INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731–TA–313–314, 317, and 379 (Fourth Review)]

Brass Sheet and Strip From France, Germany, Italy, and Japan; Determinations

On the basis of the record 1 developed in the subject five-year reviews, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that revocation of the antidumping duty orders on brass sheet and strip from France, Germany, Italy, and Japan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission, pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)), instituted these reviews on March 1, 2017 (82 FR 12238) and determined on June 5, 2017 that it would conduct expedited reviews (82 FR 32871, July 18, 2017).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on October 13, 2017. The views of the Commission are contained in USITC Publication 4733 (October 2017), entitled Brass Sheet and Strip from France, Germany, Italy, and Japan: Investigation Nos. 731–TA–313–314, 317, and 379 (Fourth Review).

By order of the Commission.

1 The record is defined in sec. 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

Subsequently, the Commission determined not to review an ID finding respondents PhunkeeDuck, Inc. and Segway in default. Order No. 9 (Sept. 1, 2016) (not reviewed Apr. 3, 2016). The Commission further determined not to review an ID granting complainants’ corrected motion to amend the complaint and notice of investigation to assert the ’763, ’330, and ’872 patents against respondent Jetson Electric Bikes LLC, and to terminate the investigation with respect to all asserted claims of the ’984 patent as to all respondents. Order No. 17 (Nov. 14, 2016) (not reviewed Dec. 7, 2016). The Commission also determined not to review an ID terminating the investigation as to respondent Nanjing Fastwheel Intelligent Technology Co., Ltd. based on a Consent Order Stipulation. Order No. 18 (Nov. 15, 2016) (not reviewed Dec. 7, 2016).

Furthermore, the Commission determined to review an ID terminating respondent Inventist, Inc. in this investigation based on a Consent Order Stipulation and proposed Consent Order. Order No. 25 (Jan. 31, 2017) (Notice of Review issued Feb. 22, 2017 (”Notice of Review”). The Commission requested corrections to be made in the proposed Consent Order. See Notice of Review at 2. The corrected Consent Order was filed with the Commission on February 27, 2017. The Commission determined to affirm Order No. 25, and terminated the investigation as to Inventist and issued a Consent Order on October 12, 2017.

The Commission also determined not to review an ID to terminate this investigation as to Razor USA, LLC based on a Settlement Agreement and Release. Order No. 28 (Mar. 22, 2017) (not reviewed Apr. 24, 2017). Also, the Commission determined not to review an ID granting Complainants’ motion for summary determination concerning the technical prong of the domestic industry requirement with respect to the asserted trademarks. Order No. 32 (Apr. 6, 2017) (not reviewed May 9, 2017). Finally, the Commission determined not to review an ID granting Complainants’ motion to terminate the investigation as to respondent Hovershop for good cause. See Order No. 34 (Apr. 13, 2017) (not reviewed May 15, 2017).

As a result, the following two patents (and 13 claims) and two trademarks remain at issue in this investigation: Claims 1, 3–5, and 7 of the ’230 patent; claims 1–4 and 6 of the ’607 patent; U.S. Trademark Registration No. 2,727,948; and U.S. Trademark Registration No. 2,769,942. The following respondents participated in the evidentiary hearing and remain in the investigation: Airwheel, Chic, Jetson, Powerboard, and Swagway.

The evidentiary hearing on the question of violation of section 337 was held from April 18 through April 21, 2017. The final ID finding in part a violation of section 337 was issued on August 10, 2017. The ALJ issued his recommended determination on remedy, the public interest and bonding on August 22, 2017. The ALJ recommended that if the Commission finds a violation of section 337 in the present investigation, the Commission should: (1) Issue a general exclusion order (”GEO”) covering accused products found to infringe the asserted patents; (2) issue a limited exclusion order (”LEO”) covering accused products found to infringe the asserted patents if the Commission does not issue a GEO; (3) issue an LEO covering accused products found to infringe the asserted trademarks; (4) issue cease and desist orders; and (5) not require a bond during the Presidential review period. RD at 1–2; 18. No public interest statements were filed by the public in this investigation.

All parties to this investigation that participated in the evidentiary hearing (with the exception of respondent Powerboard) filed timely petitions for review of various portions of the final ID. The parties likewise filed timely responses to the petitions.

On September 11, 2017, Complainants filed a ”Request For Acceptance of Memorandum Correcting Misstatements of the Record Found In Respondents Chic’s and Airwheel’s Oppositions and OUII’S Response to Complainant’s Petition For Review” (”Request”). The Commission determined to correct two typographical errors: In the first line of the last paragraph on page 170 “the Swagway trademark” is replaced with “the Segway trademark”; and in the first line on page 171 “’Swagway’” is replaced with “’Segway’”.

The Commission has determined not to review the remainder of the ID.
The parties are requested to brief their positions on only the following issues, with reference to the applicable law and the evidentiary record:

1. The ID determined with respect to the '230 patent that "the claim term 'maximum operating velocity' should be construed to mean 'a variable maximum velocity where adequate acceleration potential is available to enable balance and control of the vehicle.'" ID at 44.
   a. Does intrinsic evidence support the ID's above determination?
   b. Does extrinsic evidence support the ID's above determination?

2. The ID determined with respect to the '230 patent that "nothing in the plain language of the disputed limitation ['the motorized drive arrangement causing, when powered, automatically balanced operation of the system'] from claim 1 of the '230 patent requires the operation by a rider. The claim only requires the 'motorized drive arrangement causing, when powered, automatically balanced operation of the system.'" ID at 82.
   a. Does intrinsic evidence support the ID's above determination?
   b. Does extrinsic evidence support the ID's above determination?

In connection with the final disposition of this investigation, the Commission may (1) issue an order that could result in the exclusion of the subject articles from entry into the United States, and/or (2) issue one or more cease and desist orders that could result in the respondents being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered, including against the defaulted respondents. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or are likely to do so. For background, see Certain Devices for Connecting Computers via Telephone Lines, Inv. No. 337–TA–360, USITC Pub. No. 2843, Comm’n Op. at 7–10 (Dec. 1994).

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) the public health and welfare, (2) competitive orders would have on (1) the public exclusion order and/or cease and desist will consider include the effect that an effects of that remedy upon the public Pub. No. 2843, Comm’n Op. at 7–10.

The submissions should be concise and thoroughly referenced to the record in this investigation. Parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on the issues of remedy, the public interest and bonding. Such submissions should address the recommended determination on remedy, the public interest and bonding issued on August 22, 2017, by the ALJ and the appropriate remedy for the respondents previously found in default. Complainants and the Commission investigative attorney are also requested to submit proposed remedial orders for the Commission’s consideration.

Complainants are further requested to provide the expiration date of the '230 patent, the HTSUS numbers under which the accused articles are imported, and any known importers of the accused products. The written submissions and proposed remedial orders must be filed no later than the close of business on October 30, 2017. Reply submissions must be filed no later than the close of business on November 6, 2017. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above and submit 8 true paper copies to the Office of the Secretary by noon the next day pursuant to section 210.4(f) of the Commission’s Rules of Practice and Procedure (19 CFR 210.4(f)). All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 201.6. Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this investigation may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C.
