SUPPLEMENTARY INFORMATION:**Comments Invited**

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Consistent with the requirements of Executive Order (E.O.) 13771, Reducing Regulation and Controlling Regulatory Costs, and E.O. 13777, Enforcing the Regulatory Reform Agenda, TSA is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents.

Information Collection Requirement

OMB Control Number 1652-0030; TSA Customer Comment Card. The ICR is a voluntary program for airport passengers to provide feedback to TSA regarding their experiences with TSA security procedures. The collection of information allows TSA to evaluate and address customer concerns about security procedures and policies.

TSA Customer Comment Cards collect feedback, complaints, or compliments and the passenger may voluntarily provide contact information. TSA uses the contact information to respond to the passenger's comments. For passengers who deposit their cards in the designated drop-boxes, TSA staff at airport collect the cards, categorize comments, enter the results into an online system for reporting, and respond to passengers as appropriate.

In addition, the TSA Contact Center (TCC) continues to be available for passengers to make comments independently of airport involvement via online submission forms, available at www.tsa.gov/contact/contact-forms. These electronic forms of the comment card are intended for the same purpose, to allow passengers to provide feedback to TSA regarding their experiences with TSA security procedures. Passengers may also use the electronic forms to file Disability or Civil Rights and Liberties complaints. TCC provides a receipt to any person who submits an electronic form. The information obtained from the electronic forms allows TSA to evaluate and address customer concerns about security procedures and policies with an electronic interface.

TSA is revising the collection to add three new electronic forms: Request for Assistance, Request for Information, and Security Issue. The Request for Assistance electronic form allows passengers to request assistance at the TSA checkpoint as part of the TSA
