SUPPLEMENTARY INFORMATION: OMB Control Number: 3060–0989. Title: Sections 63.01, 63.03, 63.04. Procedures for Applicants Requiring Section 214 Authorization for Domestic Interstate Transmission Lines Acquired Through Corporate Control.

Form Number: N/A. Type of Review: Extension of a currently approved collection. Respondents: Business or other for-profit.

Number of Respondents of Responses: 92 respondents; 92 responses. Estimated Time per Response: 1.5–10 hours.

Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Mandatory. Statutory authority for this collection is contained in 47 U.S.C. 152, 154(i)–(j), 201, 214, and 303(t).

Nature and Extent of Confidentiality: There is no need for confidentiality. The FCC is not requiring applicants to submit confidential information to the Commission. If applicants want to request confidential treatment of the documents they submit to Commission, they may do so under 47 CFR 0.459 of the Commission’s rules.

Needs and Uses: A Report and Order, FCC 02–78, adopted and released in March 2002 (Order), set forth the procedures for common carriers requiring authorization under section 214 of the Communications Act of 1934, as amended, to acquire domestic interstate transmission lines through a transfer of control. Under section 214 of the Act, carriers must obtain FCC approval before constructing, acquiring, or operating an interstate transmission line. Acquisitions involving interstate common carriers require affirmative action by the Commission before the acquisition can occur. This information collection contains filing procedures for domestic transfer of control applications under sections 63.03 and 63.04. The FCC filing fee amount for section 214 applications is currently $1,155 per application, which reflects an increase of the previous fee of $1,050 per application. (a) Sections 63.03 and 63.04 require domestic section 214 applications involving domestic transfers of control, at a minimum, should specify: (1) The name, address and telephone number of each applicant; (2) the government, state, or territory under the laws of which each corporate or partnership applicant is organized; (3) the name, title, post office address, and telephone number of the officer or contact point, such as legal counsel, to whom correspondence concerning the application is to be addressed; (4) the name, address, citizenship and principal business of any person or entity that directly or indirectly owns at least ten percent of the equity of the applicant, and the percentage of equity owned by each of those entities (to the nearest one percent); (5) certification pursuant to 47 CFR 1.2001 that no party to the application is subject to a denial of Federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988; (6) a description of the transaction; (7) a description of the geographic areas in which the transferor and transferee (and their affiliates) offer domestic telecommunications services, and what services are provided in each area; (8) a statement as to how the application fits into one or more of the presumptive streamlined categories in section 63.03 or why it is otherwise appropriate for streamlined treatment; (9) identification of all other Commission applications related to the same transaction; (10) a statement of whether the applicants are requesting special consideration because either party to the transaction is facing imminent business failure; (11) identification of any separately filed waiver request being sought in conjunction with the transaction; and (12) a statement showing how grant of the application will serve the public interest, convenience, and necessity, including any additional information that may be necessary to show the effect of the proposed transaction on competition in domestic markets. Where an applicant wishes to file a joint international section 214 transfer of control application and domestic section 214 transfer of control application, the applicant must submit information that satisfies the requirements of 47 CFR 63.18. In the attachment to the international application, the applicant must submit information described in 47 CFR 63.04(a)(6). When the Commission, acting through the Wireline Competition Bureau, determines that applicants have submitted a complete application qualifying for streamlined treatment, it shall issue a public notice commencing a 30-day review period to consider whether the transaction serves the public interest, convenience and necessity. Parties will have 14 days to

Dated: January 9, 2017.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before March 20, 2017. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION: OMB Control No.: 3060–0881. Title: Section 95.861, Interference. Form No.: N/A. Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities. Number of Respondents and Responses: 175 respondents; 175 responses. Estimated Time per Response: 1 hour. Frequency of Response: Recordkeeping requirement, third party disclosure requirement, and on occasion reporting requirement. Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in 47 U.S.C. 151, 154(i) and 157, as amended. Total Annual Burden: 175 hours. Annual Cost Burden: $43,700. Privacy Act Impact Assessment: No impact(s). Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: The information collection requirements contained in 47 Section 95.861(c) require that licensees in the 218–219 MHz service must provide a copy of its plan to every TV Channel 13 station whose Grade B predicted contour overlaps the licensed service area as required by § 95.815(a) of the Commission’s rules. This plan must include an analysis of the co- and adjacent channel interference potential of proposed systems in the 218–219 MHz service, identify methods being used to minimize interference, and show how the proposed systems will meet the service requirements set forth in § 95.831 of the Commission’s rules. This plan must be sent to the TV Channel 13 licensee(s) within 10 days from the date the 218–219 MHz service licensee submits the plan to the Commission. Updates to this plan must be sent to the TV Channel 13 licensee(s) within 10 days from the date that such updates are filed with the Commission pursuant to § 95.815.

The information collection requirements contained in 47 Section 95.861(e) require that each 218–219 MHz service licensee investigate and eliminate harmful interference to television broadcasting and reception, from its component cell transmitter stations (CTSs) and response transmitter units (RTUs) within 30 days of the time it is notified in writing, by either an affected television station, an affected viewer, or the Commission, of an interference complaint.

This information will be used to monitor the co- and adjacent channel interference potential of proposed systems in the 218–219 MHz service, and to identify methods being used to minimize interference, as well as to show how the proposed systems will meet the service requirements set forth in § 95.831 of the Commission’s rules.
