opportunity to challenge the claim for benefits.

The ID–4E mainframe-generated paper notice, EDI, and Internet versions are transmitted on a daily basis, generally on the same day that the claims are approved for payment.

Railroad employers who are mailed Form ID–4E are instructed to write if they want a reconsideration of the RRB’s determination to pay. Employers who receive the ID–4E electronically, may file a reconsideration request by completing the ID–4E by either EDI or ERS. Completion is voluntary. The RRB proposes to replace using EDI with the use of secure File Transfer Protocol (FTP). The RRB proposes no changes to the other versions of the ID–4E.

**RAILROAD RETIREMENT BOARD**

**Agency Forms Submitted for OMB Review, Request for Comments**

### Summary:

In accordance with the Paperwork Reduction Act of 1995, the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). The RRB invites comments on the proposed collections of information to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

1. **Title and purpose of information collection:** Certification of Termination of Service and Relinquishment of Rights; OMB 3220–0016.

Under Section 2(e)(2) of the Railroad Retirement Act (RRA), an age and service annuity, spouse annuity, or divorced spouse annuity cannot be paid unless the Railroad Retirement Board (RRB) has evidence that the applicant has ceased railroad employment and
relinquished rights to return to the service of a railroad employer. Under Section 2(f)(6) of the RRA, earnings deductions are required for each month an annuitant works in certain non-railroad employment termed Last Pre-Retirement Non-Railroad Employment.

Normally, the employee, spouse, or divorced spouse relinquishes rights and certifies that employment has ended as part of the annuity application process. However, this is not always the case. In limited circumstances, the RRB utilizes Form G–88, Certification of Termination of Service and Relinquishment of Rights, to obtain an applicant’s report of termination of employment and relinquishment of rights. One response is required of each respondent. Completion is required to obtain or retain benefits. Previous Requests for Comments: The RRB has already published the initial 60-day notice (82 FR 37133 on August 8, 2017) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

2. Title and Purpose of information collection: Statement of Authority to Act for Employee; OMB 3220–0034.

Under Section 5(a) of the Railroad Unemployment Insurance Act (RUIA), claims for benefits are to be made in accordance with such regulations as the Railroad Retirement Board (RRB) shall prescribe. The provisions for claiming sickness benefits as provided by Section 2 of the RUIA are prescribed in 20 CFR 335.2. Included in these provisions is the RRB’s acceptance of forms executed by someone else on behalf of an employee if the RRB is satisfied that the employee is sick or injured to the extent of being unable to sign forms.

The RRB utilizes Form SI–10, Statement of Authority to Act for Employee, to provide the means for an individual to apply for authority to act on behalf of an incapacitated employee and also to obtain the information necessary to determine that the delegation should be made. Part I of the form is completed by the applicant for the authority and Part II is completed by the employee’s doctor. One response is requested of each respondent. Completion is required to obtain benefits. Previous Requests for Comments: The RRB has already published the initial 60-day notice (82 FR 37134 on August 8, 2017) required by 44 U.S.C. 3506(c)(2). That request elicited no comments. Information Collection Request (ICR)

3. Title and Purpose of information collection: Employee Non-Covered Service Pension Questionnaire; OMB 3220–0154.

Section 215(a)(7) of the Social Security Act provides for a reduction in social security benefits based on employment not covered under the Social Security Act or the Railroad Retirement Act (RRA). This provision applies a different social security benefit formula to most workers who are first eligible after 1985 to both a pension based in whole or in part on non-covered employment and a social security retirement or disability benefit. There is a guarantee provision that limits the reduction in the social security benefit to one-half of the portion of the pension based on non-covered employment after 1956. Section 8011 of Public Law 100–647 changed the effective date of the onset from the first month of eligibility to the first month of concurrent entitlement to the non-covered service benefit and the RRA benefit.

Section 3(a)(1) of the RRA provides that the Tier I benefit of an employee annuity shall be equal to the amount (before any reduction for age or deduction for work) the employee would receive if entitled to a like benefit under the Social Security Act. The reduction for a non-covered service pension also applies to a Tier I portion of the employee annuity under the RRA when the annuity or non-covered service pension begins after 1985. Since the amount of a spouse’s Tier I benefit is one-half of the employee’s Tier I, the spouse annuity is also affected.

Form G–209, Employee Non-Covered Service Pension Questionnaire, is used by the RRB to obtain needed information (1) from a railroad employee who while completing Form AA–1, Application for Employee
Annuity (OMB No. 3220–0002), indicates entitlement to or receipt of a pension based on employment not covered under the Railroad Retirement Act or the Social Security Act; or (2) from a railroad employee when an independently-entitled divorced spouse applicant believes the employee to be entitled to a non-covered service pension. However, this development is unnecessary if RRB records indicate the employee has 30 or more years of coverage; or (3) from an employee annuitant who becomes entitled to a pension based on employment not covered under the Railroad Retirement Act or the Social Security Act. One response is requested of each respondent. Completion is required to obtain or retain benefits.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (82 FR 37134 on August 8, 2017) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Extension:
Rule 15c1–7, SEC File No. 270–146, OMB Control No.3235–0134

Rule 15c1–7 states that any act of a broker-dealer designed to effect securities transactions with or for a customer account over which the broker-dealer (directly or through an agent or employee) has discretion will be considered a fraudulent, manipulative, or deceptive practice under the federal securities laws, unless a record is made of the transaction immediately by the broker-dealer. The record must include (a) the name of the customer, (b) the name, amount, and price of the security, and (c) the date and time when such transaction took place.

The Commission estimates that 394 respondents collect information related to approximately 400,000 transactions annually under Rule 15c1–7 and that each respondent would spend approximately 5 minutes on the collection of information for each transaction, for approximately 33,338 aggregate hours per year (approximately 84.6 hours per respondent).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
