

personal delivery only. PBGC is proposing this new submission provision to increase the ease of submission for plan administrators.

In addition, PBGC is proposing to include an opportunity for plan sponsors to contact PBGC for a pre-filing consultation to discuss the filing process and ensure the filing of a distress termination is appropriate given the sponsor's specific circumstances. This consultation will assist PBGC and the plan sponsor in exploring whether a waiver of one or more filing obligations is appropriate, identifying potential issues preventing a distress termination of a particular plan, and may indicate that commencement of an agency-initiated termination of the pension plan is warranted. This consultation will be voluntary and will result in little or no added burden on the plan sponsor.

PBGC estimates that 1,276 plan administrators will be subject to the collection of information requirements in PBGC's regulations on termination and missing participants and implementing forms and instructions each year, and that the total annual burden of complying with these requirements will be 1,560 hours and \$1,350,400.

PBGC is soliciting public comments to—

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.
