Foreign-Trade Zones Board

[BF–5–2017]

Foreign-Trade Zone 124—Gramercy, Louisiana, Application for Reorganization, (Expansion of Service Area) Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Port of South Louisiana, grantee of Foreign-Trade Zone 124, requesting authority to reorganize the zone to expand its service area under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the FTZ Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81l), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on January 10, 2017.

FTZ 124 was approved by the FTZ Board on December 20, 1985 (Board Order 319, 50 FR 53351, December 31, 1985), reorganized under the ASF on January 31, 2012 (Board Order 1814, 77 FR 6059, February 7, 2012), and its service area was expanded on July 16, 2013 (Board Order 1908, 78 FR 44094–44095, July 23, 2013). The zone currently has a service area that includes St. Charles, St. John the Baptist, St. James, Lafourche, St. Mary and Tangipahoa Parishes, Louisiana. The applicant is now requesting authority to expand the service area of the zone to include Plaquemines and Assumption Parishes, Louisiana, as described in the application. If approved, the grantee would be able to service sites throughout the expanded service area based on companies’ needs for FTZ designation. The application indicates that the proposed expanded service area is adjacent to the Gramercy Customs and Border Protection Port of Entry.

In accordance with the FTZ Board’s regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

On its domestic sales, IRIS would be able to choose the duty rates during customs entry procedures that apply to finished products—plastic household storage/organizational containers and pet carriers/pens (duty rates range from free to 5.3%)—authorized by the FTZ Board for the foreign-status steel wire dividers (duty rate, 3.4%). Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is February 27, 2017.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the FTZ Board’s Web site, which is accessible via www.trade.gov/ftz. Executive Secretary.

Foreign-Trade Zone (FTZ) 277—Western Maricopa County, Arizona Notification of Proposed Production Activity; IRIS USA, Inc. (Plastic Household Storage/Organizational Containers), Surprise, Arizona

IRIS USA, Inc. (IRIS) submitted a notification of proposed production activity to the FTZ Board for its facility in Surprise, Arizona, within FTZ 277. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on December 23, 2016.

IRIS has a pending production notification to produce plastic household storage/organizational containers and pet carriers/pens within Site 12 of FTZ 277 (B–68–2016, 81 FR 71045–71046, October 14, 2016). The current request would add a foreign-status component (steel wire dividers) to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status component described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt IRIS from customs duty payments on the foreign-status component used in export production. On its domestic sales, IRIS would be able to choose the duty rates during customs entry procedures that apply to finished products
