These surveys consist of Likert-type, mark-one, and mark-all-that-apply items, and may include a small number of open-ended comment items. Administration of OPM's Customer Satisfaction Surveys (OMB No. 3206–0236) typically consists of approximately 15–20 standard items drawn from an item bank of approximately 50 items; client agencies usually add a small number of custom items to assess satisfaction with specific products and services. The survey is almost always administered electronically.
