships at all appropriate levels.

The Parties recognize that although the work of the Committee may reduce the need for formal bargaining, the discussion of issues by the Committee does not relieve the Agency of its bargaining obligations under the Federal Labor-Management Relations Statute (the Statute), absent explicit agreement by the Union.

Principles

1. ACF allows employees through their union representatives to have pre-decisional involvement in workplace matters to the fullest extent practicable without regard to whether those matters are negotiable subjects of bargaining pursuant to 5 U.S.C. § 7106. Pre-decisional involvement takes place before the bargaining process.

2. The basic principles that underlie pre-decisional involvement are as follows:

   a. The pre-decisional process begins early:
      - as soon as management identifies an issue or problem that it intends to address but before the scope of the problem has been defined or potential solutions are evaluated.
   b. Information is shared freely during the entire process.
   c. There is an understanding of confidentiality.
   d. The parties use interest-based problem solving.
   e. The parties must have a high degree of commitment to the process and to achieving their shared goals.
   f. The Committee is responsible for reaching a common understanding on the structure of their pre-decisional involvement process.
   g. Pre-decisional involvement does not waive management’s statutory right to make decisions under 5 U.S.C. § 7106, nor does it waive the NTEU’s right to engage in bargaining prior to implementation consistent with 5 U.S.C. § 7106. Either party retains the right to reject any recommendations and/or proposed agreements arrived at during discussions. It is understood that no agreement will become final and binding until the parties have signed a written agreement to memorialize the terms. Pre-decisional involvement may result in an agreement on an issue, which should be memorialized in a Memorandum of Understanding (MOU) that eliminates the need for further bargaining on the matter. Agency head review is required for any MOU that the parties propose.

3. ACF recognizes that bargaining unit employees represented by NTEU are an essential source of ideas and information about the realities of achieving the ACF’s mission. Their input generated through the Committee will assist management in making better informed decisions before making changes in working conditions that affect them. It is the intent of the parties that collaboration will result in reducing bargaining and/or fewer issues that must be referred to the collective bargaining process.

Structure

Composition

1. Membership: The Committee will consist of eight members, four NTEU representatives and four management representatives. All members of the Committee must be current and active employees of ACF. In addition, an Executive Secretary will be appointed by the Co-Chairs to perform administrative duties as directed by the Committee. The ACF Deputy Assistant Secretary for Administration and the NTEU National President, or their designees, will be considered ex officio members of the Committee. NTEU representatives will be appointed by the NTEU National President and management representatives will be appointed by the ACF Deputy Assistant Secretary for Administration or his/her designee. The parties will provide the names of appointed committee members and alternates as soon as possible, but no later than 30 days from the date of execution of this Charter. In the event that a committee member is no longer able to serve, a replacement member will be appointed as soon as possible, but no later than 30 days after the original committee member resigns. NTEU and ACF may each appoint one alternate. Alternates can participate fully in discussions but not in decisions. NTEU’s representatives will be allocated appropriate official time to prepare for and participate in the Committee, to include travel time to and from each meeting.

2. Co-Chairs: NTEU and ACF will each appoint a Committee Co-Chair for a term to be established individually by each entity.

3. Guests: NTEU and ACF may each invite two non-member guests per committee meeting. Guests may provide information and their individual views to the Committee and may fully participate in committee discussions, but will not be involved in the decision making process of the Committee and shall not be involved in making final recommendations to ACF management. Guests may vary per meeting, and may include, but are not limited to, individuals from NTEU’s national office, retired/former federal government employees, and the Department’s National Labor Relations Office.

Decision Making: All Committee members have equal status during Committee deliberations. The Committee has authority to recommend action to ACF management and NTEU. However, the Committee can only make decisions regarding recommendations when a quorum is present. A quorum exists when at least three representatives from labor and three representatives from ACF are present. When there is no quorum, meetings may still be held to discuss issues, however no decisions may be made. All decisions must be made by consensus.
