40 CFR Part 52
[DATE]

Approval and Promulgation of Air Quality Implementation Plans; District of Columbia; Interstate Transport Requirements for the 2010 1-Hour Sulfur Dioxide Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) proposes to approve the state implementation plan revision submitted by the District of Columbia. This revision pertains to the infrastructure requirement for interstate transport pollution with respect to the 2010 1-hour sulfur dioxide national ambient air quality standards. In the Final Rules section of this Federal Register, EPA is approving the District’s SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A more detailed description of the state submittal and EPA’s evaluation is included in a technical support document (TSD) prepared in support of this rulemaking action. A copy of the TSD is available, upon request, from the individual listed in the FOR FURTHER INFORMATION CONTACT section of this document or is also available electronically within the Docket for this rulemaking action. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be received in writing by November 17, 2017.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R03–OAR–2014–0701 at https://www.regulations.gov, or via email to stahl.cynthia@epa.gov. For comments submitted at Regulations.gov, follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from Regulations.gov. For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be confidential business information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (i.e., on the Web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the FOR FURTHER INFORMATION CONTACT section. For the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit http://www2.epa.gov/dockets/commenting-epa-documents.

FOR FURTHER INFORMATION CONTACT: Joseph Schultingkamp, (215) 814–2021, or by email at schultingkamp.joseph@epa.gov.

SUPPLEMENTARY INFORMATION: For further information, please see the information provided in the direct final action, with the same title, regarding the District’s interstate transport requirements for sulfur dioxide, that is located in the “Rules and Regulations” section of this Federal Register publication as well as the TSD that accompanies this rulemaking action at www.regulations.gov.

Approval and Promulgation of Air Quality Implementation Plans; Minnesota; Regional Haze Progress Report

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve a regional haze progress report as a revision to the Minnesota State Implementation Plan. The progress report examines Minnesota’s progress in implementing its regional haze plan during the first half of the first implementation period. Minnesota has met the requirements for submitting a periodic report describing its progress toward reasonable progress goals established for regional haze. It also provided a determination of the adequacy of its plan in addressing regional haze with its negative declaration submitted with the progress report.

DATES: Comments must be received on or before November 17, 2017.
